multigenerational retelling of a Japanese legend.

Anti-nuclear Protest in Post-Fukushima Tokyo Alexander

James Brown, 2018-04-19 This book explores the politics of anti-nuclear activism in Tokyo after the Fukushima nuclear disaster of March 2011. Analyzing the protests in the context of a longer history of citizen activism in Tokyo, it also situates the movement within the framework of a global struggle for democracy, from the Arab Spring to Occupy Wall Street. By examining the anti-nuclear movement at both urban and transnational scales, the book also reveals the complex geography of today's globally connected social movements. It emphasizes the contestation of urban space by anti-nuclear activists in Tokyo and the weaving together of urban and cyber space in their praxis. By focusing on the cultural life of the movement—from its characteristic demonstration style to its blogs, zines and pamphlets—this book communicates activists' voices in their own words. Based on excellent ethnographic research, it concludes that the anti-nuclear protests in Tokyo after the Fukushima disaster have redefined social movement politics for a new era. Providing an analysis of a unique period in Japan's

contemporary urban history from the perspective of eyewitness observations, this book will be useful to students and scholars of Japanese Politics, Sociology and Japanese Studies in general.

The Melancholy of Haruhi Suzumiya, Vol. 3 (Manga) Nagaru Tanigawa,2011-11-18 The SOS Brigade gets browbeaten into entering a baseball tournament to help their fearless leader stave off boredom. But despite the Brigade's clear lack of skill Haruhi has no intention of losing...and she's ready to pitch a fit if her team doesn't step up to the plate!

No Matter How I Look at It, It's You Guys' Fault I'm Not Popular!, Vol. 17 Nico Tanigawa,2020-12-15 Tomoko's suspension is finally over, and all her friends are waiting! With the final summer vacation of high school just around the corner, she's determined to spend it studying to get into Aogaku, the same college as Katou...but before that, it wouldn't hurt to hit the arcade, would it?

The Dutch Language in Japan (1600-1900) Christopher Joby,2020-12-29 In The Dutch Language in Japan (1600-1900) Christopher Joby offers the first book-length account of the knowledge and use of the Dutch language in Tokugawa and early Meiji Japan, which had a profound effect on Japan's language, society and culture.

*An Introduction to Japanese Folk Performing Arts* Terence

Lancashire, 2011 Japanese folk performing arts incorporate a body of entertainments that range from the ritual to the secular. They may be the ritual dances at Shinto shrines performed to summon and entertain deities; group dances to drive away disease-bearing spirits; or theatrical mime to portray the tenets of Buddhist teachings. Terence Lancashire provides a valuable introductory guide to the major performance types as understood by Japanese scholars.

**Japan and the Culture of the Four Seasons** Haruo

Shirane, 2011-08-09 Elegant representations of nature, explicitly the four seasons, fill a wide range of Japanese genres and media, from poetry and screen painting to tea ceremony, flower arrangement, and annual observances. Haruo Shirane shows how, when, and why this first occurred and explicates the richly encoded meanings these representations embodied.

Precarious Youth in Contemporary Graphic Narratives María

Porras Sánchez, Gerardo Vilches, 2022-09-26 This volume explores comics as examples of moral outrage in the face of a reality in which precariousness has become an inherent part of young lives. Taking a thematic approach, the chapters devote attention to the

expression and representation of precarious subjectivities, as well as to the economic and professional precarity that characterizes comics creation and production. An international team of authors, young and senior systematically examines the representation of precarious youth in graphic fiction and autobiographic comics, superheroes and precarity, market issues and spaces of activism and vulnerability. With this structure, the book offers a global perspective and comprehensive coverage of different aspects of a complex and multifaceted field of knowledge, with a special attention to minorities and liminal subjects. The comics analyzed function as examples of ethical solicitation that bear witness of the precarious existence younger generations endure, while at the same time creating images that voice their outrage and might move readers to act. This timely and truly interdisciplinary volume will appeal to comics scholars and researchers in the areas of media and cultural studies, modern languages, education, art and design, communication studies, sociology, medical humanities and more.

