Reusability of Facemasks During an Influenza Pandemic Institute of Medicine,Board on Health Sciences Policy,Committee on the Development of Reusable Facemasks for Use During an Influenza Pandemic,2006-08-24 Any strategy to cope with an influenza pandemic must be based on the knowledge and tools that are available at the time an epidemic may occur. In the near term, when we lack an adequate supply of vaccine and antiviral medication, strategies that rely on social distancing and physical barriers will be relatively more prominent as means to prevent spread of disease. The use of respirators and facemasks is one key part of a larger strategy to establish barriers and increase distance between infected and uninfected individuals. Respirators and facemasks may have a role in both clinical care and community settings. Reusability of Facemasks During an Influenza Pandemic: Facing the Flu answers a specific question about the role of respirators and facemasks to reduce the spread of flu: Can respirators and facemasks that are designed to be disposable be reused safely and effectively? The committee-assisted by outstanding staff-worked intensively to review the pertinent literature; consult with manufacturers, researchers, and medical specialists; and apply their expert judgment. This report offers findings and recommendations based on the evidence, pointing to actions that are appropriate now and to lines of research that can better inform future decisions.

Incantations Ambar Past, 2014-01-01 This book of poems and stark, vivid illustrations is rooted in the female soul of indigenous Mexico. The Tzotzil women of the Chiapas Highlands are the poets and the artists. Ambar Past, who collected the poems and drawings, includes a moving essay about their poetics, beliefs, and history. In the 1970s, living among the Maya, Past watched the people endure as an epidemic swept through a village. No help came. Many children died. One mother offered her dead child a last sip of Coca-Cola and uttered a prayer: Take this sweet dew from the earth, take this honey. It will help you on your way. It will give you strength on your path. Incantations like this—poems about birth, love, hate, sex, despair, and death—coupled with primitive illustrations, provide a compelling insight into the psychology of these Mayan women poets. The Cinco Puntos edition of *Incantations* is a facsimile of the original handmade edition produced by the Taller Leñateros. It was reviewed in *The New York Times*. At the age of twenty-three, Ambar Past left the United States for Mexico. She lived among the Mayan people, teaching the techniques of native dyes and learning to speak Tzotzil. She is the creator of the graphic arts collective Taller Leñateros in Chiapas and was a founding member of Sna Jolobil, a weaving cooperative for Mayan artisans.
