I, Partridge Steve Coogan, 2011 Journalist, presenter, broadcaster, husband, father, vigorous all-rounder - Alan Partridge - a man with a fascinating past and an amazing future. Gregarious and popular, yet Alan's never happier than when relaxing in his own five-bedroom, south-built house with three acres of land and access to a private stream. But who is this mysterious enigma? Alan Gordon Partridge is the best - and best-loved - radio presenter in the region. Born into a changing world of rationing, Teddy Boys, apes in space and the launch of ITV, Alan's broadcasting career began as chief DJ of Radio Smile at St. Luke's Hospital in Norwich. After replacing Peter Flint as the presenter of Scout About, he entered the top 8 of BBC sports presenters. But Alan's big break came with his primetime BBC chat show *Knowing Me, Knowing You*. Sadly, the show battled against poor scheduling, having been put up against *News at Ten*, then in its heyday. Due to declining ratings, a single catastrophic hitch (the killing of a guest on air) and the dumbing down of network TV, Alan's show was cancelled. Not to be dissuaded, he embraced this opportunity to wind up his production company, leave London and fulfil a lifelong ambition to return to his roots in local radio. Now single, Alan is an intensely private man but he opens up, for the second time, in this candid, entertaining, often deeply emotional - and of course compelling - memoir, written entirely in his own words. (Alan quickly dispelled the idea of using a ghost writer. With a grade B English Language O-Level, he knew he was up to the task.) He speaks touchingly about his tragic Toblerone addiction, and the painful moment when unsold copies of his first autobiography, *Bouncing Back*, were pulped like 'word porridge'. He reveals all about his relationship with his ex-Ukrainian girlfriend, Sonja, with whom he had sex at least twice a day, and the truth about the thick people who make key decisions at the BBC. A literary tour de force, *I, Partridge: We Need to Talk About Alan* charts the incredible journey of one of our greatest broadcasters.

A Year with Swollen Appendices Brian Eno, 2020-11-17 The diary and essays of Brian Eno republished twenty-five years on with a new introduction by the artist in a beautiful hardback edition. 'One of the seminal books about music . . . an invaluable insight into the mind and working practices of one of the industry's undeniable geniuses.' GUARDIAN At the end of 1994, Brian Eno resolved to keep a diary. His plans to go to the cinema, theatre and galleries fell quickly to the wayside. What he did do - and write - however, was astonishing: ruminations on his collaborative work with David Bowie, U2, James and Jah Wobble, interspersed with correspondence and essays dating back to 1978. These 'appendices' covered topics from the generative and ambient music Eno pioneered to what he believed the role of an artist and their art to be, alongside adroit commentary on quotidian tribulations and happenings around the world. This beautiful 25th-anniversary hardcover edition has been redesigned in the same size as the diary that eventually became this book. It features two ribbons, pink paper delineating the appendices (matching the original edition) and a two-tone paper-over-board cover, which pays homage to the original design. An intimate insight into one of the most influential creative artists of our time, *A Year with Swollen Appendices* is an essential classic.

Pandemonium Armando Iannucci, 2021-11-04 Tell, Mighty Wit, how the highest in forethought and, That tremendous plus, The Science, Saw off our panic and Globed vexation Until a drape of calmness furled around the earth And beckoned a new and greater normal into each life For which we give plenty gratitude and pay Willingly for the vict'ry triumph Merited by these wisest gods. *Pandemonium* is an epic mock-heroic poem, written in response to the pandemic with all the anger and wit that Armando Iannucci brings to his vision of contemporary events. It tells the story of how Orbis Rex, Young Matt and his Circle of Friends, Queen Dido and the blind Dom'nic did battle with 'a wet and withered bat' from Wuhan.

