Ocean Animals. Make Your Own Pop-up Book Andreea Hompoth Voicu,2023-03-23 Ocean animals Make your own Pop-up book coloring pop-up book creation kit for kids that can be cut and assembled at home. The different pages and pop-up elements will be cut out to make an entirely new book. Children can find out interesting facts about forest animals, color and make their own pop-up book. The book contains 6 different pages and each page has information about: sting ray, starfish, whale, hermit crab, turtle and octopus. Each page contains a different pop-up mechanism. I see it more like a family project, where you can build your own pop-up book, learn new things and develop the children's motor skills. At the beginning of the book, you will find instructions on how the different elements are used to build the pop-up book. I used photos to show how the book can be assembled. You will require scissors, glue and cardboard/ticker paper to assemble the project. I hope you enjoy it!

Paint by Sticker Kids: Under the Sea Workman Publishing,2017-05-16 Paint by Sticker is the most exciting new idea in activity books, both for grown-ups and kids. A compelling activity for crafters and artists, doodlers and colorers of all ages, each Paint by Sticker Kids book includes everything you need to create ten vibrant, full-color “paintings.” The original images are rendered in low-poly, a computer graphics style using geometric polygon shapes to create a 3D effect. As in paint-by-number, each template is divided into spaces, each with a number that corresponds to a particular sticker. Find the sticker, peel it, and place it in the right space. Add the next, and the next, and the next—it’s an activity that’s utterly absorbing, both in the pleasure of peeling and sticking and the growing satisfaction of watching a “painting” come to life, emerging from a flat black-and-white illustration to a dazzling image with color, body, and spirit. Paint by Sticker Kids: Under the Sea is a journey into the world beneath the waves. Kids will create a dolphin, a shark, an octopus, and other denizens of the watery world. The card stock pages are perforated so kids can remove them easily and display, or share, their finished works of art.
