*Original Grin* Ron English, 2019-07-16 Through his highly subversive art Ron English (b. 1959) has bombed the global landscape with striking and often unsettling imagery. He coined the term POPaganda to describe his signature and darkly satirical renderings of corporate branding icons. Ranging from superhero mythology to pillars of art history, his work is populated with a vast and constantly growing arsenal of original characters such as MC Supersized, the obese fast-food mascot featured in the hit movie Supersize Me; and Abraham Obama, which fused America's 16th and 44th Presidents, an image that was posited by the media as having directly impacted the 2008 election. His cameo on The Simpsons secured his position as America's premier pop iconoclast. This book is the first complete retrospective of English's work, compiling his paintings, illustrations, toys, sculpture, street art, and agit-pop. Additionally, it contains a lengthy and comprehensive interview with the artist conducted exclusively for this publication.

**Wargaming Campaigns** Henry Hyde,2022-07-20 An authoritative reference guide to building wargaming campaigns, featuring a full set of campaign rules, tips on creating maps, and more. Most miniature wargames take the form of simulating a single battle with the opponents either winning or losing and that's that until the next game. Such games can be a fun test of tactical skill, but it can be even more rewarding if they form part of a wider campaign. In a campaign, the players commanding the forces have to make the decisions at the strategic level that determine the context of any battles that occur. The outcome of these battles will, in turn, have strategic consequences for the ongoing campaign. Although campaigns can be very rewarding, many wargamers are deterred by the need to produce maps and devise mechanisms for strategic movement, Intelligence, logistics, recruiting reinforcements, keeping track of casualties etc. Henry Hyde's excellent book greatly eases this task with masses of sound advice, concrete suggestions and even a full set of campaign rules useful for any period. Whatever historical or fantasy setting you prefer, Henry shows that even simple campaigns can add extra fun to your gaming. Praise for Wargaming Campaigns "This big, thick tome contains everything you'd ever want to know about creating and running a wargame campaign." —Historical Miniatures Gaming Society

Magick can make people see you in a new light, protect you, end bad luck, open new opportunities, and direct change in whatever way you want. If you have a need, it can be served through magick. With servitor magick you create a spirit yourself, using your mind, heart and soul, to serve your deepest needs. This is the most personal magick imaginable, and it can reward you with extreme pleasure, the power to create change, and the ability to attract prosperity in all areas of your life. Everything that could be said about servitors has been said. Until now. Servitor magick has been around for a long time, but it became popular in the last half-century or so. There are countless Chaos Magick books and free websites that will tell you how to create a servitor. There are a small number of variations on a theme, but the essence of these sources is the same. *Magickal Servitors* contains two major secrets discovered by The Gallery of Magick, which are embedded within the fabric of this process. This magick is designed to be accessible to beginners as well as experienced occultists. If you are new to magick, all you need is an open mind and the willingness to work with the techniques as instructed. You will be pleasantly surprised by the way the world yields to the touch of magick. You will discover: Spirits that are easy to contact and effortless to command. Servitors that grow and change with your needs. Magick for long-term, repeating results. Servitors for Self-Development, that help you enhance or subdue a personality trait. Perception Servitors, to see people and situations clearly. Servitors of influence, to stir thoughts and feelings in others. Manifestation Servitors for material rewards and real-world change. The secret process of Vision, Creation and Life that gives birth to a loyal, powerful spirit. Acclaimed author Damon Brand say, 'With the secrets of practical magick, you create your life according to your true will. There is no higher magick than the magick that brings results.' This book presents a system for creating servitors that will enable you to craft a conscious spirit that will act on your behalf, manipulating matter, time and the patterns of reality to bring the results you desire.
