Lilly J. Goren

**Preserver** William Shatner,2012-10-09 In the Mirror Universe the tyrannical Emperor Tiberius, once captain of the ISS Enterprise, had great success turning captured alien weaponry to his advantage. Until, that is, his failure to seize the tantalising advances of the ancient First Federation. Now, in the more peaceful universe of the United Federation of Planets, Tiberius sees his second chance. And a new ally will help him take it - his alter ego for whom he has nothing but contempt - Starfleet Captain James T. Kirk. Honorable, idealistic and decent, James T. Kirk is many things Tiberius is not. But he is also a man deeply in love with his wife - and Teilani is dying. To save her life, Kirk is prepared to compromise his ideals and enter into his most dangerous alliance yet. Battling Captain Jean-Luc Picard and a new generation of Starfleet heroes, Kirk must guide Tiberius to a long-abandoned First Federation base which conceals a power so great it will enable Tiberius to conquer the mirror universe - and his own. But on that journey Kirk uncovers long-hidden secrets that raise the stakes far beyond the mere survival of family and friends. At the heart of their quest, something else is waiting: an object from a civilisation whose technology is far more advanced than any Kirk or Tiberius could hope to acquire, placed there for Kirk's eyes only by mysterious aliens who appear to have influenced life within the galaxy over eons of time - a message from the Preservers...

**The Essential Cult TV Reader** David Lavery,2021-09-15 The Essential Cult TV Reader is a collection of insightful essays that examine television shows that amass engaged, active fan bases by employing an imaginative approach to programming. Once defined by limited viewership, cult TV has developed its own identity, with some shows gaining large, mainstream audiences. By exploring the defining characteristics of cult TV, The Essential Cult TV Reader traces the development of this once obscure form and explains how cult TV achieved its current status as legitimate television. The essays explore a wide range of cult programs, from early shows such as Star Trek, The Avengers, Dark Shadows, and The Twilight Zone to popular contemporary shows such as Lost, Dexter, and 24, addressing the cultural context that allowed the development of the phenomenon. The contributors investigate the obligations of cult series to their fans, the relationship of camp and cult, the effects of DVD releases and the Internet, and the globalization of cult TV. The Essential Cult TV Reader answers many of the questions surrounding the form while revealing emerging debates on its future.

*Battlestar Galactica and Philosophy* Josef Steiff,Tristan D. Tamplin,2008 A collection of essays exploring philosophical, political, and cultural themes of the television show Battlestar Galactica--Provided by publisher.

A Quick Steep Climb Up Linear Algebra Stephen Davies,2021-01-13 A Quick Steep Climb Up Linear Algebra - and its companion site allthemath - are completely-and-forever-free-and-open-source educational materials dedicated to the mathematics that budding computer science practitioners actually need to know. They feature the fun and addictive teaching of award-winning lecturer Dr. Stephen Davies of the University of Mary Washington in Fredericksburg, Virginia!

**Agent to the Stars** John Scalzi,2008-10-28 From New York Times bestseller and Hugo Award-winner, John Scalzi, a gleeful mash-up of science fiction and Hollywood satire The space-faring Yherajk have come to Earth to meet us and to begin humanity's first interstellar friendship. There's just one problem: They're hideously ugly and they smell like rotting fish. So getting humanity's trust is a challenge. The Yherajk need someone who can help them close the deal. Enter Thomas Stein, who knows something about closing deals. He's one of Hollywood's hottest young agents. But although Stein may have just concluded the biggest deal of his career, it's quite another thing to negotiate for an entire alien race. To earn his percentage this time, he's going to need all the smarts, skills, and wits he can muster. **You've Come A Long Way, Baby** Lilly J. Goren,2009-05-22 The landmark 2008 presidential and vice presidential campaigns of Hillary Clinton and Sarah Palin brought the role of women in American leadership into sharper focus than ever before. These women and others such as Nancy Pelosi and Katie Couric who are successful in traditionally male-dominated fields, demonstrate how women's roles have changed in the last thirty years. In the past, the nightly news was anchored by male journalists, presidential cabinets were composed solely of male advisors, and a female presidential candidate was an idea for the distant future, but the efforts of dedicated reformers have changed the social landscape. The empowerment of women is not limited to the political sphere, but is also echoed by the portrayal of women in film, television, magazines, and literature. You've Come a Long Way, Baby: Women, Politics, and Popular Culture investigates the role of popular culture in women's lives. Framed by discussions of contemporary feminism, the volume examines gender in relation to sexuality, the workplace, consumerism, fashion, politics, and the beauty industry. In analyzing societal depictions of women, editor Lilly J. Goren and an impressive list of contributors illustrate how media reflects and shapes the feminine sense of power, identity, and the daily challenges of the twenty-first century. Along with a discussion of women in politics, various contributors examine a range of gender-related issues from modern motherhood and its implications for female independence to the roles of women and feminism in pop music. In addition, Natalie Fuehrer Taylor outlines the evolution of women's magazines from Ladies' Home Journal to Cosmopolitan. The impact of television and literature on body image issues is also explored by Linda Beail, who draws on trendy chick lit phenomena such as Gossip Girl and Sex and the City, and Emily Askew, who analyzes the effects of image transformation in programs such as The Swan and Extreme Makeover. As comprehensive as it is accessible, You've Come a Long Way, Baby is a practical guide to understanding modern gender roles. In tracing the different ways in which femininity is constructed and viewed, the book demonstrates how women have reclaimed traditionally domestic activities that include knitting, gardening, and cooking, as well as feminine symbols such as Barbie dolls, high heels, and lipstick. Though the demand for and pursuit of gender equality opened many doors, the contributors reveal that fictional women's roles are often at odds with the daily experiences of most women. By employing an open approach rather than adhering to a single, narrow theory, You've Come a Long Way, Baby appeals not only to scholars and students of gender studies but to anyone interested in confronting the struggles and celebrating the achievements of women in modern society.