In the Bubble John Thackara, 2006-02-17 How to design a world in which we rely less on

stuff, and more on people. We're filling up the world with technology and devices, but we've lost sight of an important question: What is this stuff for? What value does it add to our lives? So asks author John Thackara in his new book, *In the Bubble: Designing for a Complex World*. These are tough questions for the pushers of technology to answer. Our economic system is centered on technology, so it would be no small matter if tech ceased to be an end-in-itself in our daily lives. Technology is not going to go away, but the time to discuss the end it will serve is before we deploy it, not after. We need to ask what purpose will be served by the broadband communications, smart materials, wearable computing, and connected appliances that we're unleashing upon the world. We need to ask what impact all this stuff will have on our daily lives. Who will look after it, and how? *In the Bubble* is about a world based less on stuff and more on people. Thackara describes a transformation that is taking place now—not in a remote science fiction future; it's not about, as he puts it, the schlock of the new but about radical innovation already emerging in daily life. We are regaining respect for what people can do that technology can't. *In the Bubble* describes services designed to help people carry out daily activities in new ways. Many of these services involve technology—ranging from body implants to wide-bodied jets. But objects and systems play a supporting role in a people-centered world. The design focus is on services, not things. And new principles—above all, lightness—inform the way these services are designed and used. At the heart of *In the Bubble* is a belief, informed by a wealth of real-world examples, that ethics and responsibility can inform design decisions without impeding social and technical innovation.

Soupy Twists! Jem Roberts, 2018-09-06 This first ever, officially authorised biography of Fry & Laurie takes us on their journey from insecure Footlighters to international comedy heroes. It is the tale of a true friendship, a deep affection between two very funny men which has long been reflected back from an adoring public. Jem Roberts, acclaimed chronicler of *Blackadder* and *The Hitchhiker's Guide to the Galaxy*, covers everything from the excitement of being the first Perrier Award winners with *The Cellar Tapes* to the terrors of performing on *Saturday Live*, the collaborative warfare of *Blackadder* and the ultimate depiction of Wodehouse's most inimitable characters, Jeeves & Wooster. Beyond this, the trials and tribulations of their remarkable subsequent separate career paths, from *QI* to *House*, will be explored for the first time. With tantalising, never-before-seen titbits from the *A Bit of Fry & Laurie* archive, and interviews with Emma Thompson, Richard Curtis, John Lloyd and more, this history of Fry & Laurie is an overdue celebration, paying tribute to a legacy of laughter from one of the funniest double acts of all time.

The Establishment Owen Jones, 2015-04-21 A major bestseller in the UK and a six-time Best Book of 2014, *The Establishment* is a sweeping look at how power and money have made British politics hugely undemocratic. Power, money, and undemocratic politics—wait, does that sound familiar? Who wields power in politics? It is a question that's asked all too often—and never really answered. But that's exactly what Owen Jones has done in *The Establishment*, which has already taken Great Britain by storm. To expose the shadowy and unaccountable network of people who dominate British political life—the people who influence major decisions and reap huge profits in the process—Owen Jones sets out on a journey into the very heart of the elite. From the lobbies of the Houses of Parliament to Rupert Murdoch's newsrooms to the conference rooms of some of the world's biggest banks, Jones systematically explores the revolving doors that link the worlds of politics, media, and finance—and shows how this corrupt and incestuous world came to be. Funny, sharp, and rich with brilliant descriptions of the men and women at the heart of the elite, *The Establishment* is a joy to read, but its diagnosis is deadly serious: the establishment is the biggest threat to democracy today. And it's time, writes Jones, for it to be challenged.

Saul Bass Jan-Christopher Horak, 2014-11-18 Iconic graphic designer and Academy

Award-winning filmmaker Saul Bass (1920–1996) defined an innovative era in cinema. His title sequences for films such as Otto Preminger's *The Man with the Golden Arm* (1955) and *Anatomy of a Murder* (1959), Alfred Hitchcock's *Vertigo* (1958) and *North by Northwest* (1959), and Billy Wilder's *The Seven Year Itch* (1955) introduced the idea that opening credits could tell a story, setting the mood for the movie to follow. Bass's stylistic influence can be seen in popular Hollywood franchises from the *Pink Panther* to James Bond, as well as in more contemporary works such as Steven Spielberg's *Catch Me If You Can* (2002) and television's *Mad Men*. The first book to examine the life and work of this fascinating figure, *Saul Bass: Anatomy of Film Design* explores the designer's revolutionary career and his lasting impact on the entertainment and advertising industries. Jan-Christopher Horak traces Bass from his humble beginnings as a self-taught artist to his professional peak, when auteur directors like Stanley Kubrick, Robert Aldrich, and Martin Scorsese sought him as a collaborator. He also discusses how Bass incorporated aesthetic concepts borrowed from modern art in his work, presenting them in a new way that made them easily recognizable to the public. This long-overdue book sheds light on the creative process of the undisputed master of film title design—a man whose multidimensional talents and unique ability to blend high art and commercial imperatives profoundly influenced generations of filmmakers, designers, and advertisers.

