**Paper Made!** Kayte Terry,2012-05-09 Announcing the biggest, best, most innovative book ever on paper craft. Even better, this is not about how to use costly, artsy paper, but how to turn stuff around the house—magazines and shopping bags, candy wrappers and paint sample cards, wrapping paper, old maps, and paper towel tubes—into stunning jewelry, gifts, home decor, party favors, and much more. Chances are you've seen the author's cutting-edge work in the windows of Anthropologie, where she is the chain's merchandising manager. An inveterate crafter who creates projects and styles photo shoots for magazines like Parents and Vogue Knitting, Kayte Terry takes the most versatile of materials and the most basic of crafts (remember snipping valentines out of construction paper?), and creates something completely transformative. Turn a sheaf of any white or graph paper into an amazing Scrap Happy Globe Lantern for the dining room. Fashion colored tissue paper into Songbird Votives, leftover raffle tickets into a Prizewinning Bowl, that out-dated pile of holiday catalogs into a picture frame. There's a necklace made of playing cards, a gum wrapper bracelet, and barrettes made by quilling—a paper technique that goes back to the Renaissance. Every project is photographed in full color, and includes step-by-step illustrations and instructions. Truly a book that shows how to think outside the (cardboard) box.

And what's more, the end results are so cute and desirable that they look great around the home, or make wonderfully unique and personal gifts. With a funky, modern design and vibrant full colour photography throughout, this is a must-have addition to every young family's bookshelf.

**Subpar Parks** Amber Share,2021-07-13 **\*\*A New York Times Bestseller!\*\*** Based on the wildly popular Instagram account, Subpar Parks features both the greatest hits and brand-new content, all celebrating the incredible beauty and variety of America's national parks juxtaposed with the clueless and hilarious one-star reviews posted by visitors. Subpar Parks, both on the popular Instagram page and in this humorous, informative, and collectible book, combines two things that seem like they might not work together yet somehow harmonize perfectly: beautiful illustrations and informative, amusing text celebrating each national park paired with the one-star reviews disappointed tourists have left online. Millions of visitors each year enjoy Glacier National Park, but for one visitor, it was simply Too cold for me! Another saw the mind-boggling vistas of Bryce Canyon as Too spiky! Never mind the person who visited the thermal pools at Yellowstone National Park and left thinking, "Save yourself some money, boil some water at home." Featuring more than 50 percent new material, the book will include more depth and insight into the most popular parks, such as Yosemite, Yellowstone, the Grand Canyon, and Acadia National Parks; anecdotes and tips from rangers; and much more about author Amber Share's personal love and connection to the outdoors. Equal parts humor and love for the national parks and the great outdoors, it's the perfect gift for anyone who loves to spend time outside as well as have a good read (and laugh) once they come indoors.

**Elemental Macramé** Rebecca Millar,2021-10-12 Create beautiful macramé projects that invoke the sacred elements of Earth, Air, Water, Fire and Spirit. The idea of classical 'elements' is common to many belief systems including Ancient Greek, Egyptian, Babylonian, Hinduism and Buddhism, as well as Chinese and Japanese philosophies. The five elements of the Pagan religion Wicca represent the five points of the pentagram, a powerful sacred symbol. No matter what your beliefs, paying attention to the forces of nature can bring a greater sense of spirituality and calm to your life, which is equally true of the craft of macramé, which like all handicrafts has proven benefits for wellbeing. This unique and beautiful book celebrates each of the Earth's sacred elements with projects that even beginners to macramé can tackle with ease. In nature, each element has its own specific properties, colours and stones associated with it, which these projects incorporate to dramatic effect. The 20 projects include dreamcatchers, wall hangings, home accessories and jewellery, which all draw their inspiration from nature and the elements.

Many of the projects have crystals incorporated into them, for the good vibrations and healing energy they bring. You'll also learn how to dip-dye macrame for wonderful ombre effects and work with a variety of different coloured cords to bring beauty and interest to your pieces. Make a tree of life hoop to connect with the earth, a dreamcatcher to protect you during sleep, a hanging fruit bowl to feed and nourish you, and a plant hanger to purify your air. Make a necklace to bring out your inner goddess, a crystal suncatcher to capture your fire, or some coasters for your altar candles to sit on. With 20 projects to choose from you will find a whole host of ways to enjoy macramé in a new intentional, spiritual light. Author Rebecca Millar is best known as the creator of Vanir Creations, who has amassed a huge online following for her dreamy macramé hoops and moon catchers. Entirely self-taught, Rebecca now generously shares her secrets in this book, which demystifies the craft with simple explanations of the knots and techniques required.
