Japanese Media Cultures in Japan and Abroad: Transnational

Consumption of Manga, Anime, and Media-Mixes Manuel

Hernández-Pérez, 2019-06-24 In the last few decades, Japanese popular culture productions have been consolidated as one of the most influential and profitable global industries. As a creative industry, Japanese Media-Mixes generate multimillion-dollar revenues, being a product of international synergies and the natural appeal of the characters and stories. The transnationalization of investment capital, diversification of themes and (sub)genres, underlying threat in the proliferation of illegal audiences, development of internet streaming technologies, and other new transformations in media-mix-based production models make the study of these products even more relevant today. In this way, manga (Japanese comics), anime (Japanese animation), and video games are not necessarily products designed for the national market. More than ever, it is necessary to reconcile national and transnational positions for the study of this cultural production. The present volume includes contributions aligned to the analysis of Japanese popular culture flow from many perspectives (cultural studies, film, comic studies, sociology, etc.), although we have

emphasized the relationships between manga, anime, and international audiences. The selected works include the following topics: • Studies on audiences—national and transnational case studies; • Fandom production and Otaku culture; • Cross-media and transmedia perspectives; • Theoretical perspectives on manga, anime, and media-mixes.

The Bridge Ladies Betsy Lerner, 2016-05-03 A fifty-year-old Bridge game provides an unexpected way to cross the generational divide between a daughter and her mother. Betsy Lerner takes us on a powerfully personal literary journey, where we learn a little about Bridge and a lot about life. After a lifetime defining herself in contrast to her mother's "don't ask, don't tell" generation, Lerner finds herself back in her childhood home, not five miles from the mother she spent decades avoiding. When Roz needs help after surgery, it falls to Betsy to take care of her. She expected a week

of tense civility; what she got instead were the Bridge Ladies. Impressed by their loyalty, she saw something her generation lacked. Facebook was great, but it wouldn't deliver a pot roast. Tentatively at first, Betsy becomes a regular at her mother's Monday Bridge club. Through her friendships with the ladies, she is finally able to face years of misunderstandings and family tragedy, the Bridge table becoming the common ground she and Roz never had. By turns darkly funny and deeply moving, *The Bridge Ladies* is the unforgettable story of a hard-won—but never-too-late—bond between mother and daughter.

The Anime Ecology Thomas Lamarre, 2018-03-13 A major work destined to change how scholars and students look at television and animation With the release of author Thomas Lamarre's field-defining study *The Anime Machine*, critics established Lamarre as a leading voice in the field of Japanese animation. He now returns with *The Anime Ecology*, broadening his insights to give a complete account of anime's relationship to television while placing it within important historical and global frameworks. Lamarre takes advantage of the overlaps between television, anime, and new media—from console games and video to iOS games and streaming—to show how animation helps us think through television

in the contemporary moment. He offers remarkable close readings of individual anime while demonstrating how infrastructures and platforms have transformed anime into emergent media (such as social media and transmedia) and launched it worldwide.

Thoughtful, thorough illustrations plus exhaustive research and an impressive scope make *The Anime Ecology* at once an essential reference book, a valuable resource for scholars, and a foundational textbook for students.

The Giver, Gathering Blue, Messenger, Son (The Giver Quartet)

Lois Lowry, 2014-07-31 *THE GIVER* is soon to be a major motion picture starring Jeff Bridges, Katie Holmes and Taylor Swift. Now available for the first time in the UK, *THE GIVER QUARTET* is the complete four-novel collection.

Nippon Modern Mitsuyo Wada-Marciano, 2008-01-22

Devastated by the 1923 earthquake, Tokyo re-built itself in symbiosis with an image of modernity concocted by its own film studios. *Nippon Modern* renders that image, aspect after fascinating aspect, in sharp detail. Scores of films make up that image, a few resurrected in this volume for intense and delightful analysis. A sensitive viewer and an honest resourceful historian, Wada-Marciano lays out what she's found in relation to other

