GOD'S GOLDEN BOX Gayle A. McCoy, 2010-08-23 Read this exciting story of the early Israelite people . . . You can almost hear the men of Israel as they cut and plane the hardest and heaviest wood in the world to make the Ark of the Covenant, the most fabulous piece of cabinetmaker's art ever conceived. No nails in this ark; only wood, and to top off this wooden masterpiece, the ark was covered with 100-percent twenty-four-karat gold. The total weight of the ark came to over two tons.

The Ark of the Covenant Roderick Grierson, Stuart C. Munro-Hay, 2000-03-02 At the heart of the city of Aksum in Ethiopia stands a small chapel, whose entrance is constantly guarded. Ethiopians believe that this chapel contains the Ark of the Covenant; their religious epic The Glory of Kings gives an account of how Makeda, the Queen of Sheba had a son by Solomon and how it was this son who removed the Ark from Jerusalem because of the disobedience of the people of Israel.

Ark K.B. Kofoed, 2015-06-01 The Bible faithfully describes the construction of an object that has mystified the public and scholars throughout history; The Ark of the Covenant, a simple wooden box overlaid with gold that was used by Moses to conquer the middle east. But what it looked like and how it worked are questions that remained shrouded in mystery. Until now! Jim Wilson, a graphic artist and ordinary citizen, never gave the Ark any thought until a publisher asked him to make drawings of it for a magazine article. To do this Jim was tasked with doing research that led to an amazing discovery which came not from what others had said about the Ark but from the Old Testament's book of Exodus in his family Bible. This project would evolve and change his life in ways he would never have believed. At the publisher's request, this title is sold without DRM (Digital Rights Management).

The Quest for the Ark of the Covenant Stuart Munro-Hay, 2007-06-29 In a chapel in the old crenellated church of Mary of Zion in Aksum, Ethiopia is kept an object that emperors, patriarchs and priests have assured the world is the most important religious relic of all time: the tabota Seyon, Ark of the Covenant, the Ark of Zion. This Ark is alleged to be no other than the Ark that Moses had constructed at Sinai and which destroyed the walls of Jericho. It was brought into Jerusalem by King David and installed in a magnificent temple by King Solomon. Then, the story goes, it came to Ethiopia of its own choice with the half-Ethiopian, half-Jewish son of Solomon and the Queen of Sheba. Are the legends true? Or is this story a monumental deception? Is there any real proof or is it the faith of a people alone that has created this Ark? From ancient texts to local stories, from the Bible to the writings of sixteenth and seventeenth century Jesuits, Stuart Munro-Hay traces the extraordinary legend of Ethiopia's Ark in what is a triumph of historical detective work. Munro-Hay scrutinises every mention of the Ark in Ethiopian records and tests every theory before he reaches his shocking conclusion. The Quest for the Ark of the Covenant promises to settle the mystery of the Ark of the Covenant for once and for all.

The Discovery of the Ark of the Covenant Alan Wilson, Barum Blackett, 2007-08-29 British history records that there were two major migrations from the near east into Britain in antiquity. One was the fleet migration from Syria led by Albyne around 1560 BC, and the other was the second fleet migration from the Trojan Dardanelles areas in Western Turkey led by Brutus around 504 BC. Ancient alphabet inscriptions and other tangible and written records show that the second migration was that of the Ten Tribes of Israel. The same ancient Alphabet is found all the way along the British migration routes from Palestine, to Assyria, through Asia Minor to the Aegean and to Etruscan Italy and Rhaetian Switzerland. In Britain the Ten Tribes were known as the Khumry. This research began in 1976 some 31 years ago and it has met with nothing but opposition and obstruction. Around 1360 BC Moses has the fabulous box called the Ark of the Covenant made. This holy box was the national talisman of the Hebrew nation. It was revered as the place of the presence of the god Yahweh and the most holy thing belonging to the Hebrew nation. A series of events that included the Ark being seen as an invincible means of military success and in one disaster being captured by the Philistines ended when King David placed the Ark in the care of the family of Obed Edom, and he took the Ark to Jerusalem around 975 BC along with the family of Obed Edom. The next King was Solomon and he built a celebrated temple in Jerusalem to house the Ark, where annually the high priest entered the holy of holies chamber to serve the divine box. Nothing much is said of the Ark until c. 790 BC the Judean King Ahaziah attached the Israelite King Jehoash and was totally defeated. The victorious Jehoash then went to Jerusalem where he took everything from the palace and everything from the temple, and he also took away the family of Obed Edom who are the family mentioned several times in the Bible as guardians of the Ark. Therefore, Jehoash removed the Ark from Jerusalem and took it north to Samaria. Nothing is said in the Biblical record of the Ark being anywhere near Jerusalem after this event in circa 790 BC. In 740-736 BC the Judean King Ahaz paid a huge bribe to the Assyrian Emperor Tiglathpileser III to attack King Pekah of Ten Tribe Israel, and as a result Israel was totally crushed by the Assyrian army. A large number of Israelite nobles and leaders were immediately deported north to areas around Harran from where the patriarch Abraham has begun his migrations. In successive campaigns by the Assyrian emperors Shalmaneser IV, Sargon II, and Sennacherib great numbers of the Israelite nation were deported north and up into the areas north of Harran. In 702 BC Sennacherib recorded how he deported 200, 120 people in one mass exodus. The Assyrian records unmistakably and persistently call the Ten Tribes as the Khumry. It is a virtual certainty that these deported Ten Tribes took the Ark with them from Israel. Sennacherib was murdered by two of his sons in c. 687 BC and civil war convulsed the Assyrian Empire and as the heir Esarhaddon fought the murders the massed Ten Tribes took the opportunity to move westwards across both the upper branches of the Y shaped Euphrates river as described in the Book of Esdras II. They moved slowly and unstoppably through

