**Conquer the Crash** Robert R. Prechter, Jr.,2009-11-20 Today's financial and economic tribulations were a long time in the making. Many people ask, Why didn't someone see it coming? A New York Times bestselling book did see it coming. Over 100,000 people read it in time to protect their wealth. The book foresaw and explained the collapse in home prices, plunge in stocks, subprime debacle, liquidity crisis, the demise of Fannie and Freddie, the Federal Reserve's failure to turn the trend, and lots more. The book was Robert Prechter's Conquer the Crash, published in early 2002, when the Dow was above 10,000 and the financial world was partying around-the-clock. Fast forward to today: the average U.S. homeowner has suffered a decline of 30% to 40% in property value. Stocks and commodities had their biggest fall since 1929-1932. Fannie Mae is a zombie corporation under the government's protection. The Fed has pushed every button at its disposal (and then some), to no avail. If Prechter thought a whole new book would help, he'd have written one. But Conquer the Crash is a book-length forecast that's still coming true -- only some of the future has caught up with the specific predictions he published back then. There is much more to come. That means more danger, but also great opportunity. Conquer the Crash, 2nd edition offers you 188 new pages of vital information (480 pages total) plus all the original forecasts and recommendations that make the book more compelling and relevant than the day it published. In every disaster, only a very few people prepare themselves beforehand. Think about investor enthusiasm in 2005-2008, and you'll realize it's true. Even fewer people will be ready for the soon-approaching, next leg down of the unfolding depression. In this 2nd edition, Prechter gives a warning he's never had to include in 30 years of publishing -- namely, that the doors to financial safety are closing all over the world. In other words, prudent people need to act while they can. Conquer the Crash, 2nd Edition readers will receive exclusive online access to the Conquer the Crash Readers Page, where Prechter continually updates the book's recommended services and institutions.

The Return of the Mother Andrew Harvey,2013-08-20 Adapted from a series of lectures on the historical basis and current resurgence of the sacred feminine, given by Andrew Harvey at the California Institute of Integral Studies in Spring 1994, *The Return of the Mother* is a profound journey into the heart of the Divine Mother. In this comprehensive and groundbreaking work, mystical scholar Andrew Harvey unearths traces of the sacred feminine in major world religions—Hinduism, Islam (Sufism), Buddhism, Taoism, and Christianity—and in aboriginal and indigenous wisdom traditions. Harvey presents a scathing critique of the patriarchal distortions in religious history and doctrine that have obscured full knowledge of the Divine Mother, and shows how to reintegrate this vital aspect into the spiritual consciousness of humankind. *The Return of the Mother* offers a radical new perspective, balancing the historical overemphasis on transcendence by honoring the immanence of the divine in passionate engagement in the world. Only by cultivating a direct, respectful relationship with the transformative power of the sacred feminine can we alter our disastrous attitude of dissociation from nature, the body, sexuality, and the details of human life, and generate the energy and compassion needed to reverse the course of destruction we have set the planet—and all of life—hurtling toward. In lively question-and-answer sections, Harvey further illuminates these vital issues and takes a strong stand against our dependence on “gurus” and “masters,” proposing instead an egalitarian model of spiritual community based on intimate groups of mutually supportive guides and friends. *The Return of the Mother* is an eloquent and passionate call for all of us to rediscover and reclaim an authentic and empowering relationship to the divine, and recreate a sacred life-in-the-world.
