The Lazy Genius Way Kendra Adachi, 2021-08-17 NEW YORK TIMES BESTSELLER • Being a Lazy Genius isn't about doing more or doing less. It's about doing what matters to you. "I could not be more excited about this book."—Jenna Fischer, actor and cohost of the Office Ladies podcast The chorus of "shoulds" is loud. You should enjoy the moment, dream big, have it all, get up before the sun, track your water consumption, go on date nights, and be the best. Or maybe you should ignore what people think, live on dry shampoo, be a negligent PTA mom, have a dirty house, and claim your hot mess like a badge of honor. It's so easy to feel overwhelmed by the mixed messages of what it means to live well. Kendra Adachi, the creator of the Lazy Genius movement, invites you to live well by your own definition and equips you to be a genius about what matters and lazy about what doesn't. Everything from your morning routine to napping without guilt falls into place with Kendra's thirteen Lazy Genius principles, including: • Decide once • Start small • Ask the Magic Question • Go in the right order • Schedule rest Discover a better way to approach your relationships, work, and piles of mail. Be who you are without the complication of everyone else's "shoulds." Do what matters, skip the rest, and be a person again.

Felt Wee Folk: New Adventures Salley Mavor, 2015-02-01 "A fabulous book! . . . If you enjoy tiny, detailed projects that allow for lots of creativity and personal handiwork, I cannot recommend this book enough!" —Feeling Stitchy Salley Mavor's book *Felt Wee Folk* inspired tens of

thousands to handcraft dolls from simple materials. Now, she invites you to return to the wee world with Felt Wee Folk—New Adventures, starring 120 dolls to spark smiles and creativity. As requested by fans, this long-awaited follow-up shares more challenging projects. Explore fresh scenes and an array of new outfits, hairstyles, and accessories, with full-sized patterns. Make bendable dolls that resemble you, your family, or your favorite fairy-tale characters with wool felt, chenille stems, and decorative stitching. Display the figures in a dollhouse, atop a wedding cake, or in a holiday scene to be cherished year after year. From the pages of Mavor's award-winning children's books to your home, the enchanting wee folk dolls appeal to crafters of all ages and skill levels. More dolls, more scenes, and more outfits Use your stash—wool felt, chenille stems, and simple embellishments Delightful, challenging projects, as requested by fans Felt Wee Folk was a Foreword Reviews' GOLD WINNER for Crafts & Hobbies "While the original book included projects beyond Wee Folk dolls, the new volume focuses on the dolls themselves. Fairies and families, kings and knights, and even some not-too-scary pirates all grace the pages of the book, beckoning readers to at least admire, if not try to create, Wee Folk of their own." —The Enterprise (Cape Cod)

Think, Write, Speak Vladimir Nabokov Literary Trust, Brian Boyd, 2021-02-09 A rich compilation of the previously uncollected Russian and English prose and interviews of one of the twentieth century's greatest writers, edited by Nabokov

experts Brian Boyd and Anastasia Tolstoy. "I think like a genius, I write like a distinguished author, and I speak like a child: so Vladimir Nabokov famously wrote in the introduction to his volume of selected prose, *Strong Opinions*. Think, Write, Speak follows up where that volume left off, with a rich compilation of his uncollected prose and interviews, from a 1921 essay about Cambridge to two final interviews in 1977. The chronological order allows us to watch the Cambridge student and the fledgling Berlin reviewer and poet turn into the acclaimed Paris émigré novelist whose stature brought him to teach in America, where his international success exploded with *Lolita* and propelled him back to Europe. Whether his subject is Proust or Pushkin, the sport of boxing or the privileges of democracy, Nabokov's supreme individuality, his keen wit, and his alertness to the details of life illuminate the page.

My Dirty Dumb Eyes Lisa Hanawalt, 2021-06-10
Sharply observant, laugh-out-loud funny comics from The Believer cartoonist and New York Times illustrator My Dirty Dumb Eyes is the highly anticipated debut collection from award-winning cartoonist Lisa Hanawalt. In a few short years, Hanawalt has made a name for herself: her intricately detailed, absurdly funny comics have appeared in venues as wide and varied as The Hairpin, VanityFair.com, Lucky Peach, Saveur, The New York Times, and The Believer. My Dirty Dumb Eyes intermingles drawings, paintings, single-panel gag jokes, funny lists, and anthropomorphized animals, all in the service of

satirical, startlingly observant commentary on pop culture, contemporary society, and human idiosyncrasies. Her wild sense of humor contrasts strikingly with the carefully rendered lines and flawless draftsmanship that are Hanawalt trademarks. Whether she's revealing the secret lives of celebrity chefs or explaining that what dogs really want is a tennis-ball bride, *My Dirty Dumb Eyes* will have readers rolling in the aisles, as Hanawalt's insights into human (and animal) behavior startle and delight time and again.

