The Second Home Christina Clancy, 2020-06-02 A novel of family and place and belonging. –Rebecca Makkai, Pulitzer Prize finalist Tender and suspenseful. –Chloe Benjamin, New York Times bestselling author Some places never leave you... After a disastrous summer spent at her family's home on Cape Cod when she is seventeen, Ann Gordon is very happy to never visit Wellfleet again. If only she'd stayed in Wisconsin, she might never have met Anthony Shaw, and she would have held onto the future she'd so carefully planned for herself. Instead, Ann ends up harboring a devastating secret that strains her relationship with her parents, sends her sister Poppy to every corner of the world chasing waves (and her next fling), and leaves her adopted brother Michael estranged from the family. Now, fifteen years later, her parents have died, and Ann and Poppy are left to decide the fate of the beach house that's been in the Gordon family for generations. For Ann, the once-beloved house is forever tainted with bad memories. And while Poppy loves the old saltbox on Drummer Cove, owning a house means settling, and she's not sure she's ready to stay in one place. Just when the sisters decide to sell, Michael re-enters their lives with a legitimate claim to a third of the estate. He wants the house. But more than that, he wants to set the record straight about what happened that long-ago summer that changed all of their lives forever. As the siblings reunite after years apart, their old secrets and lies, longings and losses, are pulled to the surface. Is the house the one thing that can still

bring them together—or will it tear them apart, once and for all? Told through the shifting perspectives of Ann, Poppy, and Michael, this assured and affecting debut captures the ache of nostalgia for summers past and the powerful draw of the places we return to again and again. It is about second homes, second families, and second chances. Tender and compassionate, incisive and heartbreaking, *The Second Home* is the story of a family you'll quickly fall in love with, and won't soon forget.

Environment and Children Christopher Day, Anita Midbjør, 2007-08-31 How does the built environment affect children - their health, their behaviour, education and development? To support them, what do we need to consider and what do we need to do? Can our surroundings foster environmental and social awareness and responsibility? Based on Christopher Day's experiences designing schools and early childhood centres in the United States and

Britain, this groundbreaking book sets out to answer these questions and to offer solutions. Children all too often find themselves living in alien surroundings designed with the needs of adults in mind, cut off not just from the natural environment but also childhood itself. Society's reaction - to cocoon children from the outside world or to resort to drugs to control behaviour - fails to address the fundamental causes of problems which lie in the environment not the children themselves. One of the world's leading thinkers on the impact of buildings on people, Christopher Day's insights offer new light on one of the most important issues for today's society.

Avatar, The Last Airbender: The Rise of Kyoshi (Chronicles of the Avatar Book 1) F. C. Yee, Michael Dante DiMartino, 2019-07-16 From the world of Avatar: The Last Airbender comes the instant USA Today and New York Times bestselling novel starring Avatar Kyoshi—now in paperback! Justice begins with one woman. After nine years of desperate searching for the next Avatar, the discovery of young, charming Avatar Yun has brought stability to the four nations—that is, until Earth Kingdom-born Kyoshi, Yun's unassuming friend and servant, demonstrates remarkable bending during a mission to the South Pole. With the identity of the true Avatar at stake and the growing unrest among her allies turning into violence, Kyoshi is forced to flee the Avatar mansion with her fiery friend Rangi, taking little more than the metal war fans and headaddress her parents left behind. It isn't easy finding Avatar training on the run, but Kyoshi and Rangi find unlikely supporters in the daofoi: ragtag

criminals and outlaws living in the shadows of the Earth Kingdom. Torn between following the traditional path of an Avatar and seeking vengeance for those she has lost, Kyoshi struggles to accept her newfound power as she trains in secret. But while Kyoshi, Rangi, and her daofoei friends face off against brutal underworld rivals, those who seek to control the Avatar draw ever closer to her, leaving trails of the dead in their wake. The story behind the longest-living Avatar in the history of this beloved world, *The Rise of Kyoshi* maps Kyoshi's journey from a girl of humble origins to the merciless pursuer of justice still feared and admired centuries after becoming the Avatar.

Candy Luke Davies, 2006-05-01 There were good times and bad times, but in the beginning there were more good times. When I first met Candy those were the days of juice, when everything was bountiful. Only much later did it all start to seem like sugar and blood, blood and sugar...It's like you're cruising along in a beautiful car on a pleasant country road with the breeze in your hair and the smell of eucalyptus all around you. The horizon is always up there ahead, unfolding towards you, and at first you don't notice the gradual descent, or the way the atmosphere thickens. Bit by bit the gradient gets steeper, and before you realise you have no brakes, you're going pretty fucking fast.' Candy is a love story. It is also a novel about addiction. From the heady narcissism of the narrator's first days with his new lover, Candy, and the relative innocence of their shared habit, Candy

charts their decline. Candy becomes a prostitute, the narrator becomes a scam artist, and smack becomes the total and only focus of their lives. But this is not just another junkie novel: Davies is a very fine writer and Candy is confronting, painful, sexy, tender and at times darkly hilarious. A remarkable novel.

Eighteenth Variation "(Rhapsodie on a Theme of Paganini)" Sergei Rachmaninoff, Cecily Lambert, 1995-01-31 The world-famous Rachmaninoff Eighteenth Variation has probably graced as many pianos and recitals as has any favorite solo. Lambert's arrangement has faithfully maintained the beauty of the original for intermediate pianists.

The Iron Will of Genie Lo F. C. Yee, 2020-01-14 The fate of the heavens is at stake in this hilarious and highly-anticipated sequel to the *The Epic Crush of Genie Lo*, from the New York Times and USA Today bestselling author of *Avatar: The Last Airbender: The Rise of Kyoshi*. Genie Lo thought she was busy last year, juggling her academic career with protecting the Bay Area from demons. But now, as the Heaven-appointed Guardian of California, she's responsible for the well-being of all yaoguai and spirits on Earth. Even the ones who interrupt her long-weekend visit to a prestigious college, bearing terrible news about a cosmos-threatening force of destruction in a nearby alternate dimension. The goddess Guanyin and Genie's boyfriend, Quentin Sun Wukong, do their best to help, but it's really the Jade Emperor who's supposed to handle crises of this magnitude. Unfortunately for Genie and the

rest of existence, he's gone AWOL. Fed up with the Jade Emperor's negligence, Genie spots an opportunity to change the system for the better by undertaking a quest that spans multiple planes of reality along with an adventuring party of quarrelsome Chinese gods. But when faced with true danger, Genie and her friends realize that what will save the universe this time isn't strength, but sacrifice.

Narratives Unfolding Martha Langford, 2017-07-18 Somewhere between global and local, the nation still lingers as a concept. National art histories continue to be written – some for the first time – while innovative methods and practices redraw the boundaries of these imagined communities. *Narratives Unfolding* considers the mobility of ideas, transnationalism, and entangled histories in essays that define new ways to see national art in ever-changing nations. Examining works that were designed to reclaim or rethink issues of territory and dispossession, home and exile, contributors to this volume demonstrate that the writing of national art histories is a vital project for intergenerational exchange of knowledge and its visual formations. Essays showcase revealing moments of modern and contemporary art history in Canada, Egypt, Iceland, India, Ireland, Israel/Palestine, Romania, Scotland, Turkey, and the United Arab Emirates, paying particular attention to the agency of institutions such as archives, art galleries, milestone exhibitions, and artist retreats. Old and emergent art cities, including Cairo, Dubai, New York, and Vancouver, are also examined in light of avant-gardism, cosmopolitanism, and migration. *Narratives Unfolding* is both a survey of current art historical approaches and their connection to the source: art-

making and art experience happening somewhere.
