The Adult Learner Malcolm S. Knowles, Elwood F. Holton

III, Richard A. Swanson, Petra A. Robinson, 2020-12-21 How do you tailor education to the learning needs of adults? Do they learn differently from children? How does their life experience inform their learning processes? These were the questions at the heart of Malcolm Knowles' pioneering theory of andragogy which

The addition of two new chapters on diversity and inclusion in adult learning, and andragogy and the online adult learner. An updated supporting website. Revisions throughout to make it more readable and relevant to your practices. Building a Wood-Framed Panelized Yurt Robin Michal

Koontz, Marvin Denmark, 2018-10-22 I personally am really impressed with the quality and step by step instructions in this book. - Kent Griswold, publisher, *The Tiny House Blog & Tiny House Magazine*. Marvin Denmark, a carpenter and craftsman with 50+ years of experience, shares the procedures he used to build and assemble all the components of a 12-sided wood-panelized yurt. The structure is based on the original yurt design, employing a center ring and tension cable, but it is built using wood-framed panelized construction that includes radial rafters similar to a traditional yurt. A panelized building system means that the components can be constructed off-site and then transported to the site for assembly. There are two editions

of this book. This is the **BLACK & WHITE EDITION**: Detailed instructions, photographs and illustrations include the design, materials list and cut-list for a 16-foot diameter wood structure. There are also links to three videos that demonstrate construction of the components. This yurt was a 1st-place winner in the 2018 Tiny Homes Contest on Instructables.com.