*How To Watch Television* Ethan Thompson,Jason Mittell,2013-09-16 Examines social and cultural phenomena through the lens of different television shows We all have opinions about the television shows we watch, but television criticism is about much more than simply evaluating the merits of a particular show and deeming it 'good' or 'bad.' Rather, criticism uses the close examination of a television program to explore that program's cultural significance, creative strategies, and its place in a broader social context. How to Watch Television brings together forty original essays from today's leading scholars on television culture, writing about the programs they care (and think) the most about. Each essay focuses on a particular television show, demonstrating one way to read the program and, through it, our media culture. The essays model how to practice media criticism in accessible language, providing critical insights through analysis—suggesting a way of looking at TV that students and interested viewers might emulate. The contributors discuss a wide range of television programs past and present, covering many formats and genres, spanning fiction and non-fiction, broadcast and cable, providing a broad representation of the programs that are likely to be covered in a media studies course. While the book primarily focuses on American television, important programs with international origins and transnational circulation are also covered. Addressing television series from the medium's earliest days to contemporary online transformations of television, How to Watch Television is designed to engender classroom discussion among television critics of all backgrounds.

**The Philosophy of Christopher Nolan** Jason T. Eberl, George A. Dunn, 2017-06-20 As a director, writer, and producer, Christopher Nolan has substantially impacted contemporary cinema through avant garde films, such as *Following* and *Memento*, and his contribution to wider pop culture with his Dark Knight trilogy. His latest film, *Interstellar*, delivered the same visual qualities and complex, thought-provoking plotlines his audience anticipates. *The Philosophy of Christopher Nolan* collects sixteen essays, written by professional philosophers and film theorists, discussing themes such as self-identity and self-destruction, moral choice and moral doubt, the nature of truth and its value, whether we can trust our perceptions of what's "real," the political psychology of heroes and villains, and what it means to be a "viewer" of Nolan's films. Whether his protagonists are squashing themselves like a bug, struggling to create an identity and moral purpose for themselves, suffering from their own duplicitous plots, donning a mask that both strikes fear and reveals their true nature, or having to weigh the lives of those they love against the greater good, there are no simple solutions to the questions Nolan's films provoke; exploring these questions yields its own reward.

**Breaching the Colonial Contract** Arlo Kempf, 2009-05-30 Almost a decade in, Empire remains the 21st Century's dominant mode of cultural production, and North America remains at the apex of the colonial imperative. The contributors to this volume argue that, far from being a post-colonial world, the struggle for independence of polity and culture is still alive and relevant. The book brings together relevant examples of anti-colonial discourse and struggle from across the US and Canada, providing unique perspectives on resistance, activism, scholarship and pedagogy. Anti-colonialism is an evolving framework to which this book hopes to make a unique contribution, with the range, depth and analytical approach of the chapters it contains. The emphasis on anti-colonial resistance here is significant, as it consistently reveals the personal commitment required for the undoing of domination, as well as the ways in which people can collectively pursue radical politics in their aim of bringing about social justice. The book examines a multitude of actions which could be termed anti-colonial, from student walkouts along the US/Mexico border, to interrogations of the relationship between indigenous and anti-racist struggles in North America, to analyses of the implications of anti-colonialism for community unionism as well as disability rights struggles. Chapters also look at the movement for Africentric schools in Toronto, provide an annotated and comparative look at the myriad struggles for and by the Fourth World and Fourth World nations, and analyze the creation of an anti-colonial classroom in a Montreal university. They also explore the colonial underpinnings of multicultural education in the US. With contributions from leading thinkers such as Henry Giroux, Ward Churchill, and Peter McLaren, as well as fresh perspectives from junior academics, this book provides a diverse and varied survey of anti-colonialism in the US and Canada. It will be a thought-provoking read for those working in a wide variety of disciplines, from Sociology to Politics. In daring and incisive ways, Arlo Kempf's collection further positions anti-colonialism as the necessary educational project for the colonizer and colonized within us all; it reflectively re-sets the radical education agenda, with telling historical and current instances that are used by the book's authors to move constructively forward in critical ways. John Willinsky, Stanford University, USA

