*Make Animal Sculptures with Paper Mache Clay* Jonni Good,2010 If you've always wanted to create life-like animal sculptures, but you thought it would be too hard or too expensive, you're in for a very pleasant surprise. This book contains step-by-step instructions and over 250 photos to guide you through the enjoyable process of making realistic animal sculptures in a whole new way. Jonni Good's easy techniques help you create stunning wildlife art without the mess usually associated with papier mache - and the patterns included in each chapter guarantee that your sculptures will be perfectly shaped and proportioned from the very start. Paper mache clay takes about 5 minutes to make, using inexpensive ingredients. Applying the clay to your form is as easy as frosting a cake. It goes on smooth, and dries hard and strong. It's easy to form life-like details like eyes and noses, fur and scales. Then finish your sculptures with acrylic paints to bring them to life. Jonni even shows you how to create your own patterns from original drawings or photos, so you can use her techniques to sculpt any animal you like. Creating life-like animal sculptures has never been so easy, or so much fun!

**Blindsight** Peter Watts,2006-10-03 Hugo and Shirley Jackson award-winning Peter Watts stands on the cutting edge of hard SF with his acclaimed novel, *Blindsight* Two months since the stars fell... Two months of silence, while a world held its breath. Now some half-derelict space probe, sparking fitfully past Neptune's orbit, hears a whisper from the edge of the solar system: a faint signal sweeping the cosmos like a lighthouse beam. Whatever's out there isn't talking to us. It's talking to some distant star, perhaps. Or perhaps to something closer, something en route. So who do you send to force introductions with unknown and unknowable alien intellect that doesn't wish to be met? You send a linguist with multiple personalities, her brain surgically partitioned into separate, sentient processing cores. You send a biologist so radically interfaced with machinery that he sees x-rays and tastes ultrasound. You send a pacifist warrior in the faint hope she won't be needed. You send a monster to command them all, an extinct hominid predator once called vampire, recalled from the grave with the voodoo of recombinant genetics and the blood of sociopaths. And you send a synthesist—an informational topologist with half his mind gone—as an interface between here and there. Pray they can be trusted with the fate of a world. They may be more alien than the thing they've been sent to find. At the Publisher's request, this title is being sold without Digital Rights Management Software (DRM) applied.

**Quincy** Barbara DiLorenzo,2018-04-03 Quincy the chameleon just can't seem to blend in. Will he ever find a way to embrace his uniqueness? Quincy wants to love chameleon school, but he's not very good at blending in. No matter how hard he tries to stop it from happening, all of this thoughts keep popping up on his skin! In camouflage class, the leaves he's supposed to blend in with remind him of rocket ships, so his skin changes to look like outer space. And when it's Quincy's turn to read his poem out loud, he realizes he has to pee-which the whole class realizes, too, when rolls of toilet paper appear on his skin! The only thing Quincy loves about school is painting during art class with his favorite teacher, Mrs. Lin. But can painting help him find a way to blend in?
