Vampirella: Feary Tales Nancy A. Collins, Gail Simone, Devin Grayson, John Shirley, Steve Bissette, Elaine Lee, Denis St. John, Joe R. Lansdale, Eric Trautmann, Stuart Moore, 2015-09-16 Nancy A. Collins (Swamp Thing, Sunglasses After Dark) has called upon some of today's finest creative talents - including Gail Simone, Steve Niles, Joe R. Lansdale, Devin Grayson, Stephen R. Bissette, and many more - to celebrate Vampirella's 45th Anniversary by crafting an anthology of twisted tales, bizarre bedtime stories, and fearsome fables in the tradition of the original Warren magazines, each featuring everyone's favorite sexy, kick-ass vampire-turned-monster hunter. While exploring the Transylvanian castle she's recently inherited, Vampirella discovers a strange old book of Feary Tales that seems oddly familiar. Upon opening it, she is sucked inside its pages and lands in a weird alternate reality, where she is compelled by a disembodied voice calling itself 'The Storyteller' to live out each of the 'feary tales' if she ever hopes to return to reality.

Grailpages Steven Payne, 2009 Grailpages brings to light the burgeoning hobby of collecting the original, hand-drawn art that was used to create comic books! Beginning more as a novelty, the hobby of collecting original comic art has expanded to a point where some of the seminal pages commonly run more than \$10,000 each! Author Steven Alan Payne allows you to meet collectors from around the globe and hear their passion in their own words, as they detail collections ranging from a few key pages, to broad, encompassing collections of literally hundreds of pages of original comic art by such artists as Jack Kirby, John Romita Sr., and others! Balancing out the narratives are incisive interviews with industry pros, including writers Gerry Conway, Steve Englehart, and Roy Thomas, and exclusive perspectives from Silver Age artists Dick Giordano, Bob McLeod, Ernie Chan, Tony DeZuniga, and the unparalleled great, Gene Colan! Completing the book is a diverse sampling of breathtakingly

beautiful original comic art, some lavishly presented in full-page spreads, including pages not seen publicly for decades!

JSA Vs. Kobra Eric S. Trautmann, Don Kramer, 2010-09-01 The Justice Society of America must keep Kobra from plunging the planet into chaos in an effort to bring about the deadly age of Kali Yuga in this title collecting the six-issue miniseries. Poor but Sexy Agata Pyzik, 2014-03-28 24 years after the fall of the Berlin Wall, Europe is as divided as ever. The passengers of the low-budget airlines go east for stag parties, and they go West for work; but the East stays East, and West stays West. Caricatures abound - the Polish plumber in the tabloids, the New Cold War in the broadsheets and the endless search for 'the new Berlin' for hipsters. Against the stereotypes, Agata Pyzik peers behind the curtain to take a look at the secret histories of Eastern Europe (and its tortured relations with the 'West'). Neoliberalism and mass migration, post-punk and the Bowiephile obsession with the Eastern Bloc, Orientalism and 'self-colonization', the emancipatory potentials of Socialist Realism, the possibility of a non-Western idea of modernity and futurism, and the place of Eastern Europe in any current revival of 'the idea of communism' - all are much more complex and surprising than they appear. *Poor But Sexy* refuses both a dewy-eyed Ostalgia for the 'good old days' and the equally desperate desire to become a 'normal part of Europe', reclaiming instead the idea an Other Europe. , ,

The Few and Cursed: Crows of Mana'Olana Felipe

Cagno, Fabiano Neves, 2022-02-08 *The Few and Cursed* is a supernatural post-apocalyptic western. Mana'Olana is a small town in the Honolulu Mountains region where a bedtime story about giant Crows that kidnap children in the silent of night originated. It turns out the Crows aren't exactly fiction. In the year 1840, more than 90% of the water on the planet disappeared over night.

Humankind has learned to adapt at any cost, and water has become the currency of the world. It's no wonder evil has blossomed in ways that were previously unimaginable. The dark arts and curses are now commonplace, and people have shown their true colors, becoming shockingly evil and devastatingly wicked monsters, all in the name of their coveted water. Enter the tough and mysterious Redhead, a Curse Chaser looking to help those in needs, for the right price - water, of course. *The Few and the Cursed: Crows of Mana'Olana* is the first complete saga of The Few and Cursed universe and pits the Redhead against the terrifying Crows. First published as a six-part mini-series, the full story is now available in one gorgeous collector's edition.
