Introductory Grammar of Amharic Wolf

Leslau, 2000 This book closes the gap for beginners who want to study the Amharic language and had difficulties in finding the right grammar for this purpose: The first grammar of Amharic, the national language of Ethiopia, was published by Hiob Ludolf in 1698. The Amharic grammar published by Praetorius in 1879 is based on Amharic religious texts and on scattered material, usually composed by missionaries. A milestone in the study of Amharic is Marcel Cohen's *Traite de langue amharique* (1936), but this grammar, too is not completely suited for beginners since the author's generalizations are at times aimed at linguists. The grammar that comes closest to the concept of a beginner's grammar is that of C.H. Dawkin (1960), yet this grammar is extremely short, does not give

examples and does not introduce the student to the intricacies of the language. The new book gives all the grammatical forms and the sentences of the present grammar in Amharic script and in phonetic transcription. The illustrative examples have a free and a literal translation. This procedure should likewise prove to be useful for the Semitist as well as for the general linguist.

Simpsons Comics Colossal Compendium: Volume 5

Matt Groening, 2020-05-15 The fifth volume in the sought-after Simpsons Comics Colossal Compendium series is bursting with classic comic strips featuring everyone's favorite family—The Simpsons. Included is a collectible, one-of-a-kind, pullout paper craft of one of Springfield's favorite landmarks. Bart starts his own humor magazine, and it isn't long before Springfield's resident funnyman Krusty the Clown wants in on the business. Then, donut-lovers Homer Simpson and Chief Clancy Wiggum take over each other's deliciously do-nothing jobs. And speaking of switcheroos, Bart boards the wrong airplane and finds himself mistaken for local Springshire lad . . . Brit Simpson. And when Ned Flanders opens his own friendly tavern, Homer finds himself torn between two bartenders, the ever-surly Moe or everyone's favorite neighborino. Throw in an alien abduction, some home disrepair, a pseudo-scientific trip to an alternate reality, a ghostly superhero pairing, and a rescue mission beneath the nuclear power plant, and you have the most colossal compendium yet. And make that dream of a personal home theater a reality with your very own scale model of Springfield's classic movie house, the Aztec Theater. The Colossal Compendium series boasts upgraded heavier paper, an increased page count of 176 pages, and includes a unique and collectible paper craft. Volume 5 features the Aztec Theater. As the series progresses, fans will be able to

assemble their own three-dimensional version of the city of Springfield and usher in a paper paradise!
