Adulterous Nations Tatiana Kuzmic, 2016-11-15 In *Adulterous Nations*, Tatiana Kuzmic enlarges our perspective on the nineteenth-century novel of adultery, showing how it often served as a metaphor for relationships between the imperialistic and the colonized. In the context of the long-standing practice of gendering nations as female, the novels under discussion here—George Eliot's *Middlemarch*, Theodor Fontane's *Effi Briest*, and Leo Tolstoy's *Anna Karenina*, along with August Šenoa's *The Goldsmith's Gold* and Henryk Sienkiewicz's *Quo Vadis*—can be understood as depicting international crises on the scale of the nuclear family. In each example, an outsider figure is responsible for the disruption experienced by the family. Kuzmic deftly argues that the hopes, anxieties, and interests of European nations during this period can be discerned in the destabilizing force of adultery. Reading the work of Šenoa and Sienkiewicz, from Croatia and Poland, respectively, Kuzmic illuminates the relationship between the literature of dominant nations and that of the semicolonized territories that posed a threat to them. Ultimately, Kuzmic's study enhances our understanding of not only these five novels but nineteenth-century European literature more generally.

Tolerance and Intolerance on the Triplex Confinium International Research Project "Triplex Confinium." International Conference, 2007 The Triplex Confinium, or triple border, was an actual point in the proximity of the town of Knin in Croatia, between the Habsburg Empire, the Ottoman Empire and the Republic of Venice after the peace treaty of Karlowitz in 1699. The Triplex Confinium, as an area and experience of living on the crossroads of different civilizations, cultures and religions in a long historical perspective, inspired an international research project focused upon the comparative history and intercultural approaches of borders and borderlands in Southeast Europe, where three distinctive political, cultural and confessional contexts

encountered each other over the centuries. The Triplex Confinium is above all a metaphor of cultural challenges in the areas of multiple borderlands.

Warhol-isms Andy Warhol,2022-05-10 A unique collection of brilliant quotations from the legendary Pop artist One of the most influential artists of his time and ours, Andy Warhol is nearly as renowned for what he said as for what he did. Indeed, he is so quotable that things he never said are

endlessly and plausibly attributed to him, including, fittingly, the most celebrated fake Warhol saying—“In the future, everyone will be world-famous for 15 minutes.” Warhol-isms separates legend from fact to present a unique and comprehensive collection of authentic quotations from the Pop artist. Gathered from interviews and other primary sources, these deadpan, droll, ironic, and sincere gems—in which a superficial embrace of superficiality often disguises provocative, unconventional ideas—provide compelling insights into the life and work of an artist who has left an indelible mark on art and popular culture. Select quotations from the book: I think an artist is anybody who does something well. I went to [a psychiatrist] once, and he never called me back. They always say that time changes things, but you actually have to change them yourself. I’ve never met a person I couldn’t call a beauty. New things are always better than old things. I’m still a commercial artist. I was always a commercial artist.

The Unrest-Cure Saki, 2021-01-08 Hector Hugh Munro (18 December 1870 – 14 November 1916), better known by the pen name Saki and also frequently as H. H. Munro, was a British writer whose witty, mischievous and sometimes macabre stories satirize Edwardian society and culture. He is considered a master of the short story, and often compared to O. Henry and Dorothy Parker. Influenced by Oscar Wilde, Lewis Carroll and Rudyard Kipling, he himself influenced A. A. Milne, Noël Coward and P. G. Wodehouse. Besides his short stories (which were first published in newspapers, as was customary at the time, and then collected into several volumes), he wrote a full-length play, *The Watched Pot*, in collaboration with Charles Maude; two one-act plays; a historical study, *The Rise of the Russian Empire* (the only book published under his own name); a short novel, *The Unbearable Bassington*; the episodic *The Westminster Alice* (a parliamentary parody of *Alice in Wonderland*); and *When William Came*, subtitled *A Story of London Under the Hohenzollerns*, a fantasy about a future German invasion and occupation of Britain. *The Unrest-Cure* - Saki's recurring hero Clovis Sangrail, a clever, mischievous young man, overhears the complacent middle-aged Huddle complaining of his own addiction to routine and aversion to change. Huddle's friend makes the wry suggestion that he needs an unrest-cure (the opposite of a rest cure), to be performed, if possible, in the home. Clovis takes it upon himself to help the man and his sister by involving them in an invented outrage that will be a blot on the twentieth century. Famous works of the author Saki: *The Interlopers*, *Gabriel-Ernest*, *The Schartz-Metterklume Method*, *The Toys of Peace*, *The Storyteller*, *The Open Window*, *The Unrest-Cure*, *Esmé*, *Sredni Vashtar*, *Tobermory*, *The Bull*, *The East Wing*.
