**Voice and Agency** Jeni Klugman,Lucia Hanmer,Sarah Twigg,Tazeen Hasan,Jennifer McCleary-Sills,Julieth Santamaria,2014-09-29 Despite recent advances in important aspects of the lives of girls and women, pervasive challenges remain. These challenges reflect widespread deprivations and constraints and include epidemic levels of gender-based violence and discriminatory laws and norms that prevent women from owning property, being educated, and making meaningful decisions about their own lives--such as whether and when to marry or have children. These often violate their most basic rights and are magnified and multiplied by poverty and lack of education. This groundbreaking book distills vast data and hundreds of studies to shed new light on deprivations and constraints facing the voice and agency of women and girls worldwide, and on the associated costs for individuals, families, communities, and global development. The volume presents major new findings about the patterns of constraints and overlapping deprivations and focuses on several areas key to women's empowerment: freedom from violence, sexual and reproductive health and rights, ownership of land and housing, and voice and collective action. It highlights promising reforms and interventions from around the world and lays out an urgent agenda for governments, civil society, development agencies, and other stakeholders, including a call for greater investment in data and knowledge to benchmark progress.

**Financing Metropolitan Governments in Developing Countries** Roy W. Bahl,Johannes F. Linn,Deborah L. Wetzel,2013 The economic activity that drives growth in developing countries is heavily concentrated in cities. Catchphrases such as "metropolitan areas are the engines that pull the national economy" turn out to be fairly accurate. But the same advantages of metropolitan areas that draw investment also draw migrants who need jobs and housing, lead to demands for better infrastructure and social services, and result in increased congestion, environmental harm, and social problems. The challenges for metropolitan public finance are to capture a share of the economic growth to adequately finance new and growing expenditures and to organize governance so that services can be delivered in a cost-effective way, giving the local population a voice in fiscal decision making. At the same time, care must be taken to avoid overregulation and overtaxation, which will hamper the now quite mobile economic engine of private investment and entrepreneurial initiative. Metropolitan planning has become a reality in most large urban areas, even though the planning agencies are often ineffective in moving things forward and in linking their plans with the fiscal and financial realities of metropolitan government. A growing number of success stories in metropolitan finance and management, together with accumulated experience and proper efforts and support, could be extended to a broader array of forward-looking programs to address the growing public service needs of metropolitan-area populations. Nevertheless, sweeping metropolitan-area fiscal reforms have been few and far between; the urban policy reform agenda is still a long one; and there is a reasonable prospect that closing the gaps between what we know how to do and what is actually being done will continue to be difficult and slow. This book identifies the most important issues in metropolitan governance and finance in developing countries, describes the practice, explores the gap between practice and what theory suggests should be done, and lays out the reform paths that might be considered. Part of the solution will rest in rethinking expenditure assignments and instruments of finance. The "right" approach also will depend on the flexibility of political leaders to relinquish some control in order to find a better solution to the metropolitan finance problem.

After she gets kicked out of boarding school, seventeen-year-old Beatrice goes to her uncle’s estate on Long Island. But *Hey Nonny Nonny* is more than just a rundown old mansion.