The SAGE Deaf Studies Encyclopedia Genie Gertz, Patrick Boudreault, 2015-07-15 The time has come for a new in-depth encyclopedic collection of articles defining the current state of Deaf Studies at an international level and using the critical and intersectional lens encompassing the field. The emergence of Deaf Studies programs at colleges and universities and the broadened knowledge of social sciences (including but not limited to Deaf History, Deaf Culture, Signed Languages, Deaf Bilingual Education, Deaf Art, and more) have served to expand the activities of research, teaching, analysis, and curriculum development. The field has experienced a major shift due to increasing awareness of Deaf Studies research since the mid-1960s. The field has been further influenced by the Deaf community's movement, resistance, activism and politics worldwide, as well as the impact of technological advances, such as in communications, with cell phones, computers, and other devices. A major goal of this new encyclopedia is to shift focus away from the "Medical/Pathological Model" that would

view Deaf individuals as needing to be “fixed” in order to correct hearing and speaking deficiencies for the sole purpose of assimilating into mainstream society. By contrast, The Deaf Studies Encyclopedia seeks to carve out a new and critical perspective on Deaf Studies with the focus that the Deaf are not a people with a disability to be treated and “cured” medically, but rather, are members of a distinct cultural group with a distinct and vibrant community and way of being.

Confessions of a High School Disaster Emma Chastain, 2017-03-07 Chloe Snow chronicles a year in her high school life, sharing the highs and lows of family, friendship, school, and love--

The Open-Air Life Linda Åkeson McGurk, 2022-11-01 A complete guide to Friluftsliv, the Nordic secret to unplugging and connecting more deeply with nature. In *The Open-Air Life*, Swedish-American writer Linda McGurk introduces readers to a wide array of Nordic customs and practices that focus on slowing down and spending more and more of one's time outdoors. An outdoorsy cousin of hygge, friluftsliv is what Nordic people do outside all day before they cozy up in front of the fireplace with their wool socks on and a cup of hot cocoa. From the pleasures of foraging for wild berries and birding to how to stay warm and cozy outside in the middle of winter, this charmingly illustrated, inspirational guide shows readers how to harness the power-of-nature to improve their physical and mental health, as well as their relationships with both other people and Mother Nature. Readers will learn: Why and how they should spend more time outside How to use

friluftsliv to combat stress, anxiety disorders, depression, and burnout Practical skills like making fire, cooking outdoors and cleaning water on the go. For country and city lovers alike, this book will serve as an essential guide to slowing down in this modern, fast paced society and connecting with the natural world.

Performer Training and Technology Maria Kapsali, 2020-10-05 Performer Training and Technology employs philosophical approaches to technology, including postphenomenology and Heidegger's thinking, to examine the way technology manifests, influences and becomes used in performer training discourse and practice. The book offers in-depth discussions of present and past performer training practices through a lens that has never been applied before; considers the employment of key digital artefacts; and develops a series of analytical tools that can be useful in scholarly and practical explorations. An array of intriguing subjects are covered including the role of electric lights in Stanislavsky's work on concentration; the use of handheld tools, such as sticks in Zarrilli's psychophysical training and Meyerhold's Biomechanics; the emergence of new forms of training in relation to motion capture technology; and the way the mobile phone complicates notions and practices of attention in learning and training contexts. This book is of vital relevance to performer training scholars and practitioners; theatre, performance, and dance scholars and students; and especially those interested in philosophies of technology.

The Routledge Handbook of Language

Revitalization Leanne Hinton, Leena Huss, Gerald Roche, 2018-03-05 The Routledge Handbook of Language Revitalization is the first comprehensive overview of the language revitalization movement, from the Arctic to the Amazon and across continents. Featuring 47 contributions from a global range of top scholars in the field, the handbook is divided into two parts, the first of which expands on language revitalization issues of theory and practice while the second covers regional perspectives in an effort to globalize and decolonize the field. The collection examines critical issues in language revitalization, including: language rights, language and well-being, and language policy; language in educational institutions and in the home; new methodologies and venues for language learning; and the roles of documentation, literacies, and the internet. The volume also contains chapters on the kinds of language that are less often researched such as the revitalization of music, of whistled languages and sign languages, and how languages change when they are being revitalized. The Routledge Handbook of Language Revitalization is the ideal resource for graduate students and researchers working in linguistic anthropology and language revitalization and endangerment.