Hear Me Out Armando Iannucci, 2019-05-28 A celebration of music from the creator of *Alan Partridge*, *The Thick of It*, *Veep* and *The Death of Stalin*. All my days, I've felt pressurized by the anonymous Keepers of the Cool who tell us what we should be wearing this year, what digital boxsets we should bunker ourselves in to enjoy, what amazing app is the only one we should be shrieking emotions at our recently acquired friends with. Thankfully, I have the one consolation that if I don't quite fit into all of this, everyone else probably feels the same way. So, I say defiantly, I get more moved and excited by classical music than by any other musical genre. I believe that it is there for us all, inviting us to reach out and touch it. In *Hear Me Out* Armando Iannucci brilliantly conveys the joy of his musical exploration, each discovery suggesting a fresh direction of travel, another piece, another composer, another time.

A Woman First: First Woman Selina Meyer, 2019-03-19 A hilarious parody memoir for the beloved *Veep* character portrayed for seven seasons by Emmy-winner Julia Louis-Dreyfus. Born and raised deep in the American heartland of God-fearing suburban Maryland, young Selina Eaton learned to love her country and her fellow man from her parents, Catherine, a sportswoman, dog lover, and philanthropist, and Gordon, or “Daddy” as she always called him, a businessman and entrepreneur. From an early age, Selina, an active, curious, happy-go-lucky child, showed an uncanny ability to relate to others and to solve their real-world problems with real-world solutions. In this she was inspired by her idol: feminist, humanitarian, stateswoman, and first lady, Eleanor Roosevelt. Eleanor Roosevelt maintained a lively relationship with many prominent figures of her time, including Adlai Stevenson, John F. Kennedy, Albert Schweitzer, and probably Pablo Casals. She inspired countless women to break out of the established roles for women in society, among them the pioneering aviatrix Amelia Earhart, with whom she flew several times. Dubbed the “Queen of the Air,” Amelia Earhart captivated the nation both with her bravery, skill, and daring when flying her planes and when challenging society's hidebound attitudes as to what constituted a proper place for women. America mourned when she disappeared mysteriously somewhere in the Pacific during an attempted around-the-world flight in 1937. Speculation continues to this day as to Amelia's ultimate fate, even as hope has faded that she may yet be found alive. With wit, wisdom, eloquence, and fearless honesty, Selina Meyer reveals for the first time what really goes on in the halls of power, including the ultimate hall, the White House. It's all here: the triumphs, the tragedies, the personalities, and the momentous events that have shaped our times, brought together in a page-turning

tale told as only Selina Meyer could tell it. Selina Meyer's compassion, her sense of humor, her grace, and her uncommon willingness to bare her heart make this story revelatory, beautifully rendered, and unlike any other president's memoir ever written. First Woman: A Woman First would be a fitting title for a book about Selina Meyer, Eleanor Roosevelt, or Amelia Earhart, but in this case, it is about Selina Meyer.

