

Barack Obama Papercraft

Ted Rall

Paper Crafts for Presidents' Day Randel McGee,2012-01-01 Explains the significance of Presidents' Day and how to make Presidents' Day themed crafts out of paper--

President Barack Obama Paper Dolls Tom Tierney,2009-03-13 America's First Family appears in the elegant outfits worn during President Obama's historic journey -- from the Democratic convention to his acceptance speech, White House tour, and Inauguration. 16 full-color plates include 4 dolls, plus meticulously detailed apparel.

Obama Paper Dolls Tom Tierney,2008 Cut-out paper dolls of the Obama family wearing outfits from on and off the campaign trail. Includes an election night scorecard.

2012 Political Circus Barack Obama Vs. Mitt Romney Paper Dolls Tim Foley,2012-07-18 President Obama goes toe-to-toe with Mitt Romney in this humorous collector's item. Each paper doll sports 16 outfits, plus accessories, including costumes of knights, battling robots, boxers, Iron Chefs, gunslingers, and more.

Audacity Jonathan Chait,2017-01-17 An essential starting point for those assessing the Obama presidency.” —Washington Monthly Two presidencies later, the time has never been better to revisit the legacy of Barack Obama. In *Audacity*, New York Magazine writer Jonathan Chait makes the unassailable case that, in the eyes of history, Obama will be viewed as one of America's best and most accomplished presidents. Over the course of eight years, Barack Obama has amassed an array of outstanding achievements. His administration saved the American economy from collapse, expanded health insurance to millions who previously could not afford it, negotiated an historic nuclear deal with Iran, helped craft a groundbreaking international climate accord, reined in Wall Street and crafted a new vision of racial progress. He has done all of this despite a left that frequently disdained him as a sellout, and a hysterical right that did everything possible to destroy his agenda even when they agreed with what he was doing. Now, as the page turns to our next Commander in Chief, Jonathan Chait, acclaimed as one of the most incisive and meticulous political commentators in America, digs deep into Obama's record on major policy fronts—economics, the environment, domestic reform, health care, race, foreign policy, and civil rights—to demonstrate why history will judge our forty-fourth president as among the greatest in history. *Audacity* does not shy away from Obama's failures, most notably in foreign policy. Yet Chait convincingly shows that President Obama has accomplished what candidate Obama said he would, despite overwhelming opposition—and that the hopes of those who voted for him have not been dashed despite the smokescreen of extremist propaganda and the limits of short-term perspective.

The Long Game Derek Chollet,2016-06-28 Describes how President Obama has changed and improved the course of American foreign policy through the way he approached difficult global challenges including the wars in Iraq and Afghanistan, turbulence in Syria and the rise of ISIS, --NoveList.

Barack Obama: 44th U.S. President Joeming Dunn,2011-09-01 Graphic Planet is bringing the Presidents of the United States to BioGraphics! World-class art presents young readers a pictorial chronology of Barack Obama's life, background on his campaign to be president, major influences on the country, and his influence on history. A timeline, Fast Facts, the president's cabinet, and a glossary provide report information for young readers. Bring the Oval Office to your classroom!

Bending History Martin S. Indyk,Kenneth G. Lieberthal,Michael E. O'Hanlon,2012-02-24 By the time of Barack Obama's inauguration as the 44th president of the United States, he had already developed an ambitious foreign policy vision. By his own account, he sought to bend the arc of history toward greater justice, freedom, and peace; within a year he was awarded the Nobel Peace Prize, largely for that promise.

In *Bending History*, Martin Indyk, Kenneth Lieberthal, and Michael O'Hanlon measure Obama not only against the record of his predecessors and the immediate challenges of the day, but also against his own soaring rhetoric and inspiring goals. *Bending History* assesses the considerable accomplishments as well as the failures and seeks to explain what has happened. Obama's best work has been on major and pressing foreign policy challenges—counterterrorism policy, including the daring raid that eliminated Osama bin Laden; the reset with Russia; managing the increasingly significant relationship with China; and handling the rogue states of Iran and North Korea. Policy on resolving the Israeli-Palestinian conflict, however, has reflected serious flaws in both strategy and execution. Afghanistan policy has been plagued by inconsistent messaging and teamwork. On important softer security issues—from energy and climate policy to problems in Africa and Mexico—the record is mixed. As for his early aspiration to reshape the international order, according greater roles and responsibilities to rising powers, Obama's efforts have been well-conceived but of limited effectiveness. On issues of secondary importance, Obama has been disciplined in avoiding fruitless disputes (as with Chavez in Venezuela and Castro in Cuba) and insisting that others take the lead (as with Qaddafi in Libya). Notwithstanding several missteps, he has generally managed well the complex challenges of the Arab awakenings, striving to strike the right balance between U.S. values and interests. The authors see Obama's foreign policy to date as a triumph of discipline and realism over ideology. He has been neither the transformative beacon his devotees have wanted, nor the weak apologist for America that his critics allege. They conclude that his grand strategy for promoting American interests in a tumultuous world may only now be emerging, and may yet be curtailed by conflict with Iran. Most of all, they argue that he or his successor will have to embrace U.S. economic renewal as the core foreign policy and national security challenge of the future.