#### **Art and Palace Politics in Early Modern Japan, 1580s-1680s**

Elizabeth Lillehoj, 2011-09-09 Magnificent art and architecture created for the emperor with the financial support of powerful warlords at the beginning of Japan's early modern era

(1580s-1680s) testify to the continued cultural and ideological significance of the imperial family. Works created in this context are discussed in this groundbreaking study, with over 100 illustrations in color.

Community Responses to Disasters in the Pacific Rim Shu-Mei Huang, Elizabeth Maly, 2023-12-15 Community Responses to Disasters in the Pacific Rim presents different aspects of place-making in displacement in the Pacific Rim region. It focuses focus on how people respond and readjust to changes and captures the long-term community development outcomes and the critical moments that facilitate this development. Interdisciplinary and using diverse research approaches, the book includes contributions by authors from a variety of disciplines across disaster research, sociology, urban planning, architecture, anthropology, earth science, and education. Mixed methods are adopted to carry out the research projects that ground this volume, including qualitative research for social scientific research, ethnographic methods and more importantly, Participatory Action Research (PAR) is also included by authors who have a background in design professions and a few indigenous scholars who are themselves survivors of disasters. The chapters are structured in the following five thematic

sections: 1. Learning as place-making in displacement 2. Gender and place-making in response to displacement 3. Community resilience in keeping indigenous sense of place 4. Community (Re)building in displacement 5. Transnational Place-making: Talk to the Actor. Understanding how affected communities are recovering from their own perspectives, this book will be of interest to academics in the fields of area studies, political science, disaster planning and human geography.

*The Rough Guide to Japan* Jan Dodd, Simon

Richmond, 2011-02-01 Perfectly navigate one of the world's most fascinating countries with the award-winning Rough Guide to Japan. This opinionated guide is packed with essential information on everything from the latest and best places to sleep, eat, party and shop to pointers on etiquette and sustainable travel. All the major and many off the beaten track sights are covered including tropical dives in Okinawa, mountain traverses across the Japan Alps and contemporary art exhibits on islands in the Inland Sea. Different sections introduce Japan's delicious regional cuisines, its dynamic pop culture including manga and anime, and its rich variety of festivals. Gain a richer understanding of the country through chapters on Japan's history, religions, arts, movies and

music plus coverage of pressing environmental issues. There are maps of all the main tourist destinations, together with separate diagrams of Tokyo and Osaka's train and subway systems.

**Chado the Way of Tea** Sasaki Sanmi, 2011-10-18 **Chado the Way of Tea: A Japanese Tea Master's Almanac** is a translation of the Japanese classic *Sado-saiki*, first published in 1960. Covering tea-related events in Japan throughout the year, Master Sasaki provides vignettes of festivals and formal occasions, and as well as the traditional contemplative poetry that is a part of the tea ceremony. Each chapter covers variations in the tea ceremony appropriate for a single month, including: Themes and sentiments—tea gatherings at night, under the moon, on snowy days, and many others. Special events—describing major tea festivals such as Hina-matsuri and yasurai-matsuri. Flowers with tea—a list of 250 flowers, divided by season with an explanation of how they are incorporated into the tea ceremony.

Cakes—descriptions and ingredients of moist and dry cakes and toffees used in the tea ceremony. Meals for tea—the meal, *kaiseki*, accounts for almost a third of any formal tea ceremony. This section includes at least two proven menus for each month.

Words—seasonal words, poetic names for utensils, and nature

words used in the tea ceremony. The book also includes reproductions of almost 100 Japanese paintings produced by the famous tea practitioner Hara Sankei, with over 1,000 Japanese poems, and a glossary of over 500 specialized terms related to the tea ceremony.

