Paolo Barbieri,Lewis Carroll

A Year in the Secret Garden Valarie Budayr, Marilyn Scott-Waters, 2014-10-28

Achtung-Panzer! Heinz Guderian, 1995 This is one of the most significant military books of the twentieth century. By an outstanding soldier of independent mind, it pushed forward the evolution of land warfare and was directly responsible for German armoured supremacy in the early years of the Second World War. Published in 1937, the result of 15 years of careful study since his days on the German General Staff in the First World War, Guderian's book argued, quite clearly, how vital the proper use of tanks and supporting armoured vehicles would be in the conduct of a future war. When that war came, just two years later, he proved it, leading his Panzers with distinction in the Polish, French and Russian campaigns. Panzer warfare had come of age, exactly as he had forecast. This first English translation of Heinz Guderian's classic book - used as a textbook by Panzer officers in the war - has an introduction and extensive background notes by the modern English historian Paul Harris.

Fairy Tale Fashion Colleen Hill, 2016 Dress plays a crucial role in fairy tales, signaling the status, wealth, or vanity of particular characters, and symbolizing their transformation. While fairy tales often provide little information beyond what is necessary to a plot, clothing and accessories are often vividly described, enhancing the sense of wonder integral to the genre. Cinderella's glass slipper is perhaps the most famous example, but it is one of many enchanted or emblematic pieces of dress that populate these tales. This is the first book to examine the history, significance, and imagery of classic fairy tales through the lens of high fashion. A comprehensive introduction to the topic of fairy tales and dress is followed by a series of short essays on thirteen stories: Cinderella, Little Red Riding Hood, The Fairies, Sleeping Beauty, Beauty and the Beast, Snow White, Rapunzel, Furrypelts, The Little Mermaid, The Snow Queen, The Swan Maidens, Alice in Wonderland, and The Wizard of Oz. Generously illustrated, these stories are creatively and imaginatively linked to examples of clothing by Comme des Garçons, Dolce and Gabbana, Charles James, and Alexander McQueen, among many others.

France International Monetary Fund, 2001-11-05 The growth rate of real hourly wages in France has fallen below the trend growth rate of total factor productivity. The distribution of wage and earnings growth has not been uniform across deciles. A breakdown in employment growth by wage deciles also suggests important composition changes. The development of key labor market variables has been discussed in this note. Microeconomic estimations provide evidence of an outward shift in the relationship between wages and unemployment that is independent of changes in labor demand taxes and unemployment income.
