Obama-Wama-Ding-Dong 2 Jake Aurelian, 2016-08-12 Upon reading the controversial first installment of Obama-Wama-Ding-Dong, a veteran politician observed via personal communication: Your book describes the political atmosphere of this country like no other book I've read in my 30 years of being in politics. And I asked myself, 'Who is this kid? He's from the liberal U of I, he has no political background ... and he wrote a political book that's better than any political book I've read in 30 years!' Now, the sad and pathetic adventures of Obama-Wama-Ding-Dong are back with Obama-Wama-Ding-Dong 2: The Unfortunate Sequel. It's a weird truth: people get pissy over their Obama love. Today's America is unlike anything we've ever experienced. With aiding and abetting by the love struck media, the fraud of Barack Obama seduced the country ... and definitely proved that on the job training does not work. And these are scary, dangerous times, fraught with daily deceit, hypocrisy and an inordinate amount of zero accountability that goes beyond the typical party lines, beyond political affiliations and beyond what anyone wants to call themselves, be it liberal or conservative; the common foundation and common bond we all share as Americans should supersede any political alliance or agenda. A shady past, zero experience, a failed record, a subservient, derelict media and a brainwashed public submitted in illustrated children's book format, Obama-Wama-Ding-Dong 2: The Unfortunate Sequel to A Children's Book For Adults About the Political Climate of America is a smart little book with a silly little name. Laced with bitter facts and savvy satire, Obama-Wama-Ding-Dong 2 continues the disturbing Obama saga with a quirky, gritty reminder and sad reflection of what the Obama administration and the Media Asylum have done to our country. All your favorites have returned in Obama-Wama-Ding-Dong 2 ... Bill Clinton, Hillary Clinton, Bigfoot, the Brainwashed American, Kathleen Sebelius, Nancy Pelosi, Michelle Obama, Joe Biden, the corrupt mainstream media, Rahm Emanuel, Eric Holder, Anthony Gruber, James Carville, Marie Harf, ... and of course, Chris Matthews' thrilled leg! Back cover art by Mary Anne Lipousky-Butikas. Check out Mary Anne's children's books on Amazon! Jake Aurelian is an author of fiction and non-fiction, and since 2012, his fiction books have received 17 international literary awards. Since July 2014, the Ripper the Clown novels have won a combined nine literary awards. Ripper the Clown is in print and can be seen online and in-person; no other author has done anything remotely similar. Youtube:

Irving Harper Michael Maharam,2013-02-12 An intimate monograph of the professional and personal creations of a midcentury design legend. Irving Harper is the most famous designer you have never heard of. Working as an associate at the office of George Nelson in the 1950s and '60s, Harper was responsible for such icons of midcentury design as the Marshmallow sofa, the Ball clock, and numerous Herman Miller textile designs. Harper's unrecognized contribution to this seminal era of design, and his incredible paper sculptures (made in his spare time to relieve stress), are presented for the first time in this book. An essay by design critic Julie Lasky introduces Harper's commercial design work, recognizable designs from graphics to domestic goods to furniture that are still coveted and appreciated today, designed for the offices of Raymond Loewy, George Nelson, and then his own studio Harper + George. The second part of the book documents Harper's extensive paper sculptures, which have never been exhibited. More than three hundred works fill Harper's house and barn in Rye, New York, where this array of fantastical people and animal sculptures was created from modest and inexpensive materials as diverse as spaghetti and toothpicks in addition to paper. Images of Harper's home, filled with furniture and objects of his own design as well as his paper sculptures, offer a rare glimpse into a Modern design enthusiast's paradise.Offering insight into an important era of American design as well as the prolific output of a creative mind, this book promises to be the first to recognize Irving Harper's contribution to the field and will appeal to fans of Modern design.

Papertoy Monsters Brian Castleforte,2010-12-29 A breakthrough paper-folding book for kids—paper airplanes meet Origami meets Pokemon. Papertoys, the Internet phenomenon that's hot among graphic designers and illustrators around the world, now comes to kids in the coolest new book. Created and curated by Brian Castleforte, a graphic designer and papertoy pioneer who rounded up 25 of the hottest papertoy designers from around the world (Indonesia, Japan, Australia, Italy, Croatia, Chile, even Jackson, Tennessee), Papertoy Monsters offers 50 fiendishly original die-cut designs that are ready to pop out, fold, and glue. The book interleaves card stock with paper stock for a unique craft package; the graphics are colorful and hip, combining the edginess of anime with the goofy fun of Uglydolls and other collectibles. Plus each character comes with its own back-story. And the results are delicious: meet Pharaoh Thoth Amon, who once ruled Egypt but is now a mummy who practices dark magic in his sarcophagus. Or Zumbie the Zombie, who loves nothing more than a nice plate of brains and yams. NotSoScary, a little monster so useless at frightening people that he has to wear a scary mask. Yucky Chuck, the lunchbox creature born in the deepest depths of your school bag. Plus Zeke, the monster under your bed, Nom Nom, eater of cities, and Grumpy Gramps, the hairy grandpa monster with his very own moustache collection.