### The History of Modern Astronomy in Japan Tomokazu

Kogure, 2021-03-29 This book considers the history of modern astronomy and astrophysics in Japan by comparing with the development of astrophysics in western countries. Astrophysics essentially arose in three separate fields: astronomical spectroscopy, stellar structure, and survey of celestial objects. This book introduces readers to the state of astronomy back to the Tokugawa era (18th – 19th centuries), when the chief task of astronomers was limited to the calendar making. With the so-called Meiji revolution (1868), the situation drastically changed. The Meiji Government promoted the modernization of Japan by hiring numbers of foreign instructors in political, social, and cultural affairs, including Construction of Observatory and University. Then the foreign studies of Japanese researchers lasted for many years. After the Second World War, Japan experienced great social and economical growth allowing the constructions of large optical, radio,

and space instruments. With this background astrophysics progressed and eventually flourished. The book ends by highlighting Japanese contributions to international collaboration up to the early 21st century. Readers of this book will understand how astrophysics has grown into one of the major sciences in Japan, and how the works of individual astronomers are contributing to the global advancement of knowledge of the universe.

DK Eyewitness Travel Guide: Japan John Benson, 2011-04-01

The DK Eyewitness Travel Guide to Japan will lead you straight to the best attractions Japan has to offer, with over 1000 detailed maps of Japan, stunning colour photographs and illustrations. You'll find detailed background information on the best things to do in Japan region by region; from exploring the bustling streets of Tokyo to climbing Mount Fuji. Packed with cutaways and floor plans of all Japan's major sights, as well as 3D aerial views of stunning shrines and street-by-street maps of Japan's most exciting neighbourhoods. Fully updated and expanded, features include everything from a visual guide to Japan's traditional arts and crafts, to Japan's amazing history and cuisine. The DK Eyewitness Travel Guide Japan includes a comprehensive list of hotel reviews, recommended restaurants and first-class tips for

shopping and entertainment, whatever your budget. Don't miss a thing with the DK Eyewitness Guide to Japan.

**Be More Japan DK Eyewitness**, 2019-07-30 **Be More Japan** is a celebration of all things Japanese - from the country's fascinating, ancient traditions to its unique and influential modern culture. Blending both travel information and cultural insights into a single book, **Be More Japan** helps you understand and experience the best of Japan, both at home and abroad. Beginning with an overview of the four seasons - a key theme in Japanese culture - you'll learn about the festivals, food, fashion and flowers that change throughout the year and make this country so full of fun and variety. Then dive into the captivating culture of Japan, with topics such as art, music, food, wellness and spirituality all split into separate sections to help you pinpoint the areas that interest you. Learn about the traditional skills of the tea ceremony and calligraphy, and where you can go to see and practice them yourself. Find out more about the country's most popular sports and where to catch a game of baseball or see a martial arts exposition. For pop culture fans, there are dedicated sections on J-Pop, anime and video games, with plenty of information on the best places to enjoy them in Japan. And if you want to get a feel

for modern Japanese lifestyle, you'll find enough details on topics such as transportation, karaoke, ikigai, shopping and hot springs to help you make the most of even a short trip to Japan. You can pick and choose what interests you to plan your perfect trip, or explore a bit of everything to get a sense of the essentials of Japanese life and culture. And for those who can't make the trip to Japan, or who want to carry on the experience when they return, there are tips and suggestions for how to bring Japanese culture to you, and places where you can see its influence around the world.

,2011-10-31 This is a recipe application which can teach you make as many as 110 basic Japanese home cooking,including the most popular Japanese meal for non-Japanese like Sushi,Tempura ...and more!This application supports in English and Japanese.You can choose either English or Japanese with just one touch.Classification by ingredient allows you to find the recipe what you want easily.And this application also contains explanation of an annual events in Japan.  
  
  

**Celebration** Mark McWilliams,2012-07-01 Essays on Food and Celebration from the 2011 Oxford Symposium on Food and Cookery. The 2011 meeting marked the thirtieth year of the Symposium.

**Chase's Calendar of Events, 2011 Edition** Editors of Chase's Calendar of Events,2010-10-18 Chase's Calendar of Events is the most comprehensive and authoritative reference available in the world on special days, weeks, and months. Indispensable CD-ROM holds all the book's 12,500 entries. Unique reference in the marketplace acclaimed by the Wall Street Journal, Library Journal, Christian Science Monitor, Los Angeles Times, and the Washington Post.

