Midnight Blue-Light Special Seanan

McGuire, 2013-03-05 The second book in New York Times-bestselling Seanan McGuire's witty urban fantasy InCryptid series about a family of cryptozoologists who act as a buffer between humans and the magical creatures living in secret around us. The only thing more fun than an October Daye book is an InCryptid book. -Charlaine Harris, #1 New York Times-bestselling author of Sookie Stackhouse series Normal, adjective: Conforming to the standard or common type. See also ordinary. Abnormal, adjective: Deviating from the common type, such as playing monster-human on the rooftops of Manhattan. See also Verity Price. The Price family has spent generations studying the monsters of the world, working to protect them from humanity-and to protect humanity from them. Verity Price is just trying to do her job, keeping the native cryptid population of Manhattan from getting into trouble, and doing a little ballroom dancing on the side. Enter Dominic De Luca, an operative for the Covenant of St. George, and Verity's on-again, off-again boyfriend. When he tells her that the Covenant is sending a full team to assess how ready the city is for a purge, Verity finds herself between a rock and a hard place. Stay, and risk her almost-certain death, or flee, and leave the cryptids of New York with nothing between them and the Covenant. With allies and enemies on every side, and no safe way to turn, it's going to take some quickstepping for Verity to waltz out of this one. There's just one question on everyone's mind: Is this the last dance for Verity Price?

1636: The Devil's Opera Eric Flint, David

Carrico, 2013-09-16 A new addition to the multiple New York Times best-selling Ring of Fire series. After carving a place for itself in war-torn 17th

century Europe, citizens of the modern town of Grantville, West Virginia take on a murderous conspiracy of operatic proportions in Magdeburg, the capital of the United States of Europe. New York Times Best Selling Series Eric Flint and David Carrico serve up the latest entry in the best-selling alternate history saga of them all, the Ring of Fire! It is the year 1636. The United States of Europe, the new nation formed by an alliance between the Swedish king Gustavus Adolphus and the West Virginians hurled back in time by a cosmic accident, is on the verge of civil war. His brain injured in the war with Poland, the USE's emperor Gustavus Adolphus is no longer in command. Enter Swedish chancellor Oxenstierna, a leader of aristocratic reaction against democracy. His goal: to assemble the forces of the hidebound ruling class in Berlin and drown the revolution in a bloodbath. In Magdeburg, the capital of the USE, Mike Stearns' wife Rebecca Abrabanel is organizing popular resistance to Oxenstierna's plot. As part of the resistance, the American musician Marla Linder and her company of down-time musical partners are staging an opera that will celebrate the struggle against oppression. Princess Kristina, the heir to the USE's throne, is now residing in Magdeburg and is giving them her support and encouragement. But another plot is underway--this one right in the heart of the capital itself, and with murder as its method. The only people standing in the way are a crippled boy and the boxing champion who befriended him, and an unlikely pair of policemen. Can the American detective Byron Chieske and his down-timer partner Gotthilf Hoch thwart the killers before they succeed in their goal?
