Lexical Phonology and the History of English April McMahon, 2000-04-13 This book has two main goals: the re-establishment of a rule-based phonology as a viable alternative to current non-derivational models and the rehabilitation of historical evidence as a focus of phonological theory. Although Lexical Phonology includes several constraints such as the Derived Environment Condition and Structure Preservation, intended to reduce abstractness, previous versions have not typically exploited these fully. The model of Lexical Phonology presented here imposes the Derived Environment Condition strictly; introduces a new constraint on the shape of underlying representations; excludes underspecification; and suggests an integration of Lexical Phonology with Articulatory Phonology.

*The Theory of Lexical Phonology* K.P. Mohanan, 2012-12-06 This book contains some of the material which originally appeared in my Ph. D. thesis Lexical Phonology, submitted at the Massachusetts Institute of Technology, but it can hardly be called a revised version of the thesis. The theory that I propose here is in many ways radically different from the one that I proposed in the thesis, and there is a great deal of new data and analyses from English and Malayalam. Chapter VI is so new that I haven't even had the time to try it out on my friends. As everyone knows, research is a collective enterprise, even though an individual's name appears on the first page of the book or article. I would think of this book as a joint project involving dozens of people, in which I acted as the project coordinator, collecting suggestions from a wide variety of sources. Four major influences on what the book contains were Morris Halle, Paul Kiparsky, Mark Liberman, and Joan Bresnan. I learned the ropes of doing research on phonology, phonetics, and morphology from them, and almost everything that I discuss in this book owes its shape ultimately to one of them. Among the others who contributed generously to this book are: Jay Keyser, James Harris, Douglas Pulleyblank, Diana Archangeli, Donca Steriade, Elizabeth Selkirk, Francois Dell, Noam Chomsky, Philip Lesourd, Mohammed Guerssel, Michel Kenstovicz, Raj Singh, Will Leben, Joe Perkell, Victor Zue, Paroo Nihalani. P. Madhavan, and Stephanie Shattuck-Hafnagel.

**100 Great Black Britons** Patrick Vernon, Angelina Osborne, 2022-06-07 'An empowering read . . . it is refreshing to see somebody celebrate the role that black Britons have played in this island's long and complicated history' DAVID LAMMY, author of *Tribes*, in 'The best books of 2020', the Guardian 'Timely and so important . . . recognition is long overdue . . . I would encourage everyone to buy it!' DAWN BUTLER MP A long-overdue book

honouring the remarkable achievements of key Black British individuals over many centuries, in collaboration with the 100 Great Black Britons campaign founded and run by Patrick Vernon OBE. 'Building on decades of scholarship, this book by Patrick Vernon and Dr Angelina Osborne brings the biographies of Black Britons together and vividly expands the historical backdrop against which these hundred men and women lived their lives.' From the Foreword, by DAVID OLUSOGA 'I am delighted to see the relaunch of 100 Great Black Britons. For too long the contribution of Britons of African and Caribbean heritage have been underestimated, undervalued and overlooked' SADIQ KHAN, Mayor of London Patrick Vernon's landmark 100 Great Black Britons campaign of 2003 was one of the most successful movements to focus on the role of people of African and Caribbean descent in British history. Frustrated by the widespread and continuing exclusion of the Black British community from the mainstream popular conception of 'Britishness', despite Black people having lived in Britain for over a thousand years, Vernon set up a public poll in which anyone could vote for the Black Briton they most admired. The response to this campaign was incredible. As a result, a number of Black historical figures were included on the national school curriculum and had statues and memorials erected and blue plaques put up in their honour. Mary Seacole was adopted by the Royal College of Nursing and was given the same status as Florence Nightingale. Children and young people were finally being encouraged to feel pride in their history and a sense of belonging in Britain. Now, with this book, Vernon and Osborne have relaunched the campaign with an updated list of names and accompanying portraits -- including new role models and previously little-known historical figures. Each entry explores in depth the individual's contribution to British history - a contribution that too often has been either overlooked or dismissed. In the wake of the 2018 Windrush scandal, and against the backdrop of Brexit, the rise of right-wing populism and the continuing inequality faced by Black communities across the UK, the need for this campaign is greater than ever.,

Ocean Wave Mechanics V. Sundar, 2017-02-13 This is a textbook aimed at graduate students and offshore engineering practitioners that covers basic fluid mechanics and the deterministic and statistical descriptions of infinitesimal and finite amplitude water waves. It reviews the theory of wave loading on structures and closes with a chapter on the potential of ocean wave energy and devices for extracting it. Since the 1980s there has been tremendous progress in numerical and physical modelling of coastal and offshore structures in waves. This calls for a clear understanding of the phenomena of wave generation, propagation, deformation and its effects on marine structures. This book will help the reader to understand the many results and descriptions found in journals, reports and research papers. It is self-contained, and encompasses the fundamentals of the subject with sufficient description and illustrations.

**The Almost Queen** Alys Murray, 2022-12-16 *The Witch Needs Her Freedom*. Ellara Wist, one of the many witches that fought on the losing side of the war, has no intentions of returning to Outerland when it is finished and she has no intention of letting her fellow witches suffer either. So, during her sentencing for war crimes against the kingdom of Aulen, she boldly offers their new king a proposal: she'll join the king's court as his own personal sorceress in exchange for the lives and freedom of those trapped in Outerland. *The King Needs a Wife*. Terran didn't want to be king. But after years of war and the loss of almost his entire family, he will not put the crown aside. But when a witch from his past offers herself as a sacrifice, he sees her as an equal. So, he instead counters her offer with one of his own: Don't be my sorceress. Be my Queen. And the deal they strike will change their world forever. Desperate, Ellara agrees, swearing to herself that she could never love him. But as time reveals the man she's married not as the monster everyone thought he was and danger draws them closer together, she finds her vow almost impossible to keep.

*The Louder I Will Sing* Lee Lawrence, 2020-09-17 WINNER OF THE COSTA BIOGRAPHY PRIZE 2020 'This is the story of arguably one of the most important, yet least known, events in modern British history. Lee's journey and fight for justice are both inspiring and enraging' *AKALA* What would you do if the people you trusted to uphold the law committed a crime against you? Who would you turn to? And how long would you fight them for? On 28th September 1985, Lee Lawrence's mother Cherry Groce was wrongly shot by police during a raid on her Brixton home. The bullet shattered her spine and she never walked again. In the chaos that followed, 11-year-old Lee watched in horror as the News falsely pronounced his mother dead. In Brixton, already a powder keg because of the deep racism that the community was experiencing, it was the spark needed to trigger two days of rioting that saw buildings brought down

by petrol bombs, cars torched and shops looted. But for Lee, it was a spark that lit a flame that would burn for the next 30 years as he fought to get the police to recognise their wrongdoing. His life had changed forever: he was now his mother's carer, he had seen first-hand the prejudice that existed in his country, and he was at the mercy of a society that was working against him. And yet that flame - for justice, for peace, for change - kept him going. *The Louder I Will Sing* is a powerful, compelling and uplifting memoir about growing up in modern Britain as a young Black man. It's a story both of people and politics, of the underlying racism beneath many of our most important institutions, but also the positive power that hope, faith and love can bring in response.

**A Great and Terrible Beauty** Libba Bray, 2010-05-01 It's 1895, and after the death of her mother, 16-year-old Gemma Doyle is shipped off from the life she knows in India to Spence, a proper boarding school in England. To make things worse, she's being followed by a mysterious young Indian man, a man sent to watch her. But why? What is her destiny? And what will her entanglement with Spence's most powerful girls - and their foray into the spiritual world - lead to?
