This Is Not Fame Doug Stanhope,2017-12-05 An unfiltered, unapologetic, hilarious, and sometimes obscene assemblage of tales from the down-and-dirty traveling comedy circuit Doug Stanhope has been drunkenly stumbling down the back roads and dark alleys of stand-up comedy for over a quarter of a century, roads laden with dank bars, prostitutes, cheap drugs, farm animals, evil dwarfs, public nudity, menacing third-world police, psychotic breaks, sex offenders, and some understandable suicides. You know, just for levity. While other comedians were seeking fame, Stanhope was seeking immediate gratification, dark spectacle, or sometimes just his pants. Not to say he hasn't rubbed elbows with fame. He's crashed its party, snorted its coke, and jumped into its pool naked, literally and often repeatedly -- all while artfully dodging fame himself. Doug spares no legally permissible detail, and his stories couldn't be told any other way. They're weird,

uncomfortable, gross, disturbing, and fucking funny. This Is Not Fame is by no means a story of overcoming a life of excess, immorality, and reckless buffoonery. It's an outright celebration of it. For Stanhope, the party goes on.

**Conflict Landscapes: An Archaeology of the International Brigades in the Spanish Civil War** Salvatore Garfi, 2019-08-31 This volume is an archaeological exploration of the conflict landscapes encountered by volunteers of the International Brigades in the Spanish Civil War (1936-39). This research draws, not only on the techniques of landscape archaeology, but also on the writings of international volunteers in Spain – in particular, George Orwell.

*Los Angeles Street Food* Farley Elliott, 2015-07-20 A history and guidebook for locals and visitors who want to explore the flavorful delights of the nation's street food capital—includes photos! Los Angeles is the uncontested street food champion of the United States, and it isn't even a fair fight. Millions of hungry locals and tourists take to the streets to eat tacos, down bacon-wrapped hot dogs, and indulge in the latest offerings from a fleet of gourmet food trucks and vendors. Dating back to the late nineteenth century when tamale men first hawked their fare from pushcarts and wagons, street food is now a billion-dollar industry in L.A.—and it

isn't going anywhere! So hit the streets and dig in with local food writer Farley Elliott, who tackles the sometimes-dicey subject of street food and serves up all there is to know about the greasy, cheesy, spicy, and everything in between.

Material Culture and Text Christopher Tilley, 2014-10-30

Originally published in 1991, this is the first book-length exploration of post-structuralist discourse theory in archaeology. It tackles the most basic problem of historical and archaeological analysis - the relationship between text and artefact - in an analysis of prehistoric art fusing theory and the practice of interpretation to create a fresh framework for understanding the relationship between past and present. Focusing on a collection of rock carvings from northern Sweden, the author shows how alternative conceptualizations of the material from structuralist, hermeneutic and structural-Marxist frameworks substantially alter our understanding of their meaning and significance. Engaging readers in an interpretive process, this book is for specialists in archaeology, anthropology, art history and cultural studies.
