**Homo Deus** Yuval Noah Harari,2017-02-21 Official U.S. edition with full color illustrations throughout. NEW YORK TIMES BESTSELLER Yuval Noah Harari, author of the critically-acclaimed New York Times bestseller and international phenomenon *Sapiens*, returns with an equally original, compelling, and provocative book, turning his focus toward humanity's future, and our quest to upgrade humans into gods. Over the past century humankind has managed to do the impossible and rein in famine, plague, and war. This may seem hard to accept, but, as Harari explains in his trademark style—thorough, yet riveting—famine, plague and war have been transformed from incomprehensible and uncontrollable forces of nature into manageable challenges. For the first time ever, more people die from eating too much than from eating too little; more people die from old age than from infectious diseases; and more people commit suicide than are killed by soldiers, terrorists and criminals put together. The average American is a thousand times more likely to die from binging at McDonalds than from being blown up by Al Qaeda. What then will replace famine, plague, and war at the top of the human agenda? As the self-made gods of planet earth, what destinies will we set ourselves, and which quests will we undertake? *Homo Deus* explores the projects, dreams and nightmares that will shape the twenty-first century—from overcoming death to creating artificial life. It asks the fundamental questions: Where do we go from here? And how will we protect this fragile world from our own destructive powers? This is the next stage of evolution. This is *Homo Deus*. With the same insight and clarity that made *Sapiens* an international hit and a New York Times bestseller, Harari maps out our future.

*Song of the Beauforts* Colin M. King,2008 This book records the exploits of the airmen of the first Australian Beaufort squadron in action in World War II. Developed as a torpedo and general reconnaissance bomber, the Beaufort was the heaviest, most powerful and most complex aircraft ever built in this country. It entered service with the Royal Australian Air Force at a time when Japanese invasion seemed imminent. As the tide of the war in the South-West Pacific turned from one mostly fought over the ocean to a land-based operation, the original squadron was joined by additional Beaufort units to form the RAAF's No 71 Wing. Employing new methods of warfare, the Beaufort crews closely supported American and Australian ground forces. Using participants' own words to describe events, from the hazards of training to the fury of offensive operations, the author vividly brings to life the bravery of the aviators and the dedication and skill of the ground crews who operated Beauforts during the protracted campaign across the South-West Pacific.

*Activating Human Rights and Peace* GOH Bee Chen,Baden Offord,2016-03-16 Human rights and peace issues and concerns have come about at a critical time. The world has recently witnessed a plethora of turning points that speak of the hopes and vulnerabilities which are inherent in being human and demonstrate that change in the service of human rights and peace is possible. At the same time, however, other events indicate that wherever there is life, there is vulnerability in a world characterized by instability and endemic human suffering. On top of all this, the collapse of the global financial system and the serious, rapid destruction of the environment have brought the world to a precarious state of vulnerability. Activating human rights and peace is, therefore, a project that is always in progress, and is never finally achieved. This enlightening collection of well thought through cases is aimed at academics and students of human rights, political science, law and justice, peace and conflict studies and sociology.

Bram Stoker's Notes for Dracula Bram Stoker,Robert Eighteen-Bisang,Elizabeth Miller,2013-10-02 Bram Stoker's initial notes and outlines for his landmark horror novel *Dracula* were auctioned at Sotheby's in London in 1913 and eventually made their way to the Rosenbach Museum and Library in Philadelphia, where they are housed today. Until now, few of the 124 pages have been transcribed or analyzed. This painstaking work reproduces the handwritten notes both in facsimile and in annotated transcription. It also includes Stoker's typewritten research notes and thoroughly analyzes all of the materials, which range from Stoker's thoughts on the novel's characters and settings to a nine-page calendar of events that includes most of the now-familiar story. Ample annotations guide readers through the construction of the novel and the changes that were made to its structure, plot, setting and characters. Nine appendices provide insight into Stoker's personal life, his other works and his early literary influences.

**Piping and Valves** Frank R. Spellman,Joanne Drinan,2001-08-31 This volume in the Fundamentals for the Water and Wastewater Main Operator series covers the basics of piping and valves in water and wastewater plants, including details on fittings, strainers, filters, traps and control systems.
