Fifth Sun Camilla Townsend, 2019 *Fifth Sun* offers a comprehensive history of the Aztecs, spanning the period before conquest to a century after the conquest, based on rarely-used Nahuatl-language sources written by the indigenous people.

The Aztec and Maya Papermakers Victor Wolfgang Von Hagen, 1999-01-01 First scholarly work devoted to Aztec and Maya papermaking. Chosen by the American Institute of Graphic Arts as one of the fifty best books of 1944, it thoroughly discusses the processes and materials used by these ancient craftsmen. Extensive editorial apparatus. Essential reading for historians, anthropologists, and students.

Time and the Ancestors Maarten Jansen, Gabina Aurora Pérez Jiménez, 2017-03-13 *Time and the Ancestors: Aztec and Mixtec Ritual Art* combines iconographical analysis with archaeological, historical and ethnographic studies and offers new interpretations of enigmatic masterpieces from ancient Mexico, focusing specifically on the symbols and values of the religious heritage of indigenous peoples.

The Craft of Research, 2nd edition Wayne C. Booth, Gregory G. Colomb, Joseph M. Williams, 2008-04-15 Since 1995, more than 150,000 students and researchers have turned to *The Craft of Research* for clear and helpful guidance on how to conduct research and report it effectively. Now, master teachers Wayne C. Booth, Gregory G. Colomb, and Joseph M. Williams present a completely revised and updated version of their classic handbook. Like its predecessor, this new edition reflects the way researchers actually work: in a complex circuit of thinking, writing, revising, and rethinking. It shows how each part of this process influences the others and how a successful research report is an orchestrated conversation between a researcher and a reader. Along with many other topics, *The Craft of Research* explains how to build an argument that motivates readers to accept a claim; how to anticipate the reservations of thoughtful yet critical readers and to respond to them appropriately; and how to create introductions and conclusions that answer that most demanding question, So what? Celebrated by reviewers for its logic and clarity, this popular book retains its five-part structure. Part 1 provides an orientation to the research process and begins the discussion of what motivates researchers and their readers. Part 2 focuses on finding a topic, planning the project, and locating appropriate sources. This section is brought up to date with new information on the role of the Internet in research, including how to find and evaluate sources, avoid their misuse, and test their reliability. Part 3 explains the art of making an argument and supporting it. The authors have extensively revised this section to present the structure of an argument in clearer and more accessible terms than in the first edition. New distinctions are made among reasons, evidence, and reports of evidence. The concepts of qualifications and rebuttals are recast as acknowledgment and response. Part 4 covers drafting and revising, and offers new information on the visual representation of data. Part 5 concludes the book with an updated discussion of the ethics of research, as well as an expanded bibliography that includes many electronic sources. The new edition retains the accessibility, insights, and directness that have made *The Craft of Research* an indispensable guide for anyone doing research, from students in high school through advanced graduate study to businesspeople and government employees. The authors demonstrate convincingly that researching and reporting skills can be learned and used by all who undertake research projects. New to this edition: Extensive coverage of how to do research on the internet, including how to evaluate and test the reliability of sources New information on the visual representation of data Expanded bibliography with many electronic sources

Divine Debauch Richard Balthazar, 2003-09 Solita Obregon, along with a small group of Mexican Nationals, crosses the border illegally into a nightmare of terror. She has the drive and strength to enter the Chihuahuan Desert to start a new life, but once the border is crossed, she and her fellow travelers believe they are facing the worst hell imaginable as they suffer the severe heat, the lack of water and the rugged terrain. Two days into the journey, two of the group members are dead from the hostile environment. The third night, the full moon rises and with it a new terror. They soon realize they have become the prey of a savage beast. The isolation and inhospitable environment of the

desert has hidden a secret for 300 years. Those who have stumbled on the mystery have died a violent death. They are alone and defenseless and there is no where to run.

Books and Ideas After Seth Siegel Michalis Pichler, 2016 Seth Siegel, (b. 1941-2013, New York) curator, gallery owner and author is best known for his promotion of conceptual art in New York during the 1960s and 70s. *Books and Ideas after Seth Siegel* looks at the books produced by Siegel in the 60s and their renewed influence on artists and their publications today. Pichler, curator of the exhibition at the Center for Book Arts NY (2013), offers this catalog as a window into an ongoing conceptual discourse with Siegel's books as the platform. Extensive illustrations and bibliographic details are featured including Siegel's Xerox Book (1968), which was printed in offset but has since been xeroxed and openly reproduced by numerous artists and publishers. His publications, often taken as starting points for new projects, are substantial artworks in their own right. Also included: Siegel's work with the Art Workers Coalition, a draft of The Artists Reserved Rights Transfer and Sale Agreement on contemporary art and activism, and a last interview with Siegel by Pichler.

Search for Senna Katherine Applegate, 1999 When David's girlfriend Senna is swallowed up by the Earth, he and his friends follow to save her, only to stumble upon a nightmarish land they could have never imagined. Original.

A Handbook of Native American Herbs Alma R. Hutchens, 1992-11-10 The author of 'the bible on herbalism' returns with a portable guide on North American medicinal herbs—for the professional and amateur herbalist alike Based on the now-classic reference text *Indian Herbalogy of North America*, this illustrated pocket guide is the perfect companion for those eager to expand their knowledge of herbal healing. Through detailed descriptions and illustrations, Alma R. Hutchens walks readers through: • 125 of the most useful medicinal herbs found in North America, and their uses • How to create herbal remedies for common ailments • The herbal traditions of North America and other lands Entries include staples of folk medicine such as echinacea and slippery elm as well as common kitchen herbs—from parsley to thyme to pepper—whose tonic and healing properties are less widely known.

