"In Munro's hands, as in Chekhov's, a short story is more than big enough to hold the world—and to astonish us again and again." —Chicago Tribune In an unbroken procession of brilliant, revelatory short stories, Alice Munro has unfolded the wordless secrets that lie at the heart of all human experience. She has won three Governor General's Literary Awards in her native Canada, as well as the National Book Critics Circle Award. Vintage Munro includes stories from throughout her career: The title stories from her collections *The Moons of Jupiter*; *The Progress of Love*; *Hateship, Friendship, Courtship, Loveship, Marriage*; "Differently," from *Selected Stories*, and "Carried Away," from *Open Secrets*.

The Boys Ron Howard,Clint Howard,2021-10-12 INSTANT NEW YORK TIMES BESTSELLER "This extraordinary book is not only a chronicle of Ron's and Clint's early careers and their wild adventures, but also a primer on so many topics—how an actor prepares, how to survive as a kid working in Hollywood, and how to be the best parents in the world! The Boys will surprise every reader with its humanity." — Tom Hanks I have read dozens of Hollywood memoirs. But *The Boys* stands alone. A delightful, warm and fascinating story of a good life in show business." — Malcolm Gladwell Happy Days, The Andy Griffith Show, Gentle Ben—these shows captivated millions of TV viewers in the '60s and '70s. Join award-winning filmmaker Ron Howard and audience-favorite actor Clint Howard as they frankly and fondly share their unusual family story of navigating and surviving life as sibling child actors. "What was it like to grow up on TV?" Ron Howard has been asked this question throughout his adult life. In *The Boys*, he and his younger brother, Clint, examine their childhoods in detail for the first time. For Ron, playing Opie on *The Andy Griffith Show* and Richie Cunningham on *Happy Days* offered fame, joy, and opportunity—but also invited stress and bullying. For Clint, a fast start on such programs as *Gentle Ben* and *Star Trek* petered out in adolescence, with some tough consequences and lessons. With the perspective of time and success—Ron as a filmmaker, producer, and Hollywood A-lister, Clint as a busy character actor—the Howard brothers delve deep into an upbringing that seemed normal to them yet was anything but. Their Midwestern parents, Rance and Jean, moved to California to pursue their own showbiz dreams. But it was their young sons who found steady employment as actors. Rance put aside his ego and ambition to become Ron and Clint's teacher, sage, and moral compass. Jean became their loving protector—sometimes over-protector—from the snares and traps of Hollywood. By turns

confessional, nostalgic, heartwarming, and harrowing, *THE BOYS* is a dual narrative that lifts the lid on the Howard brothers' closely held lives. It's the journey of a tight four-person family unit that held fast in an unforgiving business and of two brothers who survived "child-actor syndrome" to become fulfilled adults.

Living Life Consciously Lana Tracy Lewis, 2009-03 *Living Life Consciously* *Living Life Consciously* shares with you, your soul purpose, soul lesson and life lesson, each components of what constitutes your purpose in life. It reflects on your gifts and lessons, and how to actively and consciously implement them in your life in order to experience personal and spiritual enlightenment. As the ego and the soul come face to face on this earth plane, they become intertwined, and must learn to experience life holistically and from a common viewpoint. Thus begins the battle for both personal and soul growth. As you learn to love, appreciate and acknowledge every facet of who you are, you begin to experience your absolute potential through your innate power and uniqueness, which brings fulfillment, happiness and inner contentment. Together, the ego and the soul dance symbiotically to the rhythm of life. *Living Life Consciously* assists you to expand your awareness and thus encounter the blessings that life has to offer. Instead of battling to swim upstream you learn how to consciously manoeuvre your way downstream, going with the flow of life, rather than against it. You will learn how to interact with others and the dynamics of your relationships that either help or hinder you in your development towards self-growth and self-acceptance. *Living Life Consciously* teaches you that your purpose in life is not only to share your unique talents and abilities with others, but more importantly how to use your strengths to develop and embrace those aspects of yourself that you reject, thereby creating a 'whole' individual. Ultimately the ego and the soul are transformed and unite through the knowledge that they are inextricably interconnected. Together they create a harmonious, creative and constructive foundation needed to experience the joy and abundance

From Cave Man to Cave Martian Manfred "Dutch" von Ehrenfried, 2019-04-05 This book explores the practicality of using the existing subsurface geology on the Moon and Mars for protection against radiation, thermal extremes, micrometeorites and dust storms rather than building surface habitats at great expense at least for those first few missions. It encourages NASA to plan a precursor mission using this concept and employ a "Short Stay" Opposition Class mission to Mars as the first mission rather than the "Long Stay" concept requiring a mission that is too long, too dangerous and too costly for man's first missions to Mars. Included in these pages is a short history on the uses of caves by early humans over great periods of time. It then describes the ongoing efforts to research caves, pits, tunnels, lava tubes, skylights and the associated technologies that pertain to potential lunar and Mars exploration and habitation. It describes evidence for existing caves and lava tubes on both the Moon and Mars. The work of noted scientists, technologists and roboticists are referenced and described. This ongoing work is more extensive than one would think and is directly applicable to longer term habitation and exploration of the Moon and Mars. Emphasis is also given to the operational aspects of working and living in lunar and Martian caves and lava tubes.

The Mamba Mentality Kobe Bryant, 2018-10-23 *The Mamba Mentality: How I Play* is Kobe Bryant's personal perspective of his life and career on the basketball court and his exceptional, insightful style of playing the game—a fitting legacy from the late Los Angeles Laker superstar. In the wake of his retirement from professional basketball, Kobe "The Black Mamba" Bryant decided to share his vast knowledge and understanding of the game to take readers on an unprecedented journey to the core of the legendary "Mamba mentality." Citing an obligation and an opportunity to teach young players, hardcore fans, and devoted students of the game how to play it "the right way," *The Mamba Mentality* takes us inside the mind of one of the most intelligent, analytical, and creative basketball players ever. In his own words, Bryant reveals his famously detailed approach and the steps he took to prepare mentally and physically to not just succeed at the game, but to excel. Readers will learn how Bryant studied an opponent, how he channeled his passion for the game, how he played through injuries. They'll also get fascinating granular detail as he breaks down specific plays and match-ups from throughout his career. Bryant's detailed accounts are paired with stunning photographs by the Hall of Fame photographer Andrew D. Bernstein. Bernstein, long the Lakers and NBA official photographer, captured Bryant's very first NBA photo in 1996 and his last in 2016—and hundreds of thousands in between, the record of a unique, twenty-year relationship between one athlete and one photographer. The combination of Bryant's narrative and Bernstein's photos make *The Mamba Mentality* an unprecedented look behind the curtain at the career of one of the world's most celebrated and fascinating athletes.