Siasia Minor and the Greeks recorded their migration as that of the Kimmerio-Khumry. There is a record of the Khumry having the Ark with them on this journey from north of Assyria through Asia Minor and to the Dardanelles. Finally around 650 BC the nation split into two and one half migrated to Italy whilst the other half remained in the areas around Byzantium until circa 504 BC when they gathered on the island of Lemnos before sailing to Britain in the fleets. An inscribed stone that was found on Lemnos in 1876 and now in the Athens museum that records this gathering and the intent to sail to Britain. Either the Ark was taken to Etrurian Italy in circa 650 BC or it remained near the Dardanelles until around 504 BC before being brought into Britain. The fact is that the Greal or Holy Greal is simply a record, and a comparison would be that the Bible, the Koran, the American Declaration of Independence, or the Two Tablets brought down the mountain by Moses, would all be greals. Britain is the land of the Holy Greal. The search was begun to locate the Ark in Britain and this proved to be relatively straightforward but technically different. The persistent ancient legend in the area north of Cardiff is that a great chest lies buried and this chest is guarded by two Cigfrangawr – Giant Ravens. It is not difficult to perceive that this great chest is the Ark that has two golden Cherubim– fearsome dragons figures. What emerged was that these had been a direct transfer of culture from Israel to Britain and all across the hills of South Wales there are gigantic mounds, and these huge mounds are named and set out in a pattern to mirror the pattern of the major stars in the heavens. Then there are several ancient tales that tell of the great plants moving on their orbits and being in conjunction with the main stars of the various constellations. The journeys of the planets– seen as moving and not fixed stars– are tracing out routes that can be followed around the Star t Mound Maps on the ground. In short our British ancestors left us clear records of where to go. The Ark is at a place where the giant mound marks the start Regulus in Leo the Lion, the Judean emblem. The ancient place name is The Enclosure of the Ark and the central area is The Place of Worship. The top of the large hillock has clearly been molded by the hand of man, and satellite photography showed spoil heaps tumbling down the slopes form a tunnel excavated horizontally to underground chambers. Five very ancient drainage systems of the type used in antiquity to drain and keeps chambers dry are clearly evident/ Amazingly the Above sea Levels readings of satellite photography proved absolutely that the top 60 feet of this low dome shaped hill is a man-made construction. This is unassailable, incontrovertible, and absolute scientific proof of the highest order. Ground penetrating radar and other methods shows at least two underground chambers, and deep reading g electronic metal detection identifies a large non-ferrous box of around four feet + long and two feet + wide. This is the precise size of the Ark of the Covenant. An approach has been made to the Welsh National Assembly and hopefully something positive will at last be done to restore Khumric British heritage, cultures, and history.

We had about 1000 visitors go through before one of the worst storms I have ever seen here made the structure unstable and the ground too wet. We fight quite a battle here in what the New Age calls its capital. Many were very moved. The Ark Of The Covenant Carlo Santi,2021-05-21 The Ark of the Covenant has always been considered the most important object of Christianity. God ordered Moses to build it to witness His divine presence among the Israelites, thus destined to become the “People of God”. The Tablets of the Law, Aaron's staff, and a container with manna were stored in it. The track of the Ark has been lost for millennia. Many believe it is in Ethiopia, kept in the new Sancta Sanctorum of Axum, hidden from the worldand shrouded in an inextricable mystery. A tremendous earthquake, with its epicenter in Axum, devastates Ethiopia, bringing destruction, death, and disease. The losses are incalculable, but the worst is yet to come. Shortly thereafter, unexplained deaths caused by an

abnormal presence of radiation in the air begin to occur, which risk further decimating the already tormented population. Subsequent events will lead Santini and his team on the trail of the Ark of the Covenant to discover a fact that is now certain: the sacred artifact is out of control. Not only the Ethiopian people, but the whole of humanity could risk perishing under its terrifying destructive power.
