A Gravity's Rainbow Companion Steven C. Weisenburger, 2011-03-15 Adding some 20 percent to the original content, this is a completely updated edition of Steven Weisenburger's indispensable guide to Thomas Pynchon's *Gravity's Rainbow*. Weisenburger takes the reader page by page, often line by line, through the welter of historical references, scientific data, cultural fragments, anthropological research, jokes, and puns around which Pynchon wove his story. Weisenburger fully annotates Pynchon's use of languages ranging from Russian and Hebrew to such subdialects of English as 1940s street talk, drug lingo, and military slang as well as the more obscure terminology of black magic, Rosicrucianism, and Pavlovian psychology. The Companion also reveals the underlying organization of *Gravity's Rainbow*--how the book's myriad references form patterns of meaning and structure that have eluded both admirers and critics of the novel. The Companion is keyed to the pages of the principal American editions of *Gravity's Rainbow*: Viking/Penguin (1973), Bantam (1974), and the special, repaginated Penguin paperback (2000) honoring the novel as one of twenty Great Books of the Twentieth Century.

Chicana Movidas Dionne Espinoza, María Eugenia Coterá, Maylei Blackwell, 2018-06-01 With contributions from a wide array of scholars and activists, including leading Chicana feminists from the period, this groundbreaking anthology is the first collection of scholarly essays and testimonios that focuses on Chicana organizing, activism, and leadership in the movement years. The essays in *Chicana Movidas: New Narratives of Activism and Feminism in the Movement Era* demonstrate how Chicanas enacted a new kind of politics at the intersection of race, class, gender, and sexuality, and developed innovative concepts, tactics, and methodologies that in turn generated new theories, art forms, organizational spaces, and strategies of alliance. These are the technologies of resistance documented in *Chicana Movidas*, a volume that brings together critical biographies of Chicana activists and their bodies of work; essays that focus on understudied organizations, mobilizations, regions, and subjects; examinations of emergent Chicana archives and the politics of collection; and scholarly approaches that challenge the temporal, political, heteronormative, and spatial limits of established Chicano movement narratives. Charting the rise of a field of knowledge that crosses the boundaries of Chicano studies, feminist theory, and queer theory, *Chicana Movidas: New Narratives of Activism and Feminism in the Movement Era* offers a transgenerational perspective on the intellectual and political legacies of early Chicana feminism.

I Heart Design Steven Heller, 2011-03-01 *I Heart Design* is a collection of "favorite" designs as selected by 80 prominent graphic designers, typographers, teachers, scholars, writers and design impresarios. Designers have preferences, like modern over postmodern, serif over sans serif, decorative over minimal, but designers could not be engaged in design practice if they did not love design. The reasons for such a charged emotion varies from individual to individual, but there are certain commonalities regarding form, function, outcome, and more. Design triggers something in all of us that may be solely aesthetic or decidedly content-driven, but in the final analysis, we are drawn to it through the heart. Designs featured include the iconic CBS eye, the stark Kodak identity, the Coca-Cola bottle, and, of course, The Rolling Stones' *Sticky Fingers* album cover.

Creating Africa in America Jacqueline Copeland-Carson, 2012-03-13 With a booming economy that afforded numerous opportunities for immigrants throughout the 1990s, the Twin Cities area has attracted people of African descent from throughout the United States and the world and is fast becoming a transnational metropolis. Minnesota's largest urban area, the region now also has the country's most diverse black population. A closely drawn ethnography, *Creating Africa in America: Translocal Identity in an Emerging World City* seeks to understand and evaluate the process of identity formation in the context of globalization in a way that is also site specific. Bringing to this study a rich and interesting professional history and expertise,

Jacqueline Copeland-Carson focuses on a Minneapolis-based nonprofit, the Cultural Wellness Center, which combines different ethnic approaches to bodily health and community well-being as the basis for a shared, translocal African culture. The book explores how the body can become a surrogate locus for identity, thus displacing territory as the key referent for organizing and experiencing African diasporan diversity. Showing how alternatives are created to mainstream majority and Afrocentric approaches to identity, she addresses the way that bridges can be built in the African diaspora among different African immigrant, African American, and other groups. As this thoughtful and compassionate ethnographic study shows, the fact that there is no simple and concrete way to define how one can be African in contemporary America reflects the tangled nature of cultural processes and social relations at large. Copeland-Carson demonstrates the cultural creativity and social dexterity of people living in an urban setting, and suggests that anthropologists give more attention to the role of the nonprofit sector as a forum for creating community and identity throughout African diasporan history in the United States.

MiniEco Kate Lilley,2013 MiniEco is the sensational craft blog of Kate Lilley. With over 250,000 followers it has taken on cult status in the international craft community, and that is purely down to Kates fresh, contemporary and beautifully explained and executed craft projects. With a book for children already under her belt, this publication focuses more on adults with 33 pieces including paper gems, an origami lampshade, macrame hangings, pop-up pixel cards, hama bead candle holders, and tie-dyed furoshiki cloths. The ideas range in complexity from the simple to the advanced, but each one is totally unique and has never before been published. The look of the book will reflect the immaculate, Japanese-inflected minimalism of the MiniEco website, with some high-end production finishes including a die-cut, dust-jacketed paperback binding and boldly pared-back photography. QR codes will link to animated gifs of the craft being made.