Smaug Daniel Falconer, 2014-04-01 Come face to face with Smaug the Magnificent, the most realistic, breathtaking and destructive dragon ever to appear on screen, in this gallery of exclusive images that tell the story of how he was created. Smaug is possibly the most memorable character in JRR Tolkien's *The Hobbit*: a huge,

malevolent, fire-breathing, talking dragon! But while he makes quite an impact in the book, in Peter Jackson's film adaptation he is definitely the most spectacular creature ever to appear on screen. So how did the filmmakers manage to take the dragon that has lived in millions of readers' imaginations and turn him into a totally unique and unforgettable living, breathing character? The answer can be found in *Smaug: Unleashing the Dragon*. Packed with stunning, exclusive new images, it reveals how he grew out of thousands of detailed and fantastical concept designs into the beast that is unleashed in awesome digital glory. Compiled by the Academy Award™-winning teams at Weta Digital and Weta Workshop, who provide fascinating insights telling the story of the dragon's creation, this is the perfect companion for every fan who was blown away by Smaug, the Magnificent!

Classic Sherlock Holmes Arthur Conan Doyle, 2010-01-18 In four novels and fifty-six short stories, the exciting adventures of Baker Street's most famous resident - Sherlock Holmes Known and loved for over a century, this shrewd amateur detective, with the faithful Watson by his side, has delighted readers across the world. This handsome omnibus edition stands as a lasting tribute to the indestructible sleuth and his famous creator. A Study in Scarlet The Sign of Four The Adventures of Sherlock Holmes The Memoirs of Sherlock Holmes The Return of Sherlock Holmes The Hound of Baskervilles The Valley of Fear His Last Bow The Case-Book of Sherlock Holmes.

Research Methods Steve Chapman, Patrick

McNeill, Patrick McNeill, 2005-04-25 Since its first edition in 1985, Patrick McNeill's *Research Methods* has become a classic introductory text for students of sociology at A level and in undergraduate courses as well as for a range of specialists in education, business, social care and medicine who need a brief but authoritative account of how sociologists set about conducting research. After a brief overview of the history of sociological research which introduces key concepts, this new edition, co-authored with Steve Chapman, describes the main sociological research methods, and includes sections on theory, science and values as well as: references to research studies developments in relevant sociological theory developments in research methodology new material on the presentation of research findings. Including an appendix of questions which students should ask when they are evaluating accounts of research, this lasting text retains the clarity of style of the second edition, and brings the content up-to-date.

Sherlock Holmes for the 21st Century Lynnette Porter, 2012-08-08 The 21st century is a good time to be Sherlock Holmes. He stars in the Guy Ritchie films, with Robert Downey, Jr.; an internationally popular BBC television series featuring Benedict Cumberbatch; a novel sanctioned by the Arthur Conan Doyle Estate; and dozens of additional novels and short stories, including two by Neil Gaiman. Add to this the videogames, comic books, and fan-created works, plus a potent Internet and social media presence. Holmes' London has become a prime destination for cinematic tourists. The

evidence is clearly laid out in this collection of 14 new essays: Holmes and Watson are more popular than ever. The detective has been portrayed as hero, and antihero. He's tech savvy, and scientifically detached--even psychologically aberrant. He has been romantically linked to The Woman and bromantically to Watson. Whether Victorian or modern, he continues to fascinate. These essays explain why he is destined to be with us for years to come. Instructors considering this book for use in a course may request an examination copy here.

Sherlock Holmes Arthur Conan Doyle, 2019-11

Felt Wee Folk Salley Mavor, 2010-11-05 A Foreword Reviews' GOLD WINNER for Crafts & Hobbies. "If you enjoy felt sculpting, doll making, or fun fabric embellishment, check out *Felt Wee Folk!*" –Needle 'n Thread Salley Mavor's charming, bendable Wee Folk fairies and dolls are real show-stoppers. Learn to create your own tiny figures and accessories using wool felt, chenille stems, simple embellishments, and Salley's new step-by-step guide. Thank you for a wonderful book about the doll form and its

application in miniature.” –Elinor Peace Bailey, author of *Storytelling with Dolls* “An inspiring hands-on book that awakens us to the beauty and magic of the forest, and encourages us to pick up our needles and create.” –Ruth M. Keessen, publisher of *Soft Dolls & Animals*, *Contemporary Doll Collector*, and *Miniature Collector* magazines