The Thick of It: The Missing DoSAC Files Armando Iannucci, Ian Martin, Jesse Armstrong, Simon Blackwell, Tony Roche, 2016-05-05 'It's the kind of f***-up that would normally have Malcolm Tucker, Number 10's Communications Director, the master of spin and the Matrix spitting blood ... No, the guilty party in this instance is none other than Tucker himself. The man who likes to keep an iron grip on every news item in the media and every policy announcement that comes out of the government, has only gone and LEFT A CONFIDENTIAL FILE ON A TRAIN: The DoSAC Files.' Based around the idea that King of Spin Malcolm Tucker has lost a confidential and highly-damaging file on a train, this book is a collection of highly sensitive documents: personnel files, policy drafts, letters and emails, transcripts of phone calls, election campaign documents and top secret papers on the government's media strategy for wars and recessions. There are also more personal documents such as the early drafts of Tucker's diary, in no legal condition for publication. It's explosive stuff, which could end careers on both sides, including Tucker's own... From the team behind the award-winning and phenomenally successful *The Thick Of It*, and the Oscar-nominated *In The Loop*, comes the official tie-in book, *The DoSAC Files*. Written by the show's creator Armando Iannucci along with his co-writers Jesse Armstrong, Tony Roche, Simon Blackwell and swearing consultant Ian Martin, *The DoSAC Files* looks set to be the political satire event of the year.

Comedy and Distinction Sam Friedman, 2014-04-24 This book was shortlisted for the 2015 BSA Philip Abrams Memorial Prize. Comedy is currently enjoying unprecedented growth within the British culture industries. Defying the recent economic downturn, it has exploded into a booming billion-pound industry both on TV and on the live circuit. Despite this, academia has either ignored comedy or focused solely on analysing comedians or comic texts. This scholarship tends to assume that through analysing an artist's intentions or techniques, we can somehow understand what is and what isn't funny. But this poses a fundamental question – funny to whom? How can we definitively discern how audiences react to comedy? *Comedy and Distinction* shifts the focus to provide the first ever empirical examination of British comedy taste. Drawing on a large-scale survey and in-depth interviews carried out at the Edinburgh Festival Fringe, the book explores what types of comedy people like (and dislike), what their preferences reveal about their sense of humour, how comedy taste lubricates everyday interaction, and how issues of social class, gender, ethnicity and geographical location interact with patterns of comic taste. Friedman asks: Are some types of comedy valued higher than others in British society? Does more 'legitimate' comedy taste act as a tangible resource in social life – a form of cultural capital? What role does humour play in policing class boundaries in contemporary Britain? This book will be of interest to students and scholars of sociology, social class, social theory, cultural studies and comedy studies.

Television Dramatic Dialogue Kay Richardson, 2010-04-07 When we watch and listen to actors speaking lines that have been written by someone else—a common experience if we watch any television at all—the illusion of people talking is strong. These characters are people like us, but they are also different, products of a dramatic imagination, and the talk they exchange is not quite like ours. *Television Dramatic Dialogue* examines, from an applied sociolinguistic perspective, and with reference to television, the particular kind of

artificial talk that we know as dialogue: onscreen/on-mike talk delivered by characters as part of dramatic storytelling in a range of fictional and nonfictional TV genres. As well as trying to identify the place which this kind of language occupies in sociolinguistic space, Richardson seeks to understand the conditions of its production by screenwriters and the conditions of its reception by audiences, offering two case studies, one British (*Life on Mars*) and one American (*House*).

Social Media and Democracy Nathaniel Persily, Joshua A. Tucker, 2020-09-03 A state-of-the-art account of what we know and do not know about the effects of digital technology on democracy.

Addressing Tipping Points for a Precarious Future Timothy O'Riordan, Timothy Lenton, 2013-08-22 Tipping points are zones or thresholds of profound changes in natural or social conditions with very considerable and largely unforecastable consequences. Tipping points may be dangerous for societies and economies, especially if the prevailing governing arrangements are not designed either to anticipate them or adapt to their arrival. Tipping points can also be transformational of cultures and behaviours so that societies can learn to adapt and to alter their outlooks and mores in favour of accommodating to more sustainable ways of living. This volume examines scientific, economic and social analyses of tipping points, and the spiritual and creative approaches to identifying and anticipating them. The authors focus on climate change, ice melt, tropical forest drying and alterations in oceanic and atmospheric circulations. They also look closely at various aspects of human use of the planet, especially food production, and at the loss of biodiversity, where alterations to natural cycles may be creating convulsive couplings of tipping points. They survey the various institutional aspects of politics, economics, culture and religion to see why such dangers persist.
