*Star Wars Origami* ,2012-08-07 Kids love origami—and what could be cooler than transforming a piece of paper into Boba Fett, Princess Leia, Yoda, or R2-D2? And not just any paper, but custom-designed paper illustrated with art from the movies. Star Wars® Origami marries the fun of paper folding with the obsession of Star Wars. Like *The Joy of Origami* and *Origami on the Go*, this book puts an original spin on an ancient art. And like Star Wars® Scanimation® and Star Wars® Fandex®, it's a fresh take on Star Wars mania. Chris Alexander is a master folder and founder of the popular website [StarWarsOrigami.com](http://StarWarsOrigami.com), and here are 36 models, clearly explained, that range in difficulty from Youngling (easy) to Padawan (medium), Jedi Knight (difficult), and Jedi Master (tricky!). A front section introduces origami definitions and basic folds. Bound in the back is the book's unique folding paper, two sheets for each figure. Illustrated with original art, it makes each creation—the essential lightsabers, the Death Star, and much more—true to the movies. *Star Wars Origami* includes a foreword by Tom Angleberger, author of the New York Times bestsellers *The Strange Case of Origami*

Yoda and Darth Paper Strikes Back, and is scheduled to be published at the same time as Angleberger's upcoming book, The Secret of the Fortune Wookiee.

FM 100-2-1 This field manual is part of FM series 100-2, The Soviet Army. The other volumes are FM 100-2-2, The Soviet Army: Specialized Warfare and Rear Area Support, and FM 100-2-3, The Soviet Army: Troops, Organization and Equipment. These manuals cannot stand alone, but should be used interchangeably. These field manuals serve as the definitive source of unclassified information on Soviet ground forces and their interaction with other services in combined arms warfare. These manuals represent the most current unclassified information and they will be updated periodically. More information would become available in the event of war or national emergency. Why buy a book you can download for free? We print the paperback book so you don't have to. First you gotta find a good clean (legible) copy and make sure it's the latest version (not always easy). Some documents found on the web are missing some pages or the image quality is so poor, they are difficult to read. If you find a good copy, you could print it using a network printer you share with 100 other people (typically its either out of paper or toner). If it's just a 10-page document, no problem, but if it's 250-pages, you will need to punch 3 holes in all those pages and put it in a 3-ring binder. Takes at least

an hour. It's much more cost-effective to just order the bound paperback from Amazon.com This book includes original commentary which is copyright material. Note that government documents are in the public domain. We print these paperbacks as a service so you don't have to. The books are compact, tightly-bound paperback, full-size (8 1/2 by 11 inches), with large text and glossy covers. 4th Watch Publishing Co. is a HUBZONE SDVOSB. <https://usgovpub.com>

*If Anything Happens I Love You* Will McCormack,Michael Govier,2022-09-27 Unimaginable loss yields to the power of human connection in this simple, moving story from the filmmakers of the eponymous Oscar-winning film. An elegy on grief. Heavy pain exquisitely rendered. Kirkus Starred

Review Based on the Academy Award-winning animated short by the same name, *If Anything Happens I Love You* is a young adult graphic novel that follows two parents as they reckon with the loss of their young daughter, Rose, in a school shooting. Readers follow Rose from “above” as she watches her parents slowly break down under the weight and pain of their loss. Throughout the novel, Rose’s soul seeks to help her parents reconnect. We learn who Rose was and how much life she lived in her short time. By incorporating a wide range of characters, her boyfriend, teacher, and her cat, Rose is able to introduce healing into the lives of the people she left behind. *If Anything Happens I Love You* may be a story about loss, but in it we see ourselves—in the grief, the pain, and, most importantly, in the fight toward human connection, love, and acceptance.

**A Call to Duty** David Weber, Timothy Zahn, 2014-09-16 Growing up, Travis Uriah Long yearned for order and discipline in his life . . . the two things his neglectful mother couldn’t or wouldn’t provide. So when Travis enlisted in the Royal Manticoran Navy, he thought he’d finally found the structure he’d always wanted so desperately. But life in the RMN isn’t exactly what he expected. Boot camp

is rough and frustrating; his first ship assignment lax and disorderly; and with the Star Kingdom of Manticore still recovering from a devastating plague, the Navy is possibly on the edge of budgetary extinction. The Star Kingdom is a minor nation among the worlds of the Diaspora, its closest neighbors weeks or months away, with little in the way of resources. With only modest interstellar trade, no foreign contacts to speak of, a plague-ravaged economy to rebuild, and no enemies looming at the hyper limit, there are factions in Parliament who want nothing more than to scrap the Navy and shift its resources and manpower elsewhere. But those factions are mistaken. The universe is not a safe place. Travis Long is about to find that out. At the publisher's request, this title is sold without DRM (Digital Rights Management).

**Saints Around the World** Meg Hunter-Kilmer, 2021-08-16 The lives of the Saints are one of the most powerful ways God draws people to himself, showing us the love and the joy we can find in him. But so often, these Saints seem distant—impossibly holy or dull or unlike us in race and age and state in life. In *Saints Around the World*, you'll meet over one-hundred Saints from more than sixty countries, including Saints with different disabilities, strengths, and struggles. The beautiful illustrations and captivating storytelling will introduce you and your children to new heavenly friends while also helping you fall more in love with Jesus. Each story in this book is written not only to capture the imagination but also to speak about God's tremendous love and our call to be saints. There are stories in *Saints Around the World* for when you feel like life isn't fair, when people are being unkind to you, when you've made a terrible mistake, when you're struggling at school, when prayer is hard. And there are

stories of shouting down Nazis, of fleeing a murderous villain, of making scientific discoveries, of smoking a cigar while enemy soldiers amputate your leg. There are scared Saints, brilliant Saints, weak Saints, adventurous Saints, abused Saints, overjoyed Saints, disabled Saints—and the point of every one of them is the love of God. Whether you're checking the map to find Saints who look like you or perusing the extensive indices to find Saints with your skills or struggles, you'll find countless stories in this book that remind you how very possible holiness is.

*Achtung-Panzer!* Heinz Guderian,1995 This is one of the most significant military books of the twentieth century. By an outstanding soldier of independent mind, it pushed forward the evolution of land warfare and was directly responsible for German armoured supremacy in the early years of the Second World War. Published in 1937, the result of 15 years of careful study since his days on the German General Staff in the First World War, Guderian's book argued, quite clearly, how vital the proper use of tanks and supporting armoured vehicles would be in the conduct of a future war. When that war came, just two years later, he proved it, leading his Panzers with distinction in the Polish, French and Russian campaigns. Panzer warfare had come of age, exactly as he had forecast. This first English translation of Heinz Guderian's classic book - used as a textbook by Panzer officers in the war - has an introduction and extensive background notes by the modern English historian Paul Harris.

How to Make Adorable Baby Animal Dolls Jonni Good,2013-06 In this book the author shows you exactly how to make your own adorable baby animal collector's dolls, leading you through the entire process every step of the way. Your dolls won't cost much to make, and every doll will be an original, one-of-a-kind work of art. Since no two dolls ever come out exactly alike, each doll will have it's own personality and character. You won't have to learn how to make molds for the doll heads, because each one is hand-sculpted over a simple armature. You don't need a kiln, because you'll be using home-made air-dry clay instead of porcelain. The resulting heads are seamless, hollow, and surprisingly strong. The bodies and ears are made out of soft, huggable cotton velour, and the toes are sculpted with a few easy stitches. Adorable!