The Non-designer's Design Book Robin Williams, 2015 A lot has happened in the world of digital design since the first edition of this title was published, but one thing remains true: There is an ever-growing number of people attempting to design everything from newsletters to advertisements with no formal training. This book is the one place they can turn to find quick, non-intimidating, excellent design help from trusted design instructor Robin Williams. This revised and expanded classic includes a new chapter on designing with type, more quizzes and exercises, updated projects, and new visual and typographic examples that give the book a fresh, modern look. In *The Non-Designer's Design Book*, 4th Edition, Robin turns her attention to the basic principles that govern good design.

Perfect for beginners, Robin boils great design into four easy-to-master principles: contrast, repetition, alignment, and proximity (C.R.A.P.!). Readers who follow her clearly explained concepts will produce more sophisticated and professional work immediately. Humor-infused, jargon-free prose interspersed with design exercises, quizzes, and illustrations make learning a snap—which is just what audiences have come to expect from this bestselling author.

Mexican WhiteBoy Matt de la Peña, 2010-01-12 Newbery Award-winning and New York Times bestselling author Matt de la Peña's *Mexican WhiteBoy* is a story of friendship, acceptance, and the struggle to find your identity in a world of definitions. Danny is tall and skinny. Even though he's not built, his arms are long enough to give his pitch a power so fierce any college scout would sign him on the spot. Ninety-five mile an hour fastball, but the boy's not even on a team. Every time he gets up on the mound, he loses it. But at his private school, they don't expect much else from him. Danny is brown. Half-Mexican brown. And growing up in San Diego that close to the border means everyone else knows exactly who he is before he even opens his mouth. Before they find out he can't speak Spanish, and before they realize his mom has blond hair and blue eyes, they've got him pegged. But it works the other way too. And Danny's convinced it's his whiteness that sent his father back to Mexico. That's why he's spending the summer with his dad's family. But to find himself, he may just have to face the demons he refuses to see--the demons that are right in front of his face. And open up to a friendship he never saw coming. Matt de la Peña's critically acclaimed novel is an intimate and moving story that offers hope to those who least expect it. [A] first-rate exploration of self-identity. --SLJ Unique in its gritty realism and honest portrayal of the complexities of life for inner-city teens...de la Peña poignantly conveys the message that, despite obstacles, you must believe in yourself and shape your own future. --The Horn Book Magazine The baseball scenes...sizzle like Danny's fastball. Danny's struggle to find his place will speak strongly to all teens, but especially to those of mixed race. --Booklist De la Peña blends sports and street together in a satisfying search for personal identity. --Kirkus Reviews *Mexican WhiteBoy*...shows that no matter what obstacles you face, you can still reach your dreams with a positive attitude. This is more than a book about a baseball player--this is a book about life. --Curtis Granderson, New York Mets outfielder An ALA-YALSA Top Ten Best Book for Young Adults A Junior Library Guild Selection

How to Change Your Mind Michael Pollan, 2019-05-14 Now on Netflix as a 4-part documentary series! "Pollan keeps you turning the pages . . . cleareyed and assured." —New York Times A #1 New York Times Bestseller, New York Times Book Review 10 Best Books of 2018, and New York Times Notable Book A brilliant and brave investigation into the medical and scientific revolution taking place around psychedelic drugs--and the spellbinding story of his own life-changing psychedelic experiences When Michael Pollan set out to research how LSD and psilocybin (the active ingredient in magic mushrooms) are being used to provide relief to people suffering from difficult-to-treat conditions such as depression, addiction and anxiety, he did not intend to write what is undoubtedly his most personal book. But upon discovering how these remarkable substances are improving the lives not only of the mentally ill but also of healthy people coming to grips with the challenges of everyday life, he decided to explore the landscape of the mind in the first person as well as the third. Thus began a singular adventure into various altered states of consciousness, along with a dive deep into both the latest brain science and the thriving underground community of psychedelic therapists. Pollan sifts the historical record to separate the truth about these mysterious drugs from the myths that have surrounded them since the 1960s, when a handful of psychedelic evangelists inadvertently catalyzed a powerful backlash against what was then a promising field of research. A unique and elegant blend of science, memoir, travel writing, history, and medicine, *How to Change Your Mind* is a triumph of participatory journalism. By turns dazzling and edifying, it is the gripping account of a journey to an exciting and unexpected new frontier in our understanding of the mind, the self, and our place in the world. The true subject of Pollan's mental travelogue is not just psychedelic drugs but also the eternal puzzle of human consciousness and how, in a world that offers us both suffering and joy, we can do our best to be fully present and find meaning in our lives.

The Unbroken Thread Kathryn Klein,1997-01-01 Housed in the former 16th-century convent of Santo Domingo church, now the Regional Museum of Oaxaca, Mexico, is an important collection of textiles representing the area's indigenous cultures. The collection includes a wealth of exquisitely made traditional weavings, many that are now considered rare. *The Unbroken Thread: Conserving the Textile Traditions of Oaxaca* details a joint project of the Getty Conservation Institute and the National Institute of Anthropology and History (INAH) of Mexico to conserve the collection and to document current use of textile traditions in daily life and ceremony. The book contains 145 color photographs of the valuable textiles in the collection, as well as images of local weavers and project participants at work. Subjects include anthropological research, ancient and present-day weaving techniques, analyses of natural dyestuffs, and discussions of the ethical and practical considerations involved in working in Latin America to conserve the materials and practices of living cultures.
