The Marriage of Heaven and Earth Marlin Watling, 2016-10-07 On the lookout for a mind-blowing new perspective on the nature of God and humanity's place in the world today? Dive into *The Marriage of Heaven and Earth*, and enter the mind of a veritable rock star of contemporary theology-N. T. Wright. Marlin Watling takes abstract and complex ideas and grounds them in simple terms through his unique combination of readable summaries and fifty accompanying illustrations. He distills a lifetime of complex theological analysis and data into easy-to-consume sketches with explanations to provide one thing: universal access to a brilliant mind. Watling's guide comprises four parts: An introduction to N. T. Wright • Summaries of Wright's four key concepts • Wright's proposal of a new worldview • An overview of humanity's mission, with an eye toward the end times Following in the footsteps of reformer Martin Luther, N. T. Wright makes the old story new again with his paradigm-shifting worldview. And in *The Marriage of Heaven and Earth*, Watling does something equally novel. He enters the ivory tower, strips away the pomp and ceremony of untouchable academia, and presents to believers of all interest levels Wright's theology as it's truly meant to be: easy to understand and full of grace.

Facts of Consciousness Johann Fichte, 2017-11-06 *Facts of Consciousness* (German: *Die Thatsachen des Bewusstseins*) by Johann Gottlieb Fichte was originally published in 1817, and translated into English by Adolph Ernst Kroeger in 1868. The pathway from the world of sense to the world above sense is laid by the experimental knowledge of the human mind. The Facts of Consciousness must be investigated, for they are the measure of the true essence of the soul. These facts of consciousness are not, however, those of the ordinary psychologist. We must take the mind of humanity at large, in the fullness of its ideal life (theoretical, artistic, ethical, and religious), and in the might of its preternatural activity, as the real starting-point. In addition to this, we must weigh carefully even those facts which are rare and exceptional. These spring from a source lying within the region of preconsciousness. For the soul is preconscious and preexistent.
