MIKE KELLEY

🔖 **Minor Histories** Mike Kelley,2004-02-06 The second volume of writings by Los Angeles artist Mike Kelley, focusing on his own work. What John C. Welchman calls the blazing network of focused confluences from which Mike Kelley’s styles are generated is on display in all its diversity in this second volume of the artist’s writings. The first volume, Foul Perfection, contained thematic essays and writings about other artists; this collection concentrates on Kelley’s own work, ranging from texts in voices that grew out of scripts for performance pieces to expository critical and autobiographical writings.Minor Histories organizes Kelley’s writings into five sections. Statements consists of twenty pieces produced between 1984 and 2002 (most of which were written to accompany exhibitions), including Ajax, which draws on Homer, Colgate- Palmolive, and Longinus to present its eponymous hero; Some Aesthetic High Points, an exercise in autobiography that counters the standard artist bio included in catalogs and press releases; and a sequence of creative writings that use mass cultural tropes in concert with high art mannerisms—approximating in prose the visual styles that characterize Kelley’s artwork. Video Statements and Proposals are introductions to videos made by Kelley and other artists, including Paul McCarthy and Bob Flanagan and Sherree Rose. Image-Texts offers writings that accompany or are part of artworks and installations. This section includes A Stopgap Measure, Kelley’s zesty millennial essay in social satire, and Meet John Doe, a collage of appropriated texts. Architecture features an discussion of Kelley’s Educational Complex (1995) and an interview in which he reflects on the role of architecture in his work. Finally, UFOlogy considers the aesthetics and sexuality of space as manifested by UFO sightings and abduction scenarios.

🔖 **Pike Andy Warhol** Jonathan Flatley,2022-12-06 Scholarly considerations of Andy Warhol abound, including very fine catalogues raisonnés, notable biographies, and essays in various exhibition catalogues and anthologies. But nowhere is there an in-depth scholarly examination of Warhol’s oeuvre as a whole—until now. Jonathan Flatley’s Like Andy Warhol is a revelatory look at the artist’s likeness-producing practices, not only reflected in his famous Campbell’s soup cans and Marilyn Monroe silkscreens but across Warhol’s whole range of interests including movies, drag queens, boredom, and his sprawling collections. Flatley shows us that Warhol’s art is an illustration of the artist’s own talent for “liking.” He argues that there is in Warhol’s productions a utopian impulse, an attempt to imagine new, queer forms of emotional attachment and affiliation, and to transform the world into a place where these forms find a new home. Like Andy Warhol is not just the best full-length critical study of Warhol in print, it is also an instant classic of queer theory.

🔖 **Cheap** Ellen Ruppel Shell,2009-07-02 A myth-shattering investigation of the true cost of America’s passion for finding a better bargain from the shuttered factories of the Rust Belt to the strip malls of the Sun Belt—and almost everywhere in between—America has been transformed by its relentless fixation on low price. This pervasive yet little-examined obsession with bargains is arguably the most powerful and devastating market force of our time, having fueled an excess of consumerism that blights our landscapes, escalates personal debt, lowers our standard of living, and even skews of our concept of time. Spotlighting the peculiar forces that drove Americans away from quality, durability, and craftsmanship and towards quantity, quantity, and more quantity, Ellen Ruppel Shell traces the rise of the bargain through our current big-box profusion to expose the astronomically high cost of cheap.

🔖 **Experience Psychology** Laura King,2021 Informed by student data, Experience Psychology helps students understand and appreciate psychology as an integrated whole. The personalized, adaptive learning program, thought-provoking examples, and interactive assessments help students see psychology in the world around them and experience it in everyday life. Experience Psychology is about, well, experience-our own behaviors; our relationships at home and in our communities, in school, and at work; and our interactions in different learning environments. Grounded in meaningful real-world contexts, Experience Psychology’s contemporary examples, personalized author notes, and applied exercises speak directly to students, allowing them to engage with psychology and to learn verbally, visually, and experientially-by reading, seeing, and doing. Function is introduced before dysfunction, building student understanding by looking first at typical, everyday behavior before delving into the less common—and likely less personally experienced—rare and abnormal behavior. Experience Psychology places the science of psychology, and the research that helps students see the academic foundations of the discipline, at the forefront of the course. With Experience Psychology, students do not just take psychology but actively experience it--

🔖 **Hip** John Leland,2009-10-13 Hip: The History is the story of how American pop culture has evolved throughout the twentieth century to its current position as world cultural touchstone. How did hip become such an obsession? From sex and music to fashion and commerce, John Leland tracks the arc of ideas as they move from subterranean bohemia to Madison Avenue and back again. Hip: The History examines how hip has helped shape -- and continues to influence -- America’s view of itself, and provides an incisive account of hip’s quest for authenticity. 🔖 **Foul Perfection** Mike Kelley,2003-06-20 Critical writings and commentary by the Los Angeles based artist Mike Kelley. The work of artist Mike Kelley (b. 1954) embraces performance, installation, drawing, painting, video, and sculpture. Drawing distinctively on high art and vernacular traditions, including historical research, popular culture, and psychology, Kelley came to prominence in the 1980s with a series of sculptures composed of craft materials. His recent work offers dialogues with architecture and with repressed memory syndrome, and a sustained inquiry into his own aesthetic and social history. The subjects on which Kelley has written are as varied as his artistic media. They include the work of fellow artists, sound, caricature, the uncanny, UFOlogy, and gender-bending. This book offers a diverse collection of Kelley’s writings from the last twenty-five years. It contains major critical texts on art, film, and the wider culture, including his piece on the aesthetic he calls urban gothic. It also contains essays, mostly commissioned for exhibition catalogs and journals, on the artists and groups David Askevold, Yvind Fahlström, Douglas Huebler, John Miller, Survival Research Laboratories, and Paul Thek, among others. Kelley’s voices are passionate, analytic, and ironic, and his critical intelligence is leavened with touches of whimsy.

The Judges are more dangerous than the toughest criminal, alien invader or rampaging mutant horde, because only they have the Law on their side! Among their number, one man with a resolve tougher than rockcrete has through the years of slaughter exemplified the very best and the worst that Mankind can offer. He is the ultimate law enforcer, the living legend that is JUDGE DREDD!
