Beyond the Gates of Antares Rick Priestley, 2016

Armor John Steakley, 1984-12-04 The military sci-fi classic of courage on a dangerous alien planet The planet is called Banshee. The air is unbreathable, the water is poisonous. It is home to the most implacable enemies that humanity, in all its interstellar expansion, has ever encountered. Body armor has been devised for the commando forces that are to be dropped on Banshee—the culmination of ten thousand years of the armorers' craft. A trooper in this armor is a one-man, atomic powered

battle fortress. But he will have to fight a nearly endless horde of berserk, hard-shelled monsters—the fighting arm of a species which uses biological technology to design perfect, mindless war minions. Felix is a scout in A-team Two. Highly competent, he is the sole survivor of mission after mission. Yet he is a man consumed by fear and hatred. And he is protected, not only by his custom-fitted body armor, but by an odd being which seems to live within him, a cold killing machine he calls “The Engine.” This is Felix’s story—a story of the horror, the courage, and the aftermath of combat, and the story, too, of how strength of spirit can be the greatest armor of all.

GURPS Lite Sean Punch, 2000

Escape from Baghdad! Saad Z. Hossain, 2015 Welcome to Baghdad during the US invasion. A desperate American military has created a power vacuum that needs to be filled. Religious fanatics, mercenaries, occultists, and soldiers are all vying for power. So how do regular folks try to get by? If you're Dagr and Kinza, a former economics professor and a streetwise hoodlum, you turn to dealing in the black market. But everything is about to change, because they have inherited a very important prisoner: the star torturer of Hussein's recently collapsed regime, Captain Hamid, who promises them untold riches if they smuggle him out of Baghdad. With the heat on and nothing left for them in Baghdad, they enlist the help of Private Hoffman, their partner in crime and a U.S. Marine. In the chaos of a city without rule, getting out of Baghdad is no easy task and when they become embroiled in a mystery surrounding an ancient watch that doesn't tell time, nothing will ever be the same. With a satiric eye firmly cast on the absurdity of human violence, *Escape from Baghdad!* features shades of *Catch-22* and *Three Kings* while giving voice, ribald humor, and firepower to people often referred to as collateral damage.