The Book of Obama Ted Rall, 2012-06-19 How did a charismatic young president elected in an atmosphere of optimism and expectation lead the United States to the brink of revolution? From a chance encounter in the early 1980s to the Democratic primaries of 2007-08, syndicated columnist and political cartoonist Ted Rall was one of the first to size up Barack Obama as we know him now: conservative, risk-averse and tone-deaf. In *The Book of Obama* Rall revisits the rapid rise and dizzying fall of Obama--and the emergence of the Tea Party and Occupy movements--and draws a startling conclusion: We the People weren't lied to. We lied to ourselves, both about Obama and the two-party system. We voted when we ought to have revolted.

Political Power: Barack Obama Chris Ward, Azim Akberali, 2009 Presents in graphic novel format the life and accomplishments of Barack Obama, from his childhood to his achievements in community organization and advocacy, to his successful 2008 presidential election campaign.

Michelle Obama Paper Dolls Tom Tierney, 2014-01-15 From J. Crew to Jason Wu, the First Lady's styles range from sporty to spectacular. Dress her in more than 25 notable outfits from the campaign trail, the White House, and abroad.

The Obama Code Patrick Meeks, Bonnie J. Krueger, 2010-09-01 This imaginative cross-curricular resource is the perfect way to reinforce basic grammar skills as well as introduce the study of United States presidents to your class. A short biography is included for each featured president that contains secret, embedded information. Students must study the biography and crack the code to answer a set of worksheet questions. It is within these hidden codes that students will practice spelling, punctuation, pronouns, analogies, and a variety of other valuable language arts skills.

The Best "Worst President" Mark Hannah, 2016-06-28 Political analyst and Democratic campaign veteran Mark Hannah and renowned New Yorker illustrator Bob Staake give Barack Obama the victory

lap he deserves in this compendium that takes the president's critics head-on and celebrates the president's many underappreciated triumphs. Barack Obama's election in 2008 was a watershed moment in American history that inspired supporters on the Left—and fired up enemies on the Right. Elected in the midst of multiple crises—a Wall Street meltdown that imperiled the global economy and American troops entangled in two foreign wars—Barack Obama's presidency promised, from the start, to be one of the most consequential presidencies in modern American history. Although he stabilized the economy and restored America's prestige on the global stage, President Obama has been denied the credit he deserves, receiving instead acidic commentary from political opponents such as former Vice President Dick Cheney, who declared that Obama was “the worst president in [his] lifetime”—an accusation that reflects the politics of resentment and recrimination that has come to characterize the president's critics. In *The Best Worst President*, Mark Hannah and New Yorker illustrator Bob Staake swiftly and systematically debunk conservative lies and disinformation meant to negate the president's accomplishments and damage his reputation—baseless charges too often left unchallenged by the national media. *The Best Worst President* is a whip-smart takedown of these half-truths and hypocrisies, each refuted in a smart, witty, fact-based style. Hannah and Staake not only defend the president but showcase his administration's most surprising and underappreciated triumphs—making clear he truly is the best “worst president” our nation has ever known.

Obama in Office James A. Thurber, 2015-12-03 Barack Obama entered office on a wave of popular expectation; will he exit at the hands of a Tea Party inspired populist tsunami or return for four more years? *Obama in Office* brings together well-established political scientists and journalists to offer the first detailed assessment of President Obama and his first two years in office. This book covers the range of policy tests which the administration has faced during this period, including the recession and its jobless recovery, health care reform, financial regulation, the BP oil leak in the Gulf of Mexico, and the ongoing war in Afghanistan. Looking beyond the midterms, *Obama in Office* considers the results of 2010, the impact of the Tea Party, and the prospects for 2012.

