Imaginary Homelands Salman Rushdie,1992-05-01 "Read every page of this book; better still, re-read them. The invocation means no hardship, since every true reader must surely be captivated by Rushdie's masterful invention and ease, the flow of wit and insight and passion. How literature of the highest order can serve the interests of our common humanity is freshly illustrated here: a defence of his past, a promise for the future, and a surrender to nobody or nothing whatever except his own all-powerful imagination."-Michael Foot, Observer Salman Rushdie's *Imaginary Homelands* is an important record of one writer's intellectual and personal odyssey. The seventy essays collected here, written over the last ten years, cover an astonishing range of subjects -the literature of the received masters and of Rushdie's contemporaries; the politics of colonialism and the ironies of culture; film, politicians, the Labour Party, religious fundamentalism in America, racial prejudice; and the preciousness of the imagination and of free expression. For this paperback edition, the author has written a new essay to mark the third anniversary of the fatwa.

The Stick Chair Book Christopher Schwarz,2023-09

The Yellow Wallpaper Illustrated Charlotte Perkins Gilman,2019-07-03 The story details the descent of a young woman into madness. Her supportive, though misunderstanding husband, John, believes it is in her best interests to go on a rest cure after experiencing symptoms of temporary nervous depression. The family spends the summer at a colonial mansion that has, in the narrator's words, something queer about it. She and her husband move into an upstairs room that she assumes was once a nursery. Her husband chooses for them to sleep there due to its multitude of windows, which provide the air so needed in her recovery. In addition to the couple, John's sister Jennie is present; she serves as their housekeeper. Like most nurseries at the time the windows are barred, the wallpaper has been torn, and the floor is scratched. The narrator attributes all these to children, as most of the damage is isolated to their reach. Ultimately, though, readers are left unsure as to the source of the room's state, leading them to see the ambiguities in the unreliability of the narrator. The narrator devotes many journal entries to

describing the wallpaper in the room - its yellow smell, its breakneck pattern, the missing patches, and the way it leaves yellow smears on the skin and clothing of anyone who touches it. She describes how the longer one stays in the bedroom, the more the wallpaper appears to mutate, especially in the moonlight. With no stimulus other than the wallpaper, the pattern and designs become increasingly intriguing to the narrator. She soon begins to see a figure in the design, and eventually comes to believe that a woman is creeping on all fours behind the pattern. Believing she must try to free the woman in the wallpaper, the woman begins to strip the remaining paper off the wall. After many moments of tension between John and his sister, the story climaxes with the final day in the house. On the last day of summer, she locks herself in her room to strip the remains of the wallpaper. When John arrives home, she refuses to unlock the door. When he returns with the key, he finds her creeping around the room, circling the walls and touching the wallpaper. She excitedly exclaims, I've got out at last... in spite of you and Jane, causing her husband to faint as she continues to circle the room, creeping over his inert body each time she passes it, believing herself to have become the personification of the woman trapped behind the yellow wallpaper.