**The Essential Science Fiction Television Reader** J.P. Telotte, 2008-05-02 "A richly detailed and critically penetrating overview . . . from the plucky adventures of Captain Video to the postmodern paradoxes of *The X-Files* and *Lost*." —Rob Latham, coeditor of *Science Fiction Studies* Exploring such hits as *The Twilight Zone*, *Star Trek*, *Battlestar Galactica*, and *Lost*, among others, *The Essential Science Fiction Television Reader* illuminates the history, narrative approaches, and themes of the genre. The book discusses science fiction television from its early years, when shows attempted to recreate the allure of science fiction cinema, to its current status as a sophisticated genre with a popularity all its own. J. P. Telotte has assembled a wide-ranging volume rich in theoretical scholarship yet fully accessible to science fiction fans. The book supplies readers with valuable historical context, analyses of essential science fiction series, and an understanding of the key issues in science fiction television.

**The New Digital Storytelling** Bryan Alexander, 2011-04-07 This book surveys the many ways of telling stories with digital technology, including blogging, gaming, social media, podcasts, and Web video. Digital storytelling uses new media tools and platforms to tell stories. The second wave of digital storytelling started in the 1990s with the rise of popular video production, then progressed in the new century to encompass newer, social media technologies. *The New Digital Storytelling: Creating Narratives with New Media* is the first book that gathers these new, old, and emergent practices in one place, and provides a historical context for these methods. Author Bryan Alexander explains the modern expression of the ancient art of storytelling, weaving images, text, audio, video, and music together. Alexander draws upon the latest technologies, insights from the latest scholarship, and his own extensive experience to describe the narrative creation process with personal video, blogs, podcasts, digital imagery, multimedia games, social media, and augmented reality—all platforms that offer new pathways for creativity, interactivity, and self-expression.

**The Cutting Edge of Nordic Larp** Jon Back, 2014-04-01 Official book of Knutpunkt 2014. Published in conjunction with the Knutpunkt 2014 conference.

**911 LoveRS** Jürgen Lewandowski, WAFT, 2018-01-08 -The first comprehensive homage to the Porsche R and RS models -From the first 911 R (1967) through the varying RS models, to the latest 911 R (2016) -Includes interviews with enthusiasts, racing drivers and customers -Presents portraits of unique collectors' items and race histories -Celebrates the 50th Anniversary of the Porsche 911 R in 2017 Porsche's sporting elite - the 911 R - more performance, less weight. As the first comprehensive homage to the R and RS models, this is a must-have for all Porsche 911 lovers. At auctions they rack up premium prices, but the makers of the 911 R never intended to create objects of speculation for maximum profit. Their main concern was developing vehicles that would appeal to customers because of their uncompromising sportiness. The story begins 50 years ago, when the first Porsche 911 R achieved five new long-distance world records in Monza; and goes on to the latest 911 R - a car that is aware of its history, with racing stripes, houndstooth bucket seats, manual gear change, and a free-revving naturally aspirated engine. In between the first and the latest lie 50 years, numerous models, and a legion of fans.

**Brimstone Angels** Erin M. Evans, 2011-11-01 The first in a series set in D&D's *Forgotten Realms*, about twin tiefling sisters, an alluring yet unsettling half-demonic race of outcasts Rejected at birth and raised in a village of tiefling misfits, Farideh expects a life without friends, love, or control over her destiny. Then she makes a pact with a devil named Lorcan, and everything changes. Lorcan promises all she ever dreamed of and asks for nothing in return. Her twin sister Havilar urges Farideh to resist the devil's sway. But Farideh's not so sure. Lorcan may be dangerous but the power he offers is exhilarating. In the ruins of Neverwinter, Farideh's doubts get tangled up in a devilish snare six layers deep. A succubus playing human pawns against an otherworldly foe sees the twins as obstacles in her path. And Lorcan's monstrous sisters have their eyes on the city—and on Farideh. There's no time to question her pact with Lorcan—it will take every ounce of Farideh's newfound powers to get out of Neverwinter alive. *Brimstone Angels* is the first book in the *Brimstone Angels* series. Titles in Erin Evans' *Brimstone Angels* Series *Brimstone Angels* *Brimstone Angels: Lesser Evils* *The Adversary* *Fire in the Blood* *Ashes of the Tyrant* *The Devil*

**Hover Car Racer** Matthew Reilly,2021 In the world of the near future, the most popular sport in the world is hover car racing. Super fast and dangerous, its heroes are the racers: part fighter pilot, part race - car driver, all superstar. But to get to the Pro Circuit, you must first pass through the International Race School, a brutal cauldron of wild races on even wilder courses, where only the best of the best will survive. This is the story of Jason Chaser, a talented young racer selected to attend the Race School. He's younger than the other students. He's smaller. His trusty car, the Argonaut, is older. But Jason Chaser is no ordinary racer. And as he races against the best drivers in the world he will learn that at Race School winning is everything, that not everyone in this world fights fair, and that you never ever have any friends on the track.

*Battlestar Galactica* ,2011

Decoding **Battlestar Galactica Viper Mark Ii Ver 2 Free Paper Model Download**: Revealing the Captivating Potential of Verbal Expression