Mastermind Maria Konnikova, 2013-01-03 The New York Times bestselling guide to thinking like literature's greatest detective. Steven Pinker meets Sir Arthur Conan Doyle (Boston Globe), by the author of *The Confidence Game*. No fictional character is more renowned for his powers of thought and observation than Sherlock Holmes. But is his extraordinary intellect merely a gift of fiction, or can we learn to cultivate these abilities ourselves, to improve our lives at work and at home? We can, says psychologist and journalist Maria Konnikova, and in *Mastermind* she shows us how. Beginning with the “brain attic”—Holmes’s metaphor for how we store information and organize knowledge—Konnikova unpacks the mental strategies that lead to clearer thinking and deeper insights. Drawing on twenty-first-century neuroscience and psychology, *Mastermind* explores Holmes’s unique methods of ever-present mindfulness, astute observation, and logical deduction. In doing so, it shows how each of us, with some self-awareness and a little practice, can employ these same methods to sharpen our perceptions, solve difficult problems, and enhance our creative powers. For Holmes aficionados and casual readers alike, Konnikova reveals how the world’s most keen-eyed detective

can serve as an unparalleled guide to upgrading the mind.

Frank Einstein and the BrainTurbo (Frank Einstein series #3) Jon Scieszka, 2015-08-25 Huge laughs and great science—the kind of smart, funny stuff that makes Jon Scieszka a legend. —Mac Barnett, author of Battle Bunny and The Terrible Two Frank Einstein (kid-genius scientist and inventor) and his best friend Watson, along with Klink (a self-assembled artificial intelligence entity), create the BrainTurbo to power-boost the human body and help their baseball-pitching pal Janegoodall make the team. But when Klank (a mostly self-assembled and artificial almost intelligence entity) goes missing, they must first rescue their robot pal and stop T. Edison—Frank's classmate and archrival—from stealing their latest invention and using it against them!

Investigating Spoken English Štefan Beňuš, 2021-04-17 Combining coverage of the key concepts and tools within phonetics and phonology with a systematic introduction to Praat, this textbook provides a lively and engaging 'way in' to the discipline. The author first covers the fundamentals of the articulatory and acoustic aspects of speech and introduces Praat as the main tool for examining and visualising speech. Next, the unit of analysis is gradually expanded (from syllables to words to turns and dialogues) and excerpts of real dialogues exemplify the core concepts for discovering how speech works. The final part of the book brings all the concepts and notions together with commentaries to the transcription of several short excerpts of

dialogues. This book will be essential reading for students on undergraduate courses in phonetics and phonology.

Left of Karl Marx Carole Boyce Davies, 2008-02-05
In *Left of Karl Marx*, Carole Boyce Davies assesses the activism, writing, and legacy of Claudia Jones (1915–1964), a pioneering Afro-Caribbean radical intellectual, dedicated communist, and feminist. Jones is buried in London's Highgate Cemetery, to the left of Karl Marx—a location that Boyce Davies finds fitting given how Jones expanded Marxism-Leninism to incorporate gender and race in her political critique and activism. Claudia Cumberbatch Jones was born in Trinidad. In 1924, she moved to New York, where she lived for the next thirty years. She was active in the Communist Party from her early twenties onward. A talented writer and speaker, she traveled throughout the United States lecturing and organizing. In the early 1950s, she wrote a well-known column, "Half the World," for the *Daily Worker*. As the U.S. government intensified its efforts to prosecute communists, Jones was arrested several times. She served nearly a year in a U.S. prison before being deported and given asylum by Great Britain in 1955. There she founded *The West Indian Gazette* and *Afro-Asian Caribbean News* and the Caribbean Carnival, an annual London festival that continues today as the Notting Hill Carnival. Boyce Davies examines Jones's thought and journalism, her political and community organizing, and poetry that the activist wrote while she was imprisoned. Looking at the contents of the FBI file on Jones, Boyce Davies contrasts Jones's own narration of

her life with the federal government's. Left of Karl Marx establishes Jones as a significant figure within Caribbean intellectual traditions, black U.S. feminism, and the history of communism.

An Atlas of Es Devlin Es Devlin, 2023-10-19 The international publishing sensation, *An Atlas of Es Devlin* has already sold out its first printing, but more copies will be available in North America in February 2024. *An Atlas of Es Devlin*, the first monograph on artist Es Devlin's genre-defying practice, is an experiential publication encompassing art, activism, theatre, poetry, music, dance, opera, and sculpture.