studies of this precious period, and she does so without hyperbole and without a glaring agenda. She makes you understand how, after Tokyo would again be devastated in 1945, these ‘modern’ films could become objects of nostalgia. Such is the care she gives her subject and such the fragility of that subject. —Dudley Andrew, Yale University Nippon Modern will be recognized as one of the core books of Japanese film studies, a must-read for anyone interested in Japanese cinema. Because it brings Japanese cinema study into dialogue with important debates in history, area studies, and post colonial studies, it should have a wide and heterogeneous readership that will be attracted to its compelling analysis of important films and straightforward narration of biographies and studio history. —Abé Mark Nornes, University of Michigan Nippon Modern is the first intensive study of Japanese cinema in the 1920s and 1930s, a period in which the country’s film industry was at its most prolific and a time when cinema played a singular role in shaping Japanese modernity. During the interwar period, the signs of modernity were ubiquitous in Japan’s urban architecture, literature, fashion, advertising, popular music, and cinema. The reconstruction of Tokyo following the disastrous earthquake of 1923 highlighted the extent of this cultural transformation, and the

film industry embraced the reconfigured space as an expression of the modern. Shochiku Kamata Film Studios (1920–1936), the focus of this study, was the only studio that continued filmmaking in Tokyo following the city's complete destruction. Mitsuyo Wada-Marciano points to the influence of the new urban culture in Shochiku's interwar films, acclaimed as *modan na eiga*, or modern films, by and for Japanese. Wada-Marciano's thought-provoking examinations illustrate the reciprocal relationship between cinema and Japan's vernacular modernity—what Japanese modernity actually meant to Japanese. Her thorough and thoughtful analyses of dozens of films within the cultural contexts of Japan contribute to the current inquiry into non-Western vernacular modernities.

Voracious Cara Nicoletti, 2015-08-18 AN IRRESISTIBLE LITERARY FEAST Stories and recipes inspired by the world's great books As a young bookworm reading in her grandfather's butcher shop, Cara Nicoletti saw how books and food bring people to life. Now a butcher, cook, and talented writer, she serves up stories and recipes inspired by beloved books and the food that gives their characters depth and personality. From the breakfast sausage in Laura Ingalls Wilder's *Little House in the Big Woods* to chocolate cupcakes with peppermint buttercream from Jonathan

Franzen's *The Corrections*, these books and the tasty treats in them put her on the road to happiness. Cooking through the books that changed her life, Nicoletti shares fifty recipes, including: The perfect soft-boiled egg in Jane Austen's *Emma* Grilled peaches with homemade ricotta in tribute to Joan Didion's *Goodbye to All That* New England clam chowder inspired by Herman Melville's *Moby-Dick* Fava bean and chicken liver mousse crostini (with a nice Chianti) after Thomas Harris's *The Silence of the Lambs* Brown butter crêpes from Gillian Flynn's *Gone Girl* Beautifully illustrated, clever, and full of heart, *Voracious* will satisfy anyone who loves a fantastic meal with family and friends-or curling up with a great novel for dessert.

Ambedkar, Gandhi and Patel Raja Sekhar Vundru,2017-12-10

In 1931 Mahatma Gandhi and Dr. B R Ambedkar met in London and clashed on the future of India's electoral system. Later in 1932 when the British announced reserved seats for dalits, Gandhi went on a fast unto death. Ambedkar saved his life by agreeing to the changed terms of representation, which changed the course of electoral system of India. The Gandhi - Ambedkar engagement was only on the electoral system and method of election by

separate electorates which Muslims enjoyed till then. Till the partition of India in 1947, the draft Constitution provided reserved seats for minorities and Dalits, which Sardar Patel chose to abolish. The fate of India's electoral system shifted to Ambedkar and Sardar Patel after Gandhi's assassination in 1948. Sardar Patel tried to abolish reserved seats for Dalits also in 1948 only to be thwarted by Ambedkar. Those reserved seats continue. Based on a singular pursuit of tracing the electoral system and methods that define India-the world's largest democracy, this book is the first to document the evolution and account of electoral history of colonial and independent India. Do we know how Sardar Patel and Gandhi used electoral system to integrate India? Since the first provincial elections in 1937, do we know that double member constituencies existed till 1961, only to be abolished by Jawaharlal Nehru? Do we know that Ambedkar lost his first election in independent India because voters threw away their ballots? If we need women reserved seats, we need to know that we might have to try to double member constituencies. This book tells all. The story of electoral thoughts and ideas of Ambedkar, Gandhi and Patel and Ambedkar's struggle to get a representative electoral system appear for the first time in a book. In India only election

results are predicted, analysed and compiled. The electoral method that determines India's every election comes into focus in this book. Can any political party get away without offering tickets to one minority community or Dalits? The history is the answer to the future - through this book.

