**The Queen Pedauque** Anatole France, 2015-10-25 I intend to give an account of some odd occurrences in my life. Some have been exquisite, some queer Recollecting them, I am myself in doubt if I have not dreamed them. I have known a Gascon cabalist, of whom I could not say that he was wise, because he perished miserably, but he delivered sublime discourses to me, on a certain night on the Isle of Swans, speeches [Footnote: The original manuscript, written in a fine hand, of the eighteenth century, bears the sub-heading Vie et Opinions de M. l'AbbŽ JŽrme Coignard I was happy enough to keep in my memory, and careful enough to put into writing. Those speeches referred to magic and to occult sciences, with which people were very much infatuated in my days. Everyone speaks of naught else but Rosicrucian mysteries.[Footnote: This writing dates from the second half of the eighteenth century. Besides I do not myself expect to gain great honour by these revelations. Some will say that everything is of my own invention, and that it is not the true doctrine, others that I only said what one had already known. I own that I am not very learned in cabalistic lore, my master having perished at the beginning of my initiation. But, little as I have learned of his craft, it makes me vehemently suspect that all of it is illusion, deception and vanity. I think it quite sufficient to repudiate magic with all my strength, because it is contrary to religion. But still I believe myself to be obliged to explain concerning one point of this false science, so that none may judge me to be more ignorant than I really am. I know that cabalists generally think that Sylphs, Salamanders, Elves, Gnomes and Gnomides are born with a soul perishable like their bodies and that they acquire immortality by intercourse with the magicians. [Footnote: This opinion is especially supported in a little book of the AbbŽ Montfaucon de Villars, Le Comte de Gabalis au Entretiens sur les sciences secrètes et mystŽrieuses suivant les principes des anciens mages ou sages cabbalistes, of which several editions are extant. I only mention the one published at Amsterdam (Jacques Le Jeune, 1700, 18mo, with engravings), which contains a second part not included in the original edition On the contrary my cabalist taught me that eternal life does not fall to the lot of any creature, earthly or aerial. I follow his sentiment without presuming myself to judge it.

The Diary of Samuel Pepys, Vol. 1 Samuel Pepys,William G. Matthews,1970-07 The 1660s represent a turning point in English history, and for the main events - the Restoration, the Dutch War, the Great Plague, the Fire of London - Pepys provides a definitive eyewitness account. Along with lively descriptions of his socializing, his amorous entanglements, his theater-going & music-making. Unequaled for its frankness, high spirits & sharp observations, the diary is both a literary masterpiece & a marvelous portrait of 17th-century life.
