Paint by Sticker Kids: Under the Sea Workman Publishing, 2017-05-16 Paint by Sticker is the most exciting new idea in activity books, both for grown-ups and kids. A compelling activity for crafters and artists, doodlers and colorers of all ages, each Paint by Sticker Kids book includes everything you need to create ten vibrant, full-color “paintings.” The original images are rendered in low-poly, a computer graphics style using geometric polygon shapes to create a 3D effect. As in paint-by-number, each template is divided into spaces, each with a number that corresponds to a particular sticker. Find the sticker, peel it, and place it in the right space. Add the next, and the next, and the next—it’s an activity that’s utterly absorbing, both in the pleasure of peeling and sticking and the growing satisfaction of watching a “painting” come to life, emerging from a flat black-and-white illustration to a dazzling image with color, body, and spirit. Paint by Sticker Kids: Under the Sea is a journey into the world beneath the waves. Kids will create a dolphin, a shark, an octopus, and other denizens of the watery world. The card stock pages are perforated so kids can remove them easily and display, or share, their finished works of art.

Under the Sea Origami Duy Nguyen, 2005 From a slithering electric eel to a ferocious barracuda, Duy Nguyen shows you simple paper folding techniques for crafting extraordinary sea creatures. These striking projects, specially designed for Under the Sea Origami, are fun to make

using Nguyen's instructions. You don't have to dive under the sea to spot dolphins because these mammals enjoy jumping out of the water. Your origami model will emulate this graceful leaping motion once you create its intricately-folded arched back, fins, and snout. With a long, wide body and whip-like tail, the stingray is a most distinctive-looking fish. It appears to be in mid-flight even though it's nimbly swimming in the water. The hammerhead shark is easily recognized by the shape of its skull. A large tail, made by using mountain and valley folds, rises dramatically to give the hammerhead a great silhouette. The origami blue shark, on the other hand, will attract attention because of its large gaping mouth! To complete the swordfish, you'll need to attach two pieces of folded paper together. Anyone might be frightened by the appearance of a creature that has a swordlike beak and pointy head, unless it was made of paper like this one is! The squid is as fun to create as the swordfish. Its creepy tentacles will take shape after you cut the valley-folded tail into layers. You will find that these unusual origami projects are among the most original ever designed. Book jacket.

My Book of Beautiful Oops! Barney Saltzberg, 2017-05-30 Every mistake is an opportunity to make something beautiful. This is the central idea of Beautiful Oops!, Barney Saltzberg's beloved bestseller—and now My Book of Beautiful Oops!, an interactive journal for young artists, takes that principle into unexpected new directions. A hands-on journal that's meant to be personalized—drawn in, painted on, torn up, smudged, or otherwise artistically wrecked—My Book of Beautiful Oops! is filled with folded, crumpled, die-cut, and lift-the-flap pages that will challenge the reader's sense of play. The friendly green alligator from the first book prompts the reader: Bend a page. Decorate a smudge. Play with splats and spills. Even complete a poem that was accidentally ripped in half. My Beautiful Book of Oops! champions imagination, play, and the courage to express oneself. It's about self-forgiveness, about turning off that inner critic that clamors for perfection. And it's about freedom—the freedom to be creative and follow your curiosity wherever it goes. That's a lesson to celebrate.
