*Church Reform and Leadership of Change* Harald Askeland, Ulla Schmidt, 2016-12-29 Reforms and processes of change have become an increasingly pervasive characteristic of European Protestant churches in the last fifteen to twenty years. Driven by perceptions of crises, such as declining membership rates, dwindling finances, decreasing participation in church rituals, and less support of traditional church doctrine, but also changes of governance of religion more generally, many churches feel compelled to explore new forms of operations, activities, and organisational structures. What is the inner dynamic and nature of these processes? This book explores this

question by applying perspectives from organisational studies and bringing them into dialogue with ecclesiological categories, seeking to provide a richer understanding of the field of processes of change in churches. Among the questions asked are: What are the implications - organisationally and ecclesologically - of viewing reform as a church practice, and how does this relate to much more comprehensive waves of public sector reforms? How is church leadership configured and exercised, how is democratic leadership related to the authority of ordained ministry, and how does leadership take on new forms in the context of churches? And how do churches incorporate organisational practices of planned change and renewal, such as social entrepreneurship?

*The Joy of the Gospel* Pope Francis,2014-10-07

The perfect gift! A specially priced, beautifully designed hardcover edition of *The Joy of the Gospel* with a foreword by Robert Barron and an afterword by James Martin, SJ. "The joy of the gospel fills the hearts and lives of all who encounter Jesus... In this Exhortation I wish to encourage the Christian faithful to embark upon a new chapter of evangelization marked by this joy, while pointing out new paths for the Church's journey in years to come." – Pope Francis This special edition of Pope Francis's popular message of hope explores themes that are important for believers in the 21st century. Examining the many obstacles to faith and what can be done to overcome those hurdles, he emphasizes the importance of service to God and all his creation. Advocating for "the homeless, the addicted, refugees, indigenous peoples, the elderly who are increasingly isolated and abandoned," the Holy Father shows us how to respond to poverty and current economic challenges that affect us locally and globally. Ultimately, Pope Francis demonstrates how to develop a more personal relationship with Jesus Christ, "to recognize the

traces of God's Spirit in events great and small." Profound in its insight, yet warm and accessible in its tone, *The Joy of the Gospel* is a call to action to live a life motivated by divine love and, in turn, to experience heaven on earth. To answer these questions, Mr. Lynch, supported by studies of Los Angeles, Boston, and Jersey City, formulates a new criterion—imageability—and shows its potential value as a guide for the building and rebuilding of cities.
