Zen drawing - a new way to become an artist Michelle Dujardin,2014-07-25 This eBook is derived from the hardcover book called 'the Zen drawing Pack', which was published in October 2014 by Rockpoint publishers and as an eBook called 'The Zen drawing eBook' by the authors. In this eBook called 'Zen drawing - a new way to become an artist', the authors have put less emphasis on the Zen Buddhism background of Zen drawing and more emphasis on the artistic benefits that can be found by using the techniques described in the hardcover book. For instance by adding a chapter on the use of watercolors and ink. As with all their books on Zen drawing, this eBook is based on the works of Frederick Franck and Betty Edwards. In this eBook artist Michelle Dujardin helps you to awaken your inner artist and add soul to your sketches by ignoring conventional drawing techniques and focus on really seeing your subject. Michelle helps you achieve a meditative state just by changing the way you see a subject, and allow your hands to follow the movement of your eyes. When you trust your own drawing reflex, the art that you create will become more expressive and beautiful than what you've done before. Not great with a pencil? Don't worry, everyone can learn to draw this way and you don't need any special talent or class. For any level of artist, from a beginner with little talent to an illustration expert, Zen drawing is not about making perfect pictures, it is about the experience of drawing, finding inspiration, and connecting to the world around you.
