The Superhero Book Gina Misiroglu, 2012-04-01

Appealing to the casual comic book reader as well as the hardcore graphic novel fan, this ultimate AtoZ compendium describes everyone's favorite participants in the eternal battle between good and evil. With nearly 200 entries examining more than 1,000 heroes, icons and their place in popular culture, it is the first comprehensive profile of superheroes across all media, following their path from comic book stardom to radio, television, movies, and novels. The best-loved and most historically significant superheroes—mainstream and counterculture, famous and forgotten, best and worst—are presented with numerous full-color illustrations, including dozens of classic comic covers. Each significant era of the superhero is explored—from the Golden Age of the 1930s, 1940s, and 1950s through the Modern Age—providing a unique perspective of the role of the hero over the course of the 20th century and beyond. This latest edition has been revised to reflect updates on existing characters, coverage of new characters, and recent films and media trends in the last several years.

The Disinherited Mind Erich Heller, 1952

You Take It From Here Pamela Ribon, 2012-07-03

Just because you'd give your best friend everything doesn't mean she has to take it. On the heels of a divorce, all Danielle Meyers wants is her annual vacation with sassy, life-long best friend, Smidge—complete with umbrella cocktails by an infinity pool—but instead she's hit with the curveball of a lifetime. Smidge takes Danielle to the middle of nowhere to reveal a diagnosis of terminal cancer, followed by an unusual request: "After I'm gone, I want you to finish the job. Marry my husband. Raise my daughter. I'm gonna teach you to how to be Smidge 2.0." As Danielle wrestles with this major life decision, she finds herself torn between being true to her best friend's wishes and being honest with herself. Parenting issues aside, Smidge's small-town Louisiana world is exactly the one Danielle made sure to escape. Danielle isn't one for playing the social butterfly, or being the center of attention. And when your best friend tries to set you up on a date night with her husband, it might be time to become the bossy one for a change. In the spirit of *Beaches* and *Steel Magnolias*, *You Take It from Here* is an honest, hilarious, and heartbreaking novel that ultimately asks: How much should we sacrifice for the ones we love the most?

Preschool Bilingual Education Mila

Schwartz, 2018-05-23 This volume provides an up-to-date collection of key aspects related to current preschool bilingual education research from a socio-linguistic perspective. The focus is on preschool bilingual education in multilingual Europe, which is characterized by diverse language models and children's linguistic backgrounds. The book explores the contemporary perspectives on early bilingual education in light of the threefold theoretical framework of child's, teachers', and parents' agencies in interaction in

preschool bilingual education. Five significant theoretical concepts are promoted in this volume: the ecology of language learning, an educational partnership for bilingualism, a notion of agency in early language development and education, language-conducive contexts, and language-conducive strategies. The volume examines preschool bilingual education as embedded in specific socio-cultural contexts on the one hand and highlights its universal features on the other. The book is a fundamental read for scholars and students of second language teaching, preschool education, and bilingual education in multilingual and multicultural societies.

Media Discourse Norman Fairclough,1995-09-17 The study of media language is increasingly important both for media studies and for discourse analysis and sociolinguistics. In Media Discourse, Norman Fairclough applies the critical discourse analysis framework he developed in Language and Power and Discourse and Social Life to media language. Drawing on examples from TV, radio, and newspapers, he focuses on changing practices of media discourse in relation to wider processes of social and cultural change, particularly the tensions between public and private in the media and the tensions between information and entertainment.
