Meet the Chihuahua American Kennel Club,2012-08-14 The American Kennel Club's Meet the Chihuahua, an official publication of the American Kennel Club (AKC) prepared in collaboration with the Chihuahua Club of America, serves as the go-to resource for new and experienced owners of the world's tiniest dog. With his saucy personality, childlike intelligence, and perfect diminutive stature, the Chihuahua is the favorite of millions of dog lovers in America and around the world. Meet the Chihuahua begins with a discussion about who makes the right owner for such a tiny wonder as the Chihuahuas, and the parent-like responsibilities that accompany owning this long-lived canine tot. Equally important is the selection of the right breeder, a topic covered in a chapter on puppy selection that includes a list of questions to ask the breeder and the answers new owners are looking for. The book addresses the health of the Chi and alerts new owners to potential problems in the breed. The chapter on health discusses the importance of finding the right veterinarian for this breed as well as how to embark on a preventive-healthcare regimen with your vet. New owners will profit from the chapters dedicated to selecting the right merchandise for a new puppy and how to make the home and yard safe for the inquisitive Chi puppy. House-training and obedience training are presented in individual chapters, topics that all Chi owners need to consider seriously. The AKC's stance on positive training methods shines through as owners are enlightened to the power of praise and rewards. Additionally, Meet the Chihuahua offers info about grooming both coat varieties, exercise, dental health, and feeding.The final chapter presents a fun-filled chapter on participating in dog sports;from participating in AKC performance events like dog shows, obedience and agility trials to becoming certified as a therapy dog and visiting nursing homes and retirement homes with your ready-to-love Chihuahua. The chapters also offer advice on how to pursue the AKC S.T.A.R. Puppy and the Canine Good Citizen programs, both ideal for young dogs getting their start in organized dog events and therapy work. The Resources section of the book includes excellent recommendations for websites, periodicals, books, and programs that owners will find informative and helpful.

Cesar's Way Cesar Millan,Melissa Jo Peltier,2007-09-18 Cesar Millan—nationally recognized dog expert—helps you see the world through the eyes of your dog so you can finally eliminate problem behaviors. From his appearances on The Oprah Winfrey Show to his roster of celebrity clients to his reality television series, Cesar Millan is America's most sought-after dog-behavior expert. But Cesar is not a trainer in the traditional sense—his expertise lies in his unique ability to comprehend dog psychology. Tracing his own amazing journey from a clay-walled farm in Mexico to the celebrity palaces of Los Angeles, Cesar recounts how he learned what makes dogs tick. In Cesar's Way, he shares this wisdom, laying the groundwork for you to have stronger, more satisfying relationships with your canine companions. Cesar's formula for a contented and balanced dog seems impossibly simple: exercise, discipline, and affection, in that order. Taking readers through the basics of dog psychology and behavior, Cesar shares the inside details of some of his most fascinating cases, using them to illustrate how common behavior issues develop and, more important, how they can be corrected. You'll learn: • What your dog really needs may not be what you're giving him • Why a dog's natural pack instincts are the key to your happy relationship • How to relate to your dog on a canine level • There are no "problem breeds," just problem owners • How to choose a dog who's right for you and your family • The difference between discipline and punishment • And much more! Filled with fascinating anecdotes about Cesar's longtime clients, and including forewords by the president of the International Association of Canine Professionals and Jada Pinkett Smith, this is the only book you'll need to forge a stronger, more rewarding connection with your four-legged companion.

The Virtopsy Approach Michael Thali,Richard Dirnhofer,Peter Vock,2009-05-14 Charred, badly decomposed, or mummified corpses, as well as those restrictions forced upon coroners by certain religious sects, often make autopsies impossible to perform. In addition, lack of manpower among the personnel charged with performing autopsies frequently creates a backlog of cases in the coroner’s office. This delay increases the likelihood that causes of death will go undetermined and criminal perpetrators will go unpunished. The solution can be found in what has come to be known as the virtopsy®, a minimally invasive and efficient way to perform an autopsy through state-of-the-art imaging-guided means. A term coined by noted forensic pathologist Richard Dirnhofer, virtopsy refers to virtual autopsy, a modality that employs a spectrum of technologies including computed tomography, magnetic resonance imaging and spectroscopy, and 3D photogrammetry and surface scanning. In *The Virtopsy Approach: 3D Optical and Radiological Scanning and Reconstruction in Forensic Medicine*, the authors reveal a comprehensive summary of the virtopsy procedure. Well-organized, detailed enough to serve as a how-to guide for newcomers to the field, and copiously illustrated with many color figures accompanied by appropriate explanatory captions, this volume breaks new ground in the world of autopsy science.
