Achtung-Panzer! Heinz Guderian,1995 This is one of the most significant military books of the twentieth century. By an outstanding soldier of independent mind, it pushed forward the evolution of land warfare and was directly responsible for German armoured supremacy in the early years of the Second World War. Published in 1937, the result of 15 years of careful study since his days on the German General Staff in the First World War, Guderian's book argued, quite clearly, how vital the proper use of tanks and supporting armoured vehicles would be in the conduct of a future war. When that war came, just two years later, he proved it, leading his Panzers with distinction in the Polish, French and Russian campaigns. Panzer warfare had come of age, exactly as he had forecast. This first English translation of Heinz Guderian's classic book - used as a textbook by Panzer officers in the war - has an introduction and extensive background notes by the modern English historian Paul Harris.

A Thrilling Race Patricia Harris,2017-07-15 It's race day at Mr. Fred's racetrack. Who will win? This fast-paced story puts young readers in the driver's seat as Mary Ann and her friends zoom around the track. Basic concepts such as opposites and colors are introduced in this exciting fiction book, which accompanies the HABA game Monza. Readers will also learn about teamwork, problem solving, and the importance of being a good sport regardless of whether they win or lose. Age-appropriate text and colorful illustrations make this an enjoyable book for both emerging readers and younger listeners.
