

SMaster Chief

Troy Denning

Master Chief Gary R. Smith, 2011-05-04 The memoir of a man who spent most of his career facing death. For UDT/SEAL team member Gary R. Smith, just being part of an elite military organization wasn't enough—he had to be in the thick of the action. Because in bloody, violent Vietnam he learned there's no stronger bond than the one forged in the gut-wrenching chaos of combat. During ambushes, PRU combat patrols, and extractions from hot LZs, Smith depended on the courage and sacrifice of his fellow SEALs, who time and again placed their own lives on the line so that he might survive. In Master Chief, Gary Smith covers his fifth tour in Vietnam and his rise to the highest enlisted rank, master chief petty officer. Characteristically, Smith holds nothing back when describing life during wartime in one of the world's toughest fighting units. Based on the author's own experience, as well as his own and others' diaries, letters, and documents, and on extensive interviews, Master Chief is an outstanding memoir of a warrior who answered the call to arms when his country needed him.

Halo: Shadows of Reach Troy Denning, 2020-10-20 USA TODAY BESTSELLER A Master Chief story and original full-length novel set in the Halo universe—based on the New York Times bestselling video game series! October 2559. It has been a year since the renegade artificial intelligence Cortana issued a galaxy-wide ultimatum, subjecting many worlds to martial law under the indomitable grip of her Forerunner weapons. Outside her view, the members of Blue Team—John-117, the Master Chief; Fred-104; Kelly-087; and Linda-058—are assigned from the UNSC Infinity to make a covert insertion onto the ravaged planet Reach. Their former home and training ground—and the site of humanity's most cataclysmic military defeat near

the end of the Covenant War—Reach still hides myriad secrets after all these years. Blue Team's mission is to penetrate the rubble-filled depths of CASTLE Base and recover top-secret assets locked away in Dr. Catherine Halsey's abandoned laboratory—assets which may prove to be humanity's last hope against Cortana. But Reach has been invaded by a powerful and ruthless alien faction, who have their own reasons for being there. Establishing themselves as a vicious occupying force on the devastated planet, this enemy will soon transform Blue Team's simple retrieval operation into a full-blown crisis. And with the fate of the galaxy hanging in the balance, mission failure is not an option...

Halo: The Fall of Reach Eric Nylund, 2019-01-01
The New York Times bestselling origin story of the Master Chief—part of the expanded universe based on the award-winning video game series Halo! The twenty-sixth century. Humanity has expanded beyond Earth's system to hundreds of planets that colonists now call home. But the United Earth Government and the United Nations Space Command is struggling to control this vast empire. After exhausting all strategies to keep seething colonial insurrections from exploding into a full-blown interplanetary civil war, the UNSC has one last hope. At the Office of Naval Intelligence, Dr. Catherine Halsey has been hard at work on a top-secret program that could bring an end to the conflict...and it starts with seventy-five children, among them a six-year-old boy named John. And Halsey could never guess that this child will eventually become the final hope against an even greater peril engulfing the galaxy—the inexorable confrontation with a theocratic military alliance of alien races known as the Covenant. This is the electrifying origin story of Spartan John-117—the Master Chief—and of his legendary, unstoppable heroism in leading the resistance against

humanity's possible extinction.

Halo: Silent Storm Troy Denning, 2018-09-04 A Master Chief story and original full-length novel set in the Halo universe—based on the New York Times bestselling video game series! 2526. It has been a year since humanity engaged in its destructive first contact with a theocratic military alliance of alien races known as the Covenant. Now the hostilities have led to open war, and the United Nations Space Command understands virtually nothing about its new enemy. There are only two certainties—the Covenant is determined to eradicate humanity, and they have the superior technology to do just that. The UNSC's only hope lies with the Spartans: enhanced supersoldiers raised and trained from childhood via a clandestine black ops project to be living weapons. Their designated commander, Petty Officer John-117, has been assigned to lead the Spartans on a desperate counterattack designed to rock the Covenant back on its heels, and to buy humanity the time it needs to gather intelligence and prepare its defenses. But not everyone wants the Spartans to succeed. A coalition of human insurrectionist leaders believes an alliance with the Covenant to be its best hope of finally winning independence from the Unified Earth Government. To further their plans, the insurrectionists have dispatched a sleeper agent to sabotage the UNSC counterattack—and ensure that John-117 and the Spartans never return from battle....

Halo: Evolutions Brian Evenson, Kevin Grace, Jonathan Goff, Karen Traviss, Robt McLees, Eric Nylund, 2009-11-24 A volume of short works inspired by the universe as depicted in the popular video game expands the stories of its characters while offering new insights into a variety of storyline elements and races. Simultaneous. Video game tie-in.

Halo: Oblivion Troy Denning, 2020-04-07 A Master Chief story and original full-length novel set in the Halo universe—based on the New York Times bestselling video game series! 2526. It has been more than a year since humanity first encountered the hostile military alliance of alien races known as the Covenant, and several weeks after the United Nations Space Command's devastating counterattack of Operation: SILENT STORM was deemed an overwhelming success. The UNSC has put its faith in the hands of the Spartans, led by the legendary Master Chief, John-117: enhanced super-soldiers raised and trained from childhood via a clandestine black ops project to be living weapons. But the Covenant—enraged and fearful of their enemy's unexpected strategies and prowess—is not taking its recent defeat lightly, and is now fully determined to eradicate humanity from existence, brutally overrunning the ill-fated planets of the Outer Colonies faster than retreats can be ordered. If the UNSC has any chance of stemming the tide of the war, the Master Chief and Blue Team must drop onto an empty, hellish world in order to capture a disabled Covenant frigate filled with valuable technology. It has all the makings of a trap, but the bait is far too tempting to ignore—and this tantalizing prize is being offered by a disgraced and vengeful Covenant fleetmaster, whose sole opportunity for redemption lies in extinguishing humanity's only hope of survival...

