*The Yellow Wallpaper Illustrated* Charlotte Perkins Gilman,2019-07-03 The story details the descent of a young woman into madness. Her supportive, though misunderstanding husband, John, believes it is in her best interests to go on a rest cure after experiencing symptoms of temporary nervous depression. The family spends the summer at a colonial mansion that has, in the narrator's words, something queer about it. She and her husband move into an upstairs room that she assumes was once a nursery. Her husband chooses for them to sleep there due to its multitude of windows, which provide the air so needed in

her recovery. In addition to the couple, John's sister Jennie is present; she serves as their housekeeper. Like most nurseries at the time the windows are barred, the wallpaper has been torn, and the floor is scratched. The narrator attributes all these to children, as most of the damage is isolated to their reach. Ultimately, though, readers are left unsure as to the source of the room's state, leading them to see the ambiguities in the unreliability of the narrator. The narrator devotes many journal entries to describing the wallpaper in the room - its yellow smell, its breakneck pattern, the missing patches, and the way it leaves yellow smears on the skin and clothing of anyone who touches it. She describes how the longer one stays in the bedroom, the more the wallpaper appears to mutate, especially in the moonlight. With no stimulus other than the wallpaper, the pattern and designs become increasingly intriguing to the narrator. She soon begins to see a figure in the design, and eventually comes to believe that a woman is creeping on all fours behind the pattern. Believing she must try to free the woman in the wallpaper, the woman begins to strip the remaining paper off the wall. After many moments of tension between John and his sister, the story climaxes with the final day in the house. On the last day of summer, she locks herself in her room to strip the remains of the wallpaper. When John arrives home, she refuses to unlock the door. When he returns with the key, he finds her creeping around the room, circling the walls and touching the wallpaper. She excitedly exclaims, I've got out at last... in spite of you and Jane, causing her husband to faint as she continues to circle the room, creeping over his inert body each time she passes it, believing herself to have become the personification of the woman trapped behind the yellow wallpaper.

The book describes and analyzes the attempts of the Romani activists to gain voice in world politics by interacting with the United Nations (UN) system and explores their capabilities and impact. This study has three objectives: it provides an introduction to global Romani activism in terms of its anatomy, history, political manifestos, goals and activities; it establishes the extent and essence of the Romani voice in world politics and its influence on the UN discourse on Roma; furthermore, it looks at how interacting with the UN system has affected the organizational structure of the global Romani activism and its discourse. **Spotlights on Incunabula** Anette Hagan, 2023-11-13 The five hundred years from the 1450s to the 1950s represent an extraordinarily rich quarry for evidence of incunabula sales, collecting, and use. What book lists reveal about publishing and reading habits in late-fifteenth-century Venice, how a Scottish librarian went about acquiring incunabula during World War II, and the international workshop connections glimpsed through early Hungarian bindings are among the topics explored in this volume. Library professionals aim spotlights on French plague tracts, Deventer as a printing place, the use of incunabula in learned societies in the nineteenth century, and incunabula collecting by monks and universities in England and Scotland.

**Roma Migrants in the European Union** Can Yıldız, Nicholas De Genova, 2020-05-21 This book situates Roma mobility as a critical vantage point for migration studies in Europe, focusing on questions about Europe, 'European-ness', and 'EU-ropean' citizenship through the critical lens of Roma racialisation, marginalisation, securitisation, and criminalisation, and the dynamics of Roma mobility within and across the space of 'Europe'. Enabled primarily through ethnographic research with diverse Roma communities across the heterogeneous geography of 'Europe', the contributions to this collection are concerned with the larger politics of mobility as a constitutive feature of the socio-political formation of the EU. Foregrounding the experiences and perspectives of Roma living and working outside of their nation-states of 'origin' or ostensible citizenship, the book seeks to elucidate wider inequalities and hierarchies at stake in the ongoing (re-)racialisation of both Roma migrants and migrants in general. Showcasing political, economic, legal, and socio-historical criticism, this book will be of interest to those studying race and racialisation in Europe, mobility and migration into and within Europe, and those studying the mobility of the Roma people in particular. This book was originally published as a special issue of the Social Identities journal.
