Cloud Invasion Connie Suttle, 2014-12-23 Ilya The rest of us woke after a few days, when it became apparent we'd survived the drug. Even Corinne woke faster the first time. This time, three weeks had passed. I was grateful for the scans and other tests Dr. Farrell ran, indicating she was alive. Still, I was terrified for her. And for me. I spoke to her often and lately, I begged her to open her eyes. * * * After surviving the drug a second time, Corinne's abilities are put to the test as the enemy steps up his attacks. Will she survive the attempts on her life, as well as betrayal from within? As she struggles to keep the others alive, a new threat arrives—one even the enemy doesn't see coming.

A Postmodern Reader Joseph Natoli, Linda Hutcheon, 1993-06-29 These readings are organized into four sections. The first explores the wellsprings of the debates in the relationship between the postmodern and the enterprise it both continues and contravenes: modernism. Here philosophers, social and political commentators, as well as cultural and literary analysts present controversial background essays on the complex history of postmodernism. The readings in the second section debate the possibility—or desirability—of trying to define the postmodern, given its cultural agenda of decentering, challenging, even undermining the guiding “master” narratives of Western culture. The readings in the third section explore postmodernism’s complicated complicity with these very narratives, while the fourth section moves from theory to practice in order to investigate, in a variety of fields, the common denominators of the postmodern condition in action.

Happiness 6 Shuzo Oshimi, 2017-12-19 A supernatural story of sexual awakening, growing up, and suburban vampirism, Happiness follows a dorky boy who is attacked by a girl in an alley. She sucks his blood and gives him a choice: life or death. He chooses life, but finds himself nearly overwhelmed by a new thirst and a fascination with the necks of his classmates... Praise for Flowers of Evil: A shockingly readable story that vividly--one might even say queasily--evokes the fear and confusion of discovering one's own sexuality. Recommended. -The Manga Critic A page-turning tale of sordid middle school blackmail. -Otaku USA Magazine By loving this manga I recognize what a sick and twisted individual I have become. While I can still say that I am not truly deviant, Flowers of Evil is a great reminder of my own thirst for power and my own personal corruption. -Otaku Champloo

The Story of a Mountain Lawrence (Uncle, pseud.), 1890

Forensic Investigator Esther McKay, 2009-08-03 FORENSIC INVESTIGATOR Geoff Bernasconi had always been passionate about his job as a policeman in rural New South Wales and, from the earliest days of his career, went the extra mile, both for victims of crime and for their families. But one night in 1984, he was called to investigate the scene of an horrific car accident in which an entire family had been wiped out – and which it was impossible for him to forget. Geoff's day-to-day working life became a catalogue of tragedies, some of which involved people close to him, and he found himself spiralling downwards in the grip of post-traumatic stress disorder. When Esther McKay, fellow forensic investigator and author of the best-selling *Crime Scene*, heard that Geoff has been awarded maximum compensation for his suffering, she knew immediately this was a story that needed to be told. This is a harrowing account of what it is like to work on the front-line of crime and tragedy as a forensic investigator. But it is also the inspiring story of someone who has been exposed to sights and experiences many of us can hardly even imagine, yet has emerged from the darkness to begin his journey to recovery.
