The Macmillan Alice - 100 Postcards from Wonderland Lewis Carroll,2016

Alice in Brexitland Lucien Young,Leavis Carroll,2017-06-01 Lying on a riverbank on a lazy summer's afternoon – 23rd June 2016, to be precise – Alice spots a flustered-looking white rabbit called Dave calling for a referendum. Following him down a rabbit-hole, she emerges into a strange new land, where up is down, black is white, experts are fools and fools are experts... She meets such characters as the Corbynpillar, who sits on a toadstool smoking his hookah and being no help to anyone; Humpty Trumpty, perched on a wall he wants the Mexicans to pay for; the Cheshire Twat, who likes to disappear leaving only his grin, a pint, and the smell of scotch eggs remaining; and the terrifying Queen of Heartlessness, who'll take off your head if you dare question her plan for Brexit. Will Alice ever be able to find anyone who speaks sense?

Achtung-Panzer! Heinz Guderian,1995 This is one of the most significant military books of the twentieth century. By an outstanding soldier of independent mind, it pushed forward the evolution of land warfare and was directly responsible for German armoured supremacy in the early years of the Second World War. Published in 1937, the result of 15 years of careful study since his days on the German General Staff in the First World War, Guderian's book argued, quite clearly, how vital the proper use of tanks and supporting armoured vehicles would be in the conduct of a future war. When that war came, just two years later, he proved it, leading his Panzers with distinction in the Polish, French and Russian campaigns. Panzer warfare had come of age, exactly as he had forecast. This first English translation of Heinz Guderian's classic book - used as a textbook by Panzer officers in the war - has an introduction and extensive background notes by the modern English historian Paul Harris.
