Achtung-Panzer! Heinz Guderian, 1995 This is one of the most significant military books of the twentieth century. By an outstanding soldier of independent mind, it pushed forward the evolution of land warfare and was directly responsible for German armoured supremacy in the early years of the Second World War. Published in 1937, the result of 15 years of careful study since his days on the German General Staff in the First World War, Guderian's book argued, quite clearly, how vital the proper use of tanks and supporting armoured vehicles would be in the conduct of a future war. When that war came, just two years later, he proved it, leading his Panzers with distinction in the Polish, French and Russian campaigns. Panzer warfare had come of age, exactly as he had forecast. This first English translation of Heinz Guderian's classic book - used as a textbook by Panzer officers in the war - has an introduction and extensive background notes by the modern English historian Paul Harris.

Working across art, fashion and design, he creates colour-filled paintings, murals, large-scale sculptures, street and public art, products, and streetwear. Featuring a new text by Margaret Atwood (*The Handmaid's Tale*), a biographical essay by NGV Senior Curator of Contemporary Art, Dr Simon Maidment, and more than 200 images, including documentation of the career-survey exhibition KAWS: Companionship in the Age of Loneliness at the National Gallery of Victoria, this publication is a comprehensive overview of the artist's work to date. -- Publisher website.

Reach for the Summit Pat Summitt, 1999-04-13 I'm someone who will push you beyond all reasonable limits. Someone who will ask you not to just fulfill your potential but to exceed it. Someone who will expect more from you than you may believe you are capable of. So if you aren't ready to go to work, shut this book. --Pat Summitt Pat Summitt, head coach of the University of Tennessee Lady Vols, was a phenomenon in women's basketball. Her ferociously competitive teams won the NCAA championship in 1996 and 1997 and made her the winningest coach in NCAA Division 1 women's history. Summitt wrote the first motivational book by a high-achieving female coach. In *Reach for the Summit*, she presented her formula for success, which she called the Definite Dozen System. In each of the book's twelve chapters, Summitt talked about one of the system's principles--such as responsibility, discipline, and loyalty--and showed how to apply it to your own situation. Pat Summitt used her own remarkable story as a vehicle for explaining how anyone can transform herself through ambition. Through many amusing anecdotes and a few very painful memories, she revealed her mistakes and triumphs as a beginning basketball player, as an Olympic athlete, as a Division 1 coach, and as a mother. Although Summitt was not born to the easy life--she was born into a hard-working farm family in a remote corner of Tennessee--she became one of the most successful and highest-paid coaches in the country. She candidly talked about how she turned her losses into wins and then showed how you can do the same. Wonderfully entertaining and brilliantly instructive, *Reach for the Summit* discloses the winning secret to building a principled system and making it to the top at whatever you do. Pat Summitt's story will motivate you to achieve in sports, business, and the most important game of all--life.

Early Photography at Gettysburg William A. Frassanito,1998-06-01 This book is the best and most complete study of Gettysburg photography. It is the long-awaited companion to Gettysburg: A Journey in Time. In the 20 years since Journey, Frassanito has uncovered many more never-before published photos of people and places significant to Gettysburg's early history as well as new information on commonly known photos, presented in a clear format. One of the greatest battlefields in the world was documented when the field still looked essentially as it did at the time of the battle. Frassanito focuses on the period between 1859 and 1869, a period that begins with the earliest outdoor photograph known to have been recorded in the town, through the photographic series which comprised the last substantial postwar coverage of the field itself before the memorial craze adorned the area with monuments and avenues. - Publisher.
