Water+Ink Coloring Book Winter 2020 Kim Winberry,2019-07-22 I begin my paintings with a sketch and application of colorful/bright pigment and water to the paper. I disrupt the blends with

salt or water, watching as one color blossoms in water, as another color starts to travel across the paper. I utilize India Ink to demarcate changes, also adding swirls other artifacts, in the aim to achieve whimsy. My coloring books are my paintings! I run the paintings through filters and drop the color from them, leaving the lines so that you can add your own color. But wait, there's more... I've added an Augmented Reality component to this. Wonder what colors I used for that piece in the corner there? Take out your phone, download the Zappar app from your app store and zap the code. What happens? At the very least an image of the original painting will pop up and you can see what it looks like, side by side with the coloring page. Beyond that, you'll meet Mist, my liaison to the AR world. She will be a recurring character in all my AR work. Stay tuned and enjoy.

A Pocketful of Crows Joanne M Harris,2017-10-19 I am as brown as brown can be, And my eyes as black as sloe; I am as brisk as brisk can be, And wild as forest doe. (The Child Ballads, 295) So begins a beautiful tale of love, loss and revenge. Following the seasons, A Pocketful of Crows balances youth and age, wisdom and passion and draws on nature and folklore to weave a stunning modern mythology around a nameless wild girl. Only love could draw her into the world of named, tamed things. And it seems only revenge will be powerful enough to let her escape. Beautifully illustrated by Bonnie Helen Hawkins, this is a stunning and original modern fairytale.

Where's Attenborough? ,2021-03-02 This interactive book is an illustrated game of hide and seek, where the reader must track down Sir David Attenborough on each page. Since 1954, Sir David Attenborough has been gracing our TV screens to educate and celebrate the animal and natural worlds. In those nearly 70 years of broadcasting and documentary making, Attenborough became a national treasure in the United Kingdom and attained near-mythical status the world over. We only need to hear a word or two uttered, before we recognize David Attenborough's iconic voice. But, in this brightly illustrated book, we'll have to find him by sight and by sheer willpower. On each page in this book, drawn by artist Maxim Usik, Attenborough is lying in wait. You'll have to find him as he dives into the ocean, wades through wetlands and hides in the long grasses of the savannah - all the time keeping a watchful eye out for some of our world's, most incredible - and endangered - wildlife. There's no better way to celebrate an international icon (and perhaps stop and think about conservation along the way).

The Antics of Mrs Paws Christine Gregory,2018-10-30 Mrs Paws is the creation of Christine

Gregory, and through a short series of stories, her antics and adventures with her and her friends come to light. On the door of a small room within the cottage of Mr and Mrs Gregory is a quaint little sign that reads 'Enchanted Teddy and Dolly Sanctuary', so called because there's something quite magical behind this door. It came as such a shock to Mrs Gregory when she realised that her cuddlesome bear, along with some of her friends, actually came to life. So read on and find out just what they get up to in this cosy little cottage, the mystical wood and, of course, the fairy garden, but be sure not to tell anyone, this is your very own secret.
