*The Lost Book of Herbal Remedies* Nicole Apelian, Claude

Davis, Sr., 2019-07-07 304 color pages, paperback, improved print quality, and a lot more plant identification details. This unique book is written by Dr. Nicole Apelian, an herbalist with over 20 years of experience working with plants, and Claude Davis, a wild west expert passionate about the lost remedies and wild edibles that kept previous generations alive. *The Lost Book of Herbal Remedies* has color pictures of over 181 healing plants, lichens, and mushrooms of North America (2-4 pictures/plant for easy identification). Inside, you'll also discover 550 powerful natural remedies made from them for every one of your daily needs. Many of these remedies had been used by our forefathers for hundreds of years, while others come from Dr. Nicole's extensive natural practice. This book was made for people with no prior plant knowledge who are looking for alternative ways to help themselves or their families. This lost knowledge goes against the grain of mainstream medicine and avoids just dealing with

symptoms. Instead, it targets the underlying root cause and strengthens your body's natural ability to repair itself. With the medicinal herbal reference guide included, it's very easy to look up your own condition and see exactly which herbs and remedies can help. Let me just offer you a small glimpse of what you'll find inside: On page 145 learn how to make a powerful relieving extract using a common backyard weed. This plant acts directly on the central nervous system to help with all kinds of pain and discomfort. You'll also discover the most effective natural antibiotic that still grows in most American backyards (page 150). Turn to page 43 for the natural protocol Dr. Nicole is recommending for a wide range of auto-immune conditions, after falling prey to MS herself at age 29. I could go on and on because this book contains no less than 800+ other medicinal plants and natural remedies.

*The Book of Fairy Poetry (Classic Reprint)* Dora

Owen, 2017-10-27 The Book of Fairy Poetry is a compilation of poems that took compiler Dora Owen several years to complete. Published in 1920, this anthology is divided into three parts: fairy stories, fairy songs, dances, and talk, and fairy lore. Each is filled with fantastic literary creations from the likes of J.R.R. Tolkien, William Shakespeare, Robert Louis Stevenson, John Milton, and William Butler Yeats, as well as traditional pieces. Even Mrs. Owen herself included her own original poem, titled Children, Children, Don't Forget. The compiler arranged the poems and songs chronologically in each division. She also included beautiful black and white illustrations by Warwick Goble, depicting the characters and scenarios described in some of the featured verses. This book may very well be a fairy-themed Mother Goose as it features stories that appeal to the young and old alike. Avid fans of all things fairy and supernatural will delight in this work the most - no poem or ballad is without a reference to mythical beings. Lovers of the written word and of poetry will also appreciate the literary value of the verses in this volume. This is

quite expected owing to the fact that some of the works of legends and icons in the literary world are featured in The Book of Fairy Poetry. Parents will also find this apt as bedtime reading for children. About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books.
