**Heaven Official's Blessing: Tian Guan Ci Fu (Novel) Vol. 1** Mo Xiang Tong Xiu,2021-12-14 NEW YORK TIMES BEST SELLER! The blockbuster danmei/Boys' Love novels from China that inspired the animated series! This epic historical fantasy about a prince and the mysterious man by his side is now in English, for the very first time. Born the crown prince of a prosperous kingdom, Xie Lian was renowned for his beauty, strength, and purity. His years of dedicated study and noble deeds allowed him to ascend to godhood. But those who rise may also fall, and fall he does--cast from the heavens and banished to the world below. Eight hundred years after his mortal life, Xie Lian has ascended to godhood for the third time, angering most of the gods in the process. To repay his debts, he is sent to the Mortal Realm to hunt down violent ghosts and troublemaking spirits who prey on the living. Along his travels, he meets the fascinating and brilliant San Lang, a young man with whom he feels an instant connection. Yet San Lang is clearly more than he appears... What mysteries lie behind that carefree smile? This Chinese xianxia fantasy novel series built around the romanticized love between two men (danmei) is the newest work from author Mo Xiang Tong Xiu, and has spawned an ongoing multimedia franchise that's beloved across the world--including the animated series (donghua) that amassed 100+ million views in just its first month. **Humble Homes, Simple Shacks, Cozy Cottages, Ramshackle Retreats, Funky Forts** Dr Derek Diedricksen,2012-02-01 This Old House meets Wayne's World in this zany guide to designing and building tiny homes Derek Diedricksen has always had a love for small, modest houses ever since his father gave him the book Tiny Tiny Houses by Lester Walker for his tenth birthday. Combining his artistic abilities, wild imagination, and his passion for small houses, he self-published Humble Homes, Simple Shacks, Cozy Cottages, Ramshackle Retreats, Funky Forts, and Whatever the Heck Else we could Squeeze in Here in 2009. This book is a collection of Diedricksen's creative/imaginative sketches for building small houses, shacks, cottages, and forts. The sketches are accompanied with hand-written commentary, both instructive and comical. Derek's main purpose is to get your creative juices flowing and encourage you to get off the couch and use your hands. Believing that specific building plans squash creativity, he avoids too many detailed instructions, giving you the chance to put your own creative spin on your very own small abode (even if it is just in your imagination).

Wild, a messenger from the deep past of man. Brought up from Neverness by the Alaloi people, Neanderthal cave-dwellers, Danlo alone of his tribe has survived a plague -- because he is not, as he thought, a misshaped Neanderthal, but human with immunity engineered into his genes. He learns that the disease was created by the sinister Architects of the Universal Cybernetic Church. The Architects possess a cure which can save other Alaloi tribes. But the Architects have migrated to the region of space known as the Vild, and there they are killing stars. All of civilization has converged on Neverness through the manifold of space travel. Beyond science, beyond decadence, sects and disciplines multiply there. Danlo, his mind shaped by the primitive man, brings to Neverness a single long-lost memory that will change them all.