A Critical Handbook of Japanese Film Directors Alexander Jacoby, 2013-02-10 For film lovers and scholars, an essential resource and reference guide.

I Think You're Totally Wrong David Shields, Caleb Powell, 2015-09-01 Caleb Powell always wanted to become an artist, but he overcommitted to life; his former professor David Shields always wanted to become a human being, but he overcommitted to art. The stay-at-home dad (three young girls) and the workaholic writer (eighteen books) head to the woods to spend four days together in a cabin, arguing life vs. art. *I Think You're Totally Wrong* is an impassioned, funny, probing, fiercely inconclusive, nearly-to-the-death debate. Shields and Powell talk about everything—marriage, family, sports, sex, happiness, drugs, death, betrayal, and (of course) writers and writing—in the name of exploring and debating their central question: the lived life versus the examined life. There are no teachers or students here, no

interviewers or interviewees, no masters of the universe—only a chasm of uncertainty, in a dialogue that remains dazzlingly provocative and entertaining from start to finish. James Franco’s film adaptation of *I Think You’re Totally Wrong*, starring the authors, premiered in 2015.

Polish Cinema Marek Haltof, 2018-10-19 First published in 2002, Marek Haltof’s seminal volume was the first comprehensive English-language study of Polish cinema, providing a much-needed survey of one of Europe’s most distinguished—yet unjustly neglected—film cultures. Since then, seismic changes have reshaped Polish society, European politics, and the global film industry. This thoroughly revised and updated edition takes stock of these dramatic shifts to provide an essential account of Polish cinema from the nineteenth century to today, covering such renowned figures as Kieślowski, Skolimowski, and Wajda along with vastly expanded coverage of documentaries, animation, and television, all set against the backdrop of an ever-more transnational film culture.

Picturing Japaneseness Darrell William Davis, 1996 Explores the role of 1930s Japanese cinema in the construction of a national identity and in the larger context of Japan's encounter-and

struggle-with the West and modernity. Davis lends a new perspective to such celebrated films as Gate of Hell, Kagemusha, and Ran.

Inuyasha Rumiko Takahashi,2006-10-17 Inuyasha and comrades are deeply entrenched in the battle of their lives as they fend off the vicious attacks of the undead assassins known as the Band of Seven. But Inuyasha gains some unlikely comrades in his fight when his brother Sesshōmaru and feral rival Koga get entangled in the skirmish. As the Band of Seven's numbers dwindle, their attacks become increasingly more desperate and push Inuyasha's new allies to their limits. All comes to a fiery climax as another of Naraku's malevolent plots is revealed!

The A to Z of Postwar German Literature William Grange,2010 Some authors strongly criticized attempts to rebuild a German literary culture in the aftermath of World War II, while others actively committed themselves to dealing with the German past. There are writers in Austria and Switzerland that find other contradictions of contemporary life troubling, while some find them funny or even worth celebrating. German postwar literature has, in the minds of some observers, developed a kind of split personality. In view of the traumatic monstrosities of the previous century that

development may seem logical to some. The A to Z of Postwar German Literature is devoted to modern literature produced in the German language, whether from Germany, Austria, Switzerland or writers using German in other countries. This volume covers an extensive period of time, beginning in 1945 at what was called zero hour for German literature and proceeds into the 21st century, concluding in 2008. This is done through a list of acronyms and abbreviations, a chronology, an introductory essay, a bibliography, and hundreds of cross-referenced dictionary entries on writers, such as Nobel Prize-winners Heinrich Böll, Günter Grass, Elias Canetti, Elfriede Jelinek, and W. G. Sebald. There are also entries on individual works, genres, movements, literary styles, and forms.
