*Touching Spirit Bear* Ben Mikaelson, 2010-04-20 In his Nautilus Award-winning classic *Touching Spirit Bear*, author Ben Mikaelson delivers a powerful coming-of-age story of a boy who must overcome the effects that violence has had on his life. After severely injuring Peter Driscoll in an empty parking lot, mischief-maker Cole Matthews is in major trouble. But instead of jail time, Cole is given another option: attend Circle Justice, an alternative program that sends juvenile offenders to a remote Alaskan Island to focus on changing their ways. Desperate to avoid prison, Cole fakes humility and agrees to go. While there, Cole is mauled by a mysterious white bear and left for dead. Thoughts of his abusive parents, helpless Peter, and his own anger cause him to examine his actions and seek redemption—from the spirit bear that attacked him, from his victims, and, most importantly, from himself. Ben Mikaelson paints a vivid picture of a juvenile offender, examining the roots of his anger without absolving him of responsibility for his actions, and questioning a society in which angry people make victims of their peers and communities. *Touching Spirit Bear* is a poignant testimonial to the power of a pain that can destroy, or lead to healing. A strong choice for independent reading, sharing in the classroom, homeschooling, and book groups.

**Lost in a Good Book** Jasper Fforde, 2004-02-24 The second installment in Jasper Fforde's New York Times bestselling series follows literary detective Thursday Next on another adventure in her alternate reality of literature-obsessed England—from the author of *The Constant Rabbit* The inventive, exuberant, and totally original literary fun that began with *The Eyre Affair* continues with New York Times bestselling author Jasper Fforde's magnificent second adventure starring the resourceful, fearless literary sleuth Thursday Next. When Landen, the love of her life, is eradicated by the corrupt multinational Goliath Corporation, Thursday must moonlight as a Prose Resource Operative of Jurisdiction—the police force inside the BookWorld. She is apprenticed to the man-hating Miss Havisham from Dickens's *Great Expectations*, who grudgingly shows Thursday the ropes. And she gains just enough skill to get herself in a real mess entering the pages of Poe's "The Raven." What she really wants is to get Landen back. But this latest mission is not without further complications. Along with jumping into the works of Kafka and Austen, and even Beatrix Potter's *The Tale of the Flopsy Bunnies*, Thursday finds herself the target of a series of potentially lethal coincidences, the authenticator of a newly discovered play by the Bard himself, and the only one who can prevent an unidentifiable pink sludge from engulfing all life on Earth. It's another genre-bending blend of crime fiction, fantasy, and top-drawer literary entertainment for fans of Douglas Adams and P. G. Wodehouse. Thursday's zany

investigations continue with The Well of Lost Plots.

**Introduction to Set Theory and Topology** Kazimierz Kuratowski,2014-07-10

Introduction to Set Theory and Topology describes the fundamental concepts of set theory and topology as well as its applicability to analysis, geometry, and other branches of mathematics, including algebra and probability theory. Concepts such as inverse limit, lattice, ideal, filter, commutative diagram, quotient-spaces, completely regular spaces, quasicomponents, and cartesian products of topological spaces are considered. This volume consists of 21 chapters organized into two sections and begins with an introduction to set theory, with emphasis on the propositional calculus and its application to propositions each having one of two logical values, 0 and 1. Operations on sets which are analogous to arithmetic operations are also discussed. The chapters that follow focus on the mapping concept, the power of a set, operations on cardinal numbers, order relations, and well ordering. The section on topology explores metric and topological spaces, continuous mappings, cartesian products, and other spaces such as spaces with a countable base, complete spaces, compact spaces, and connected spaces. The concept of dimension, simplexes and their properties, and cuttings of the plane are also analyzed. This book is intended for students and teachers of mathematics.

**A Taste of Blackberries** Doris Buchanan Smith,1992-04-24 What do you do without your best friend? Jamie isn't afraid of anything. Always ready to get into trouble, then right back out of it, he's a fun and exasperating best friend. But when something terrible happens to Jamie, his best friend has to face the tragedy alone. Without Jamie, there are so many impossible questions to answer -- how can your best friend be gone forever? How can some things, like playing games in the sun or the taste of the blackberries that Jamie loved, go on without him?

**Fuck This Book** Bodhi Oser,2005-07-28 Juvenile, profane, and timeless, Fuck This Book collects images of real public signs that have been mischievously altered by stickers bearing the most expressive of all four-letter words. Addictively hilarious, the results show a world persuasively transformed. Please Don't Fuck the Pigeons, indeed. What happens if one triggers the Automatic Sprinkler Fuck Off Valve? And is it any wonder The Fuck Depot is so popular? All photographs are unretouchedthe result of countless hours on the hunt for the almost perfect sign, in need of just the slightest improvement. This is not social commentary. There is no message. It's not meant to offend, exploit, or embarrass anyone. All real stickers. All real signs. All in fun.

**The Reign in Spain (Adventures of the Brit Pack)** Jules & Johnny

Austen, 2017-03-03 The Reign in Spain is a contemporary tragi-comedy following the lives of a group of largely middle-aged expatriate Brits who find themselves thrown together in an idyllic, white-washed village just inland from the Costa del Sol during one abnormally hot April. You will be transported to another world of sun, sand, sex, boozy afternoons and musical evenings combined with the darker side of life dealing with death, domestic abuse and extra-marital affairs. The novel is a vivid, realistic account of Brits living the so-called dream in Spain where boredom and too much cheap alcohol exacerbates deeply rooted problems impossible to leave behind when starting a new life.