Alias Barack Obama: a Lie Is Born Ronald J. Polland, 2012-07-01 What began as a simple study of the online image posted on June 12, 2008 by the Daily Kos blog and the Obama Campaign had mushroomed into a full-blown research project consuming more than 4,000 man-hours of work into what was nothing less than a well-orchestrated conspiracy to subvert the Constitution and the free election process. More than any one factor, the online image purported to be Obama's Certification of Live Birth (COLB) is the key that links the collaborators together. As the days turned to months, and the months turned to years, the COLB was the one constant for which so many people and organizations had engaged in illegal activities to suppress the truth about Barack Obama. Moreover, the ways in which he and his collaborators enlisted the so-called Free Press into doing his bidding, in promulgating a forgery and a fictitious identity, in promoting a false Messiah and defending a traitor-in-hiding is as reprehensible as it is unforgivable. This conspiracy makes Watergate seem like Sesame Street. Chapter I: The One is born, explores the rise of Obama, the liberal media's Rock Star Candidate for State Senator in 1995, US Senator in 2004, and President of the World in 2008. In 2004, Obama was still a blank slate to the media, but instead of doing any true investigative reporting into his background, they relied on “Dreams From My Father” to do it for them as if his memoirs were etched in stone. Whether blinded by his charisma or his exotic biography, the liberal media rarely doubted a word Obama said or wrote. Chapter II: Fact-checking media fraud introduces you to the new breed of online political analysts known as “nonpartisan political fact checkers.” They claim to be “consumer advocates” who “sort out the truth in politics,” yet they are really leftwing propagandists

launching attacks against Obama's opponents and critics while ensuring that Obama would be elected, his policies enacted, and his false identity protected. The role they played in manipulating the outcome of the Presidential election cannot be overstated: by hiding Obama's true identity and political ideology to influencing public opinion in favor of his liberal leftwing legislation to shielding his activities from scrutiny. Chapter III: Anatomy of a forgery takes you through the quest to solve the mystery of Obama's COLB: a 2 ½ year odyssey of painstaking analytical research, true scientific experimentation, and a good deal of old-school, detective work devoted to answering a simple question: "Did the Daily Kos post a genuine scan of Barack Obama's paper Hawaiian Certification of Live Birth (COLB)?" The mystery of Obama's COLB has been solved, but the revelations that followed were more significant than the forgery itself. The importance of this fraudulent birth certificate had grown exponentially since it first appeared in June 2008, going from a curiosity to becoming the de facto evidence of Obama's citizenship. A large number people banked their very reputations on it being real and the stakes could not be higher if this massive conspiracy were to fall apart. Every other piece of "evidence" that followed the COLB was created in defense of it. Chapter IV: Blue Hawaii caught red-handed goes right to the heart of Barack Obama's identity fraud. Hawaii is the largest repository of the most liberal, most pro-Obama, and least credible state government officials in the country. No other state in the nation comes close, with the possible exception being Illinois. The dirty money that was shoveled to Democrats, like Clinton and Obama, put it in a class all by itself.

Mr. President Q. David Bowers, Dave Lifton, 2013

Public Papers of the Presidents of the United States: January 20 to June 30, 2009 United States. President (2009-2017 : Obama), 2010

Campaign Inc. Henry F. De Sio., Jr., 2014-09-01 It takes more than an excellent candidate to win elections; it takes an outstanding campaign organization, too. Campaign Inc. is the story of how leadership and organization propelled Barack Obama to the White House. As the chief operating officer of Obama's 2008 presidential campaign, Henry F. De Sio, Jr., was positioned to view this historic campaign as few others could. In this fascinating behind-the-scenes account, he whisks readers into Obama's national election headquarters in Chicago to glimpse the decision-making processes and myriad details critical to running a successful and innovative presidential campaign. From the campaign's early chaos to the jubilation and drama of winning the Iowa caucus, to the drawn-out Democratic nomination process, to Obama's eventual election as president of the United States, De Sio guides readers through the challenges faced by the Obama for America campaign in its brief twenty-one-month lifespan. De Sio shows readers that Obama himself was direct about his vision for the campaign when he instructed his staff to "run it like a business." Thus, this is less the story of Barack Obama, candidate, and more the story of Barack Obama, CEO. Because campaigns are launched from scratch during every election cycle, they are the ultimate entrepreneurial experience. In the course of the election, the Obama campaign scaled up from a scrappy start-up to a nearly \$1 billion operation, becoming a hothouse environment on which the glare of the media spotlight was permanently trained. Campaign Inc. allows readers to peek behind the curtain at the underdog organization that brought down the Clinton campaign and later went on to defeat the Republican machine, while offering lessons in leadership and organization to innovators, executives, and entrepreneurs.

President Joseph R. Biden Jr. and Vice President Kamala Harris Paper Dolls Tim Foley, 2021-05-25 Commemorate the inauguration of Joseph R. Biden Jr. as the 46th president of the United States, and Kamala Harris as the 49th Vice President, with these special edition paper dolls. Features accurately

rendered outfits worn on the campaign trail, at the Democratic convention, and for inaugural events.