*Stories from a Tearoom Window* Shigernori Chikamatsu,2011-12-20 The Japanese tea ceremony blends art with nature and has for centuries brought harmony to the daily life of its practitioners. *Stories From a Tearoom Window* is a timeless collection of tales of the ancient tea sages, compiled in the eighteenth century. Both longtime adherents and newcomers to the tea ceremony will be fascinated by these legends, anecdotes, bits of lore and history that so aptly express the essence of tea. Many of these stories center around the lives of the great tea masters.

First among them is Sen no Rikyu, who perfected the tea ceremony and embodies its poise, modesty and refinement. Among the famous tales recounted here are those of Rikyu's morning glory tea ceremony and of his tragic death. Darker presences of the great warlords Nobunaga and Hideyoshi, who sponsored and also abused Rikyu, are manifest as well. Holding to the tea ceremony's core ideal of natural simplicity, author Shigenori Chikamatsu brings to the page stories which touch on the related arts of ceramics, poetry, Zen, calligraphy, and the origins of everyday items of Japanese life such as the cotton tabi split-toed socks and the bento lunchbox. Chapters include: Tearooms in the Old Days Flowers in the Tea Garden The Origins of Tea Iori's Tea Scoop Famous Lacquerers The Legacy of Rikyu's House The Tea Ceremony for Warriors

*Sacred High City, Sacred Low City* Steven Heine, 2011-10-13

In *Sacred High City, Sacred Low City*, Steven Heine argues that lived religion in Japan functions as an integral part of daily life; any apparent lack of interest masks a fundamental commitment to participating regularly in diverse, though diffused, religious practices. The book uses case studies of religious sites at two representative but contrasting Tokyo neighborhoods as a basis for

reflecting on this apparently contradictory quality. In what ways does Japan continue to carry on and adapt tradition, and to what extent has modern secular society lost touch with the traditional elements of religion? Or does Japanese religiosity reflect another, possibly postmodern, alternative beyond the dichotomy of sacred and secular, in which religious differences as well as a seeming indifference to religion are encompassed as part of a contemporary lifestyle?

This book delves into 2011 Star Festival Orihime Hikoboshi. 2011 Star Festival Orihime Hikoboshi is a vital topic that must be grasped by everyone, from students and scholars to the general public. The book will furnish comprehensive and in-depth insights into 2011 Star Festival Orihime Hikoboshi, encompassing both the fundamentals and more intricate discussions.

1. This book is structured into several chapters, namely:
  - Chapter 1: Introduction to 2011 Star Festival Orihime Hikoboshi
  - Chapter 2: Essential Elements of 2011 Star Festival Orihime Hikoboshi

- Chapter 3: 2011 Star Festival Orihime Hikoboshi in Everyday Life
- Chapter 4: 2011 Star Festival Orihime Hikoboshi in Specific Contexts
- Chapter 5: Conclusion

2. In chapter 1, the author will provide an overview of 2011 Star Festival Orihime Hikoboshi. The first chapter will explore what 2011 Star Festival Orihime Hikoboshi is, why 2011 Star Festival Orihime Hikoboshi is vital, and how to effectively learn about 2011 Star Festival Orihime Hikoboshi.
3. In chapter 2, this book will delve into the foundational concepts of 2011 Star Festival Orihime Hikoboshi. This chapter will elucidate the essential principles that must be understood to grasp 2011 Star Festival Orihime Hikoboshi in its entirety.
4. In chapter 3, this book will examine the practical applications of 2011 Star Festival Orihime Hikoboshi in daily life. The third chapter will showcase real-world examples of how 2011 Star Festival Orihime Hikoboshi can be effectively utilized in everyday scenarios.
5. In chapter 4, this book will scrutinize the relevance of 2011 Star Festival Orihime Hikoboshi in specific contexts. The fourth chapter will explore how 2011 Star Festival Orihime Hikoboshi is applied in

specialized fields, such as education, business, and technology.

6. In chapter 5, this book will draw a conclusion about 2011 Star Festival Orihime Hikoboshi. This chapter will summarize the key points that have been discussed throughout the book.

The book is crafted in an easy-to-understand language and is complemented by engaging illustrations. It is highly recommended for anyone seeking to gain a comprehensive understanding of 2011 Star Festival Orihime Hikoboshi.
