The Crimson Spell F. Goldsborough, Constance M. Burge, 2000 Prue, Piper, and Phoebe don't know that a coven of warlocks is hunting them ...

Magical Woodland Knits Claire Garland, 2020-05-29 A collection of twelve knitting patterns for animals and birds, accompanied by the author's sketches and studies of the natural world. Nature lover Claire Garland has studied animals and birds in the environment around her home in rural Cornwall, England—and designed this delightful collection of patterns based on the wildlife she sees there. Choose your favorite from a dozen animals and birds, whether it's a grey squirrel, barn owl, yellow-necked field mouse, wolf, fox, wild rabbit, or roe deer fawn. The patterns, accompanied by striking photography and illustrations, are cleverly designed with the same markings and colors as their real life counterparts, making them irresistible—and capturing the magic of spotting a wild animal in their natural habitat.

Beware What You Wish Diana G. Gallagher, Constance M. Burge, 2001 Having read a mystical incantation, sisters Prue, Piper and Phoebe Halliwell are charmed with magical powers. Prue moves things with her mind. Piper can freeze time. Phoebe can see the future. They are the Charmed Ones, the most powerful of witches - using their powers for good. Wishes are being made all over San Francisco: a candidate for office wishes for a less formidable opponent, a little girl wishes for a horse and Phoebe wishes she could foresee more calamities so she could help prevent them. Soon she's having more visions than she can handle, and the sisters are exhausted from racing all over town to avert disasters. Eventually, Phoebe refuses even to leave the house! A strange spirit has been

released from its stone prison, and the power of the Charmed Ones may not be enough to stop an impending cataclysm...

Knitted Babes Clare Garland, 2005-09-01 Novice knitters only need to know a few stitches to make a collection of dolls with personality and wardrobes to match. To begin, the practical knitting and sewing know-how section illustrates the simple garter and stockinette stitches used to assemble the dolls. Supplies are minimal and easy to obtain-- just yarn and thread, sewing and knitting needles, and some small pieces of fabric for the clothes and accessories. One each of five sections is devoted to creating each doll's identity and accoutrements. Included are sewing templates to cut out and use, knitting charts, and advice on washing and caring for these dolls. This skill-building project book is a start-to-finish playmate maker that will inspire creativity and spark the imagination.

Claude Monet Claire Joyes, Claude Monet, 1985 For forty-three years Monet lived and painted at Giverny and he created there one of the loveliest gardens ever known. For the first time, in this book both the gardens Monet planted and the gardens as they have been lovingly restored by G rald Van der Kemp are seen together. In his introduction Van der Kemp tells how he brought the badly neglected garden and house back to their original condition. The restored gardens are beautifully photographed by Jena Barhto. In her fascinating essay, Claire Joyes captures Monet's vigor and great love of life, his temper and his famous cuisine. To accompany the essay the Monet family has contributed many period photographs of the irascible old master. The gardens inspired some of Monet's greatest painting -- the Water Lilies, (the Nymphaea) the Grand All e. Seeing them side by

side with the gardens as they are now and as they were is a great delight, and with Claire Joyes' text the book is an important aid in understanding Monet both as man and as painter. -- From publisher's description.