Halo: Bad Blood Matt Forbeck, 2018-06-26 An original full-length novel set in the Halo universe and based on the New York Times bestselling video game series! Just hours following their climactic battle on the Forerunner planet Genesis, the Spartans of Blue Team and Fireteam Osiris find themselves running for their lives from the malevolent machinations of the now-renegade artificial intelligence Cortana. But even

as they attempt to stay one step ahead, trouble seems to find Spartan Edward Buck no matter where he turns. A secret mission enacted by the Office of Naval Intelligence could possibly help turn the tide, and has Buck reluctantly agreeing to reform his old team, Alpha-Nine. Because if the band is really getting back together for this one, that means everybody—including the Spartan who Buck never wants to see again, the one who committed the ultimate betrayal of trust...

Halo: Ghosts of Onyx Eric Nylund, 2019-01-01 The New York Times bestseller—part of the expanded universe based on the award-winning video game series Halo! The twenty-sixth century. Once considered clandestine, the Spartan-II program has now gone public. Tales of armored super-soldiers fending off thousands of Covenant attacks have become the stuff of legend. While the Master Chief defends a besieged Earth, and the myriad factions of the Covenant continue their crusade to eliminate humanity, an ultra-secret cell of the Office of Naval Intelligence known as “Section Three” devises a plan to buy the UNSC vital time. It will need hundreds of willing soldiers, though—and one more Spartan—to get the job done. The planet Onyx is virtually abandoned and the perfect place to set this new plan in motion. But when the Master Chief destroys Halo, something is triggered deep within Onyx: Ancient Forerunner technology stirs, and fleets of UNSC and Covenant vessels race to claim it and change the course of the Human-Covenant War. But this reawakened and ancient force may have plans of its own...

Having barely escaped the final battle for Reach against the vast alien alliance known as the Covenant, the crew of the Pillar of Autumn, including Spartan John-117—the Master Chief—and his AI companion Cortana, is forced to make a desperate escape into slipspace. But their destination brings them to an ancient mystery and an even greater struggle. In this far-flung corner of the universe floats a magnificently massive, artificial ringworld. Military Requirements for Senior and Master Chief Petty Officer Klaus Walther, 1989

Ask the Chief John F Leahy, 2012-10-11 Whenever sailors are confronted with 'unsolvable' problems--be it a fouled anchor or paint that won't dry--they often throw up their hands and exclaim, 'We'd better ask the Chief.' That refrain, heard for generations throughout the Navy, is the theme for Jack Leahy's newest book. Written at sea, his book provides a compelling picture of the Chief Petty Officer's community in the U.S. Navy. As a guest of the Chief Petty Officer's mess aboard USS George Washington during Operation Enduring Freedom, Leahy was granted complete and unfettered access to all areas of the massive carrier and the other ships in her battle group. He interviewed nearly one hundred Navy Chiefs from the aviation, surface, submarine, and special warfare communities and recounts their stories of daily life at sea. In doing so, he presents the true backbone of the modern Navy: the wisdom, character, and dignity of the Chief Petty Officer's community. This book of contemporaneous oral history follows the format that proved so successful with Leahy's earlier book on Navy boot camp. Color photographs help bring the story to life.

Halo / Master Chief Quote Notebook - No, I Think We're Just Getting Started André Ellis, 2021-07-14 A simple college-ruled notebook featuring a quote from Spartan 117 of the popular video game series Halo.

The Last Man Up Navy Master Chief Jeff Hutchinson, 2023-01-30 Jeff D. Hutchinson wasn't always a master chief of the United States Navy. He grew up in Atlanta, Georgia, not the Atlanta that we all know today. He grew up in segregated

Atlanta, where being Black was frowned upon. He didn't allow racism to paralyze the ambition that was deeply rooted inside of him. He was always the last choice, never the first. Yet, he overcame those challenges and obstacles that made it extremely difficult to be a black man in the deep south. His parents educated him on how to survive the dark days of segregation. The advice of his parents proved to be rewarding for him because he listened and became the last man up when he wasn't supposed to be a choice. In spite of all the dark things taking place during that time, he continued to work hard, do his best in everything that he did, and most importantly, he learned from his mistakes and the mistakes of others.

Halo: Primordium Greg Bear, 2019-01-01 The second novel of the Forerunner Saga trilogy by science fiction legend Greg Bear—set in the Halo universe and based on the New York Times bestselling video game series! One hundred thousand years ago. In the wake of the apparent self-destruction of the alien Forerunner empire, two humans—Chakas and Riser—are like flotsam washed up on very strange shores indeed. Captured by the Forerunner known as the Master Builder and then misplaced during a furious battle in space, Chakas and Riser now find themselves on an inverted world, where horizons rise into the sky and humans of all kinds are trapped in a perilous cycle of horror and neglect. They have become both research animals and strategic pawns in a cosmic game whose madness knows no end—a game of ancient vengeance between the powers who seeded the galaxy with life, and the Forerunners who expect to inherit their sacred Mantle of Responsibility to all living things. In the company of a young girl and an old man, Chakas begins an epic journey across a lost and damaged Halo ringworld in search of a way home, an explanation for the warrior spirits rising up within, and the reason for the Forerunner Librarian's tampering with human destiny. Their travels will take them into the domain of a powerful and monstrous intelligence—known as “the Captive” by Forerunners, and “the Primordial” by

ancient human warriors, this being may not only control the fate of Chakas, Riser, and the rest of humanity, but of all sentient life across the galaxy...
